For years, Rex Mirza has been controlling every aspect of his twin brother's life. Using the fact that Tavi is a magicless witch - a mere human - in a family of powerful witches, he has justified every harsh treatment. All of it is only for Tavi's own good, of course. How could a human possibly know what was best for him? When Tavi gets the chance to turn the tables on his brother, will he take it? Or will he take the punishment Rex says is due for trying to run away? *This is a dark taboo tale that contains several kinks that may offend or trigger some readers, including (but not limited to) age play, ABDL, and humiliation. Not every dynamic or element is 100% consensual. Now includes bonus material. (The final chapter has been provided from the POV of both main characters.) Asymmetry, Spoiled* & Anticipation*, the Need Trilogy, the Tamed & Trained Trilogy**, the Fate of the Fallen series, and Gifts can all be read separately from each other. Though they are all set in the same universe and there is occasional crossover, the timeline is ambiguous and there are minimal spoilers across the books.

"Wildly, bizarrely, brain-punchingly inventive!" - Derek Landy, bestselling author of Skulduggery Pleasant. DISCOVER THE DEMON DIARIES, WHICH HAS SPELLBOUND 2.5 MILLION READERS. WHAT READERS ARE SAYING "I love how Claire Chilton keeps your pulse racing until the end of the book. The addictive writing plus amusing characters and supernatural stories in these books create an unforgettable read."

"If you are looking for an action-packed and funny gothic fiction series with a strong female lead to completely immerse yourself in, then this might be the book series for you." "The descriptions in this hilarious occult series are rich with meaning, and the parody of preternatural characters are brilliantly human."

"I love Dora! Her sarcasm manages to amuse me whether she's being tortured in the academy for demons in Hell or just arguing with the Fallen One in Heaven. Great world building, and the best and most sarcastic characters." "Claire Chilton not only conjures a YA fantasy world brimming with magical creatures like vampires, werewolves, zombies, angels, demons, succubus, dragons, elves, fae, fairies, ghosts, gods, shapeshifters and a whole range of mythical monsters, she also creates a few of her own. Were-squirrels, anyone?" "If you're looking for a dark teen comedy that is the goth lovechild of Deadpool and Buffy, then look no further. The novels in this series are fast-paced, dogma-driven, satires that focus on an outcast teenage girl who uses witty banter and a spellbook to become a witch and travel to Hell and back. With light humour and a lot of lols along the way, this Sabrina-like heroine explores the horror of death and darkness in even the most heavenly places."

"An entertaining, humorous and romantic paranormal novel that kept me up past midnight because I couldn't put it down."

"When the demon lord you're dating takes you home to meet his undead family, and then you're forced to attend school in Hell, you know the romance is going to get a bit weird. This was a fun unearthly romp that will make you laugh out loud. The first story is a bit short, but it's also free. The stories aren't overly romantic, so they're great for older teenage boys and girls." "Deliciously thrilling and wickedly silly from the grave and back! If you're tired of depressed heroines, then enjoy this feisty female protagonist as she travels on the road to Hell with nothing but her spells, soul chips and wits to keep her alive."

"A must-read series of sorcery, comedy, witches and demons. I can't wait for more new releases in this series." BOOKS IN THIS SERIES A Hint of

There's no escaping the man at the heart of his memories.

Three years ago, David and his college roommate, Ethan, were on the brink of unimaginable success, ready to revolutionize an industry and reap billions. Then David accidentally revealed the attraction he'd never wanted to feel, and certainly never meant Ethan to see. Mortified, he ran from everything that mattered—the fledgling company he'd helped to build, the bright future he'd worked to secure, and the man he couldn't let himself want. Now he's built a new life for himself. So what if it's not the one he hoped for? He's learned to look only forward, and not to envy the success Ethan achieved without him. He's even learned to cope with the nightmares. The panic attacks. The failed relationships with women. When an opportunity arises to enjoy a once-in-a-lifetime getaway to a private island resort, David never suspects a trap is about to be sprung. One where he'll be forced to face the truths from which he's been hiding—and the man from whom he's never stopped running. Warning: This book contains erotic waffles, sexual math, blatant ABBA worship, kidnapping, nude napping, dog-napping, journal hijacking, betrayal, redemption, and red-hot man love so poignant and passionate, you won't know whether to say "awwwwwww" or "ooooohhh!"

AZULA Being loved by a man was one of the best feelings in the world. But being loved by five at once was even better, no matter how fucked up that love was. Growing up in a trailer park always made me feel different, and the stares and laughs from people who thought my family and home were strange never bothered me. I was happy, but even the happiest people took things too far sometimes, ignoring their limits and not seeing all the red flags lighting up around them. My own happiness slowly broke me as I let those five men show me how much they adored me. I let them destroy me in the best way possible, and ruin me internally simultaneously. When I reached my lowest point and exhaustion took over my body, I didn't think there'd be a way back to the girl I was before. Never had I thought the five men who ruined me would end up being the ones saving me.
