The System of Objects is a tour de force—a theoretical letter-in-a-bottle tossed into the ocean in 1968, which brilliantly communicates to us all the live ideas of the day. Pressing Freudian and Saussurean categories into the service of a basically Marxist perspective, The System of Objects offers a cultural critique of the commodity in consumer society. Baudrillard classifies the everyday objects of the “new technical order” as functional, nonfunctional and metafunctional. He contrasts “modern” and “traditional” functional objects, subjecting home furnishing and interior design to a celebrated semiological analysis. His treatment of nonfunctional or “marginal” objects focuses on antiques and the psychology of collecting, while the metafunctional category extends to the useless, the aberrant and even the “schizofunctional.” Finally, Baudrillard deals at length with the implications of credit and advertising for the commodification of everyday life. The System of Objects is a tour de force of the materialist semiotics of the early Baudrillard, who emerges in retrospect as something of a lightning rod for all the live ideas of the day: Bataille’s political economy of “expenditure” and Mauss’s

theory of the gift; Reisman’s lonely crowd and the “technological society” of Jacques Ellul; the structuralism of Roland Barthes in The System of Fashion; Henri Lefebvre’s work on the social construction of space; and last, but not least, Guy Debord’s situationist critique of the spectacle.

Saints and Villains: A Novel Vintage
“From an award-winning journalist, a provocative, deeply reported expose of the history and present crisis of anti-Semitism in France—and its dire consequences for the rest of Europe. Hate explores the alarming history and present predicament of anti-Semitism in France. By examining the issue at local, international, and personal levels—interviewing everyday French men and women as well as powerful leaders such as National Front president Marine Le Pen—Weitzmann attempts to understand how nine Jews have been murdered by French citizens in the last eight years, and how France has become the number one country from which Western jihadists flee to join ISIS and other extremist Middle Eastern organizations. How do contemporary French Jews grapple with these troubling facts, and with the historical legacies of the French Revolution, the Holocaust, and the Gaullist “Arab-French policy”? While internationally minded consumers of the news may have some knowledge of the events Weitzmann describes—including the 2013 “Day of Anger” and the rise of France’s popular, and famously anti-Semitic, comedian Dieudonne M’bala M’bala—these controversies are largely unknown in the States, and utterly shocking in the unity Weitzmann gives them here. In his hands, these events are not just the story of French anti-Semitism, but that of the breakdown of a major Western power, of the dark side of our global age”—

“ A vital book for understanding the still-unfolding nightmare of nationalism and racism in the 21st century. ” — Francisco Cantu, author of The Line Becomes a River Stephen Miller is one of the most influential advisors in the White

House. He has crafted Donald Trump’s speeches, designed immigration policies that ban Muslims and separate families, and outlasted such Trump stalwarts as Steve Bannon and Jeff Sessions. But he’s remained an enigma. Until now. Emmy- and PEN-winning investigative journalist and author Jean Guerrero charts the thirty-four-year-old’s astonishing rise to power, drawing from more than one hundred interviews with his family, friends, adversaries and government officials. Radicalized as a teenager, Miller relished provocation at his high school in liberal Santa Monica, California. He clashed with administrators and antagonized dark-skinned classmates with invectives against bilingualism and multiculturalism. At Duke University, he cloaked racist and classist ideas in the language of patriotism and heritage to get them airtime amid controversies. On Capitol Hill, he served Tea Party congresswoman Michele Bachmann and nativist Alabama Senator Jeff Sessions. Recruited to Trump’s campaign, Miller met his idol. Having dreamed of Trump’s presidency before he even announced his decision to run, Miller became his senior policy advisor and speechwriter. Together, they stoked dystopian fears about the Democrats, “Deep State” and “American Carnage,” painting migrants and their supporters as an existential threat to America. Through backroom machinations and sheer force of will, Miller survived dozens of resignations and encouraged Trump’s harshest impulses, in conflict with the president’s own family. While Trump railed against illegal immigration, Miller crusaded against legal immigration. He targeted refugees, asylum seekers and their children, engineering an ethical crisis for a nation that once saw itself as the conscience of the world. Miller rallied support for this agenda, even as federal judges tried to stop it, by courting the white rage that found violent expression in tragedies from El Paso to Charlottesville. Hatemonger unveils the man driving some of the most divisive confrontations over what it means to be American — — and what America will become.

Originally published in 1920, The Storm of Steel is a first-hand account of World War I trench combat lifted from the diaries of Ernst Jünger, a German infantryman who would become one of Europe’s most talented writers. The book was first translated into English in 1929 by Basil Creighton, the acclaimed translator of many other classic works of German literature, and was widely hailed as a masterpiece. The Storm of Steel

remains the definitive account of World War I, following Jünger through several major engagements as he develops from an eager young soldier into a battle-hardened officer. Subsequent revisions by the author removed many of the original editions' vivid descriptions of battle, along with his reflections on leadership, patriotism, and the nature of heroism, while later translations failed to compare to the original's compelling and readable prose. The original translation eventually fell out-of-print, and is now being made available for the first time in decades to allow a new generation of readers to experience the classic that introduced millions to one of Europe's greatest voices.

A roman à clef about racism, identity, and bohemian living amidst the tensions and violence of Algerian War-era France, and one of the earliest published accounts of the Paris massacre of 1961. As a teenager, Simeon Brown lost an eye in a racist attack, and this young African American journalist has lived in his native Philadelphia in a state of agonizing tension ever since. After a violent encounter with white sailors, Simeon makes up his mind to move to Paris, known as a safe haven for black artists and intellectuals, and before long he is under the spell of the City of Light, where he can do as he likes and go where he pleases without fear. Through Babe, another black American émigré, he makes new friends, and soon he has fallen in love with a Polish actress who is a concentration camp survivor. At the same time, however, Simeon begins to suspect that Paris is hardly the racial wonderland he imagined: The French government is struggling to suppress the revolution in Algeria, and Algerians are regularly stopped and searched, beaten, and arrested by the French police, while much worse is to come, it will turn out, in response to the protest march of October 1961. Through his friendship with Hossein, an Algerian radical, Simeon realizes that he can no longer remain a passive spectator to French injustice. He must decide where his true loyalties lie.

Making My Pitch tells the story of Ila Jane Borders, who despite formidable obstacles became a Little League prodigy, MVP of her otherwise all-male middle school and high school teams, the first woman awarded a college baseball scholarship, and the first to pitch and win a complete men's collegiate game. After Mike Veeck signed Borders in May 1997 to pitch for his St. Paul Saints of the

independent Northern League, she accomplished what no woman had done since the Negro Leagues era: play men's professional baseball. Borders played four professional seasons and in 1998 became the first woman in the modern era to win a professional ball game. Borders had to find ways to fit in with her teammates, reassure their wives and girlfriends, work with the media, and fend off groupies. But these weren't the toughest challenges. She had a troubled family life, a difficult adolescence as she struggled with her sexual orientation, and an emotionally fraught college experience as a closeted gay athlete at a Christian university. Making My Pitch shows what it's like to be the only woman on the team bus, in the clubhouse, and on the field. Raw, open, and funny at times, her story encompasses the loneliness of a groundbreaking pioneer who experienced grave personal loss. Borders ultimately relates how she achieved self-acceptance and created a life as a firefighter and paramedic and as a coach and goodwill ambassador for the game of baseball.

City of Saints & Thieves Houghton Mifflin

An astonishing historical novel in the tradition of Schindler's List--evoking powerfully the danger and heroism of the Nazi resistance. What is the price of acting morally in a time of great evil, when sin and necessity seem twinned? Saints and Villains is a strikingly resonant novel that dramatizes this painful dilemma through the fictional re-creation of the life of Dietrich Bonhoeffer. This emblematic figure risked his life--and finally lost it--through his participation in the failed plot to assassinate Hitler and topple the Nazi regime. In a gripping and sweeping narrative that moves from Berlin to London to New York City, encompassing shattering historical events, clandestine meetings, perilous missions abroad, and eventual imprisonments and death, Denise Giardina brings to life an instance of shining courage in the charnel house that was Europe in the Second World War. A novel that is bold in conception and utterly convincing in its powers of fictional re-creation--a literary event.

Few writers evoke the complexities of the heart and the gritty fascination of the American South as vividly as Donna Everhart, whose lyrical new novel, set against the background of the Great Depression, is a powerful story of courage, survival, and friendship . . . In the dense pine forests of North Carolina, turpentiners labor, hacking into tree trunks to draw out the sticky sap that gives the Tar Heel State its nickname, and hauling the resin to stills to be refined. Among them is Rae Lynn Cobb and her husband, Warren, who run a small turpentine farm together. Though the work is hard and often dangerous, Rae Lynn, who spent her childhood in an orphanage, is thankful for it—and for her kind if careless husband. When Warren falls victim to his own negligence, Rae Lynn undertakes a desperate act of mercy. To keep herself from jail, she disguises herself as a man named “ Ray ” and heads to the only place she can think of that might offer anonymity—a turpentine camp in Georgia named Swallow Hill. Swallow Hill is no easy haven. The camp is isolated and squalid, and commissary owner Otis Riddle takes out his frustrations on his browbeaten wife, Cornelia. Although Rae Lynn works tirelessly, she becomes a target for Crow, the ever-watchful woods rider who checks each laborer ' s tally. Delwood Reese, who ' s come to Swallow Hill hoping for his own redemption, offers “ Ray ” a small measure of protection, and is determined to improve their conditions. As Rae Lynn forges a deeper friendship with both Del and Cornelia, she begins to envision a path out of the camp. But she will have to come to terms with her past, with all its pain and beauty, before she can open herself to a new life and seize the chance to begin again.
