*Sessional Papers* World Scientific Publishing Company  
From the award-winning, best-selling author of *Snow Falling on Cedars*—a moving father-son story that is also a taut courtroom drama and a bold examination of privilege, power, and how to live a meaningful life. A girl dies one late, rainy night a few feet from the back door of her home. The girl, Abeba, was born in Ethiopia. Her adoptive parents, Delvin and Betsy Harvey—conservative, white fundamentalist Christians—are charged with her murder. Royal, a Seattle criminal attorney in the last days of his long career, takes Betsy Harvey's case. An octogenarian without a driver's license, he leans on his son—the novel's narrator—as he prepares for trial. So begins *The Final Case*, a bracing, astute, and deeply affecting examination of justice and injustice—and familial love. David Guterson's first courtroom drama since *Snow Falling on Cedars*, it is his most compelling and heartfelt novel to date.

*The Dawn of Everything* Createspace Independent Pub  
NATIONAL BESTSELLER • A stunning “portrait of the enduring grace of friendship” (NPR) about the families we are born into, and those that we make for ourselves. A masterful depiction of love in the twenty-first century. A NATIONAL BOOK AWARD FINALIST • A MAN BOOKER PRIZE FINALIST • WINNER OF THE KIRKUS PRIZE  
*A Little Life* follows four college classmates—broke, adrift, and buoyed only by their friendship and ambition—as they move to New York in search of fame and fortune. While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara's stunning novel is about the families we are born into, and those that we make for ourselves. Look for Hanya Yanagihara's new novel, *To Paradise*, coming in January 2022.

*A Little Life Crown*  
A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime

number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

*The Daily Show (The Book) One World*  
*The Doomsday Clock* gauges the threat of nuclear war. Currently, the clock is set at six minutes before midnight. What happens after the hands reach midnight? Survivalist Leeland Dawcett finds out when he and his family are plunged into the nightmare of their country returned to a third-world state. No phones. No computers. No television. At first, Leeland thinks basic survival is the answer. Until he crosses the path of the wrong guy... Someone who wants to do more than just survive...

INSTANT NEW YORK TIMES BESTSELLER A NEW YORK TIMES NOTABLE BOOK OF 2018 ONE OF THE ECONOMIST'S BOOKS OF THE YEAR "My new favorite book of all time." --Bill Gates If you think the world is coming to an end, think again: people are living longer, healthier, freer, and happier lives, and while our problems are formidable, the solutions lie in the Enlightenment ideal of using reason and science. By the author of the new book, *Rationality*. Is the world really falling apart? Is the ideal of progress obsolete? In this elegant assessment of the human condition in the third millennium, cognitive scientist and public intellectual Steven Pinker urges us to step back from the gory headlines and prophecies of doom, which play to our psychological biases. Instead, follow the data: In seventy-five jaw-dropping graphs, Pinker shows that life, health, prosperity, safety, peace, knowledge, and happiness are on the rise, not just in the West, but worldwide. This progress is not the result of some cosmic force. It is a gift of the Enlightenment: the conviction that reason

and science can enhance human flourishing. Far from being a naïve hope, the Enlightenment, we now know, has worked. But more than ever, it needs a vigorous defense. The Enlightenment project swims against currents of human nature--tribalism, authoritarianism, demonization, magical thinking--which demagogues are all too willing to exploit. Many commentators, committed to political, religious, or romantic ideologies, fight a rearguard action against it. The result is a corrosive fatalism and a willingness to wreck the precious institutions of liberal democracy and global cooperation. With intellectual depth and literary flair, *Enlightenment Now* makes the case for reason, science, and humanism: the ideals we need to confront our problems and continue our progress.

**New English Canaan of Thomas Morton** Basic Books  
 #1 NEW YORK TIMES BESTSELLER • A dramatic expansion of a groundbreaking work of journalism, *The 1619 Project: A New Origin Story* offers a profoundly revealing vision of the American past and present. ONE OF THE BEST BOOKS OF THE YEAR: *The Washington Post*, *NPR*, *Esquire*, *Marie Claire*, *Electric Lit*, *Ms. magazine*, *Kirkus Reviews*, *Booklist* In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The *New York Times Magazine*'s award-winning "1619 Project" issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This new book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This is a book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. Learn the how and why behind historic home design and construction from historic preservation expert Scott Sidler.

*The Case for Prohibition* PublicAffairs  
*Sources of the African Past* combines a case-study approach with an emphasis on primary and orally transmitted sources to accomplish three objectives; to tell a story in some depth, to portray major themes and to raise basic questions of analysis and interpretation. The case studies are set in the nineteenth century and deal with critical periods in the fortunes of five societies in different parts of the continent (South, East, and West Africa). The authors wish students to work with the "raw" materials of history and to that end have provided a workbook for a "laboratory" experience. *Sources of the African Past* is designed for use in a wide variety of courses and in conjunction with other texts. The authors have kept their own interpretations to a minimum and invited scrutiny of their decision of selection and arrangement. They chose the cases on the basis of several criteria: geographical coverage, abundance and diversity of primary sources, importance in the secondary literature, and relevance to important historical problems. All the studies emphasize political change. All witness some growth in European intervention. In selecting the documents, the authors sought a balance of perspective without sacrificing accuracy and relevance. This means a conscious effort to present a variety of views: African and European, internal and external, participant and observer, those of the victims as well as those of the victors, those of the "people" as well as those of the elite. Within the limitations of space, they have made the excerpts sufficiently long to allow the reader to examine the author's style, purpose and other characteristics. Keeping in mind the limitations of libraries, they have attempted to make each chapter self-contained.

*Ground Zero* Diamond Pocket Books Pvt Ltd  
 Excerpt from *The Case for Prohibition: Its Past, Present Accomplishments, and Future in America* In the general discussion of the question to day scant attention is paid to the possible result of the substitution of some other. Form of alcoholic trade for distribution other than through the saloon. The book tries to show the enormous and evil consequences of the restoration of the trade in alcoholic beverages no matter what the method of distribution. We ask a careful reading of this book, be lieving that it Will lead you to a patient

tolerance of the present shortcomings in the enforcement of a policy which is really under going a process of evolutionary development. We look forward confidently to that day when alcohol will be a negligible factor in American life and when its absence will be indicated by a greatly enlarged horizon of happiness. A New York Times Bestseller A Wall Street Journal Bestseller A New York Times Notable Book of 2020 A New York Times Book Review Editors' Choice Shortlisted for the Financial Times and McKinsey Business Book of the Year A New Statesman Book to Read From economist Anne Case and Nobel Prize winner Angus Deaton, a groundbreaking account of how the flaws in capitalism are fatal for America's working class Deaths of despair from suicide, drug overdose, and alcoholism are rising dramatically in the United States, claiming hundreds of thousands of American lives. Anne Case and Angus Deaton explain the overwhelming surge in these deaths and shed light on the social and economic forces that are making life harder for the working class. As the college educated become healthier and wealthier, adults without a degree are literally dying from pain and despair. Case and Deaton tie the crisis to the weakening position of labor, the growing power of corporations, and a rapacious health-care sector that redistributes working-class wages into the pockets of the wealthy. This critically important book paints a troubling portrait

of the American dream in decline, and provides solutions that can rein in capitalism's excesses and make it work for everyone.

*Sources of the African Past* Chandos Publishing  
The era of the printed book is at a crossroad. E-readers are flooding the market, books are available to read on cell phones, and companies such as Google, Amazon, and Apple are competing to command near monopolistic positions as sellers and dispensers of digital information. Already, more books have been scanned and digitized than were housed in the great library in Alexandria. Is the printed book resilient enough to survive the digital revolution, or will it become obsolete? In this lasting collection of essays, Robert Darnton—an intellectual pioneer in the field of this history of the book—lends unique authority to the life, role, and legacy of the book in society.

#### **Libraries, Digital Information, and COVID** Grand Central Publishing

Hello. My name is Josh, and I'm a dentist. If you are like me, that simple introduction typically sets off one of several severe reactions. The uncomfortable shuffle as the person you just met tries to get away from you. Or maybe it goes the opposite direction and an emergency exam about tooth whitening ensues. Like you, I decided to pursue this career years ago because I wanted to help people. Like you, I go to the office every day and do many things that are hard to reconcile as actually "helping people." I wrote this book because you and I probably share one distinct fear. You know the one. The one where you sink years of your life, thousands upon thousands of dollars, and many sleepless nights into a profession. The fear that, despite all that effort, you end up a nameless face working for a big box organization that doesn't care about you, your co-workers, or the people you are serving. Dr. Fries-With-That is a book about getting past that fear and finding a new way forward.

Vols. 11-23, 25, 27 include the separately paged supplement: The acts of the governor-general of India in council.

The Case for a Carbon Tax The Case for Books  
NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including

Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

#### **Bad Karma** Anchor

The aim of this book is to provide the reader with an overview of New Zealand's international relations. It is a country that has often shown an international presence that is out of proportion to the modest spectrum of national economic, military and diplomatic capabilities at its disposal. In this volume, the editors have called upon a range of specialists representing a range of views drawn from the worlds of academia, policy-making, and civil society. It is an attempt to present a rounded picture of New Zealand's place in the world, one that does not rely exclusively on any particular perspective. The book does not claim to be exhaustive. But it does seek to present a more wide-ranging treatment of New Zealand's foreign relations than has generally been the case in the past.

**The Gospel Messenger, #1** Odette C. Bell  
Instant New York Times Bestseller "This book will change your sense of how grand the sweep of human history could be, where you fit into it, and how much you could do to change it for the better. It's as simple, and as ambitious, as that." —Ezra Klein  
An Oxford philosopher makes the case for "longtermism" — that positively influencing the long-term future is a key moral priority of our time. The fate of the world is in our hands. Humanity's written history spans only five thousand years. Our yet-unwritten future could last for millions more — or it could end tomorrow. Astonishing numbers of people could lead lives of great happiness or unimaginable suffering, or never live at all, depending on what we choose to do today. In *What We Owe The Future*, philosopher William MacAskill argues for longtermism, that idea that positively

influencing the distant future is a key moral priority of our time. From this perspective, it's not enough to reverse climate change or avert the next pandemic. We must ensure that civilization would rebound if it collapsed; counter the end of moral progress; and prepare for a planet where the smartest beings are digital, not human. If we make wise choices today, our grandchildren's grandchildren will thrive, knowing we did everything we could to give them a world full of justice, hope and beauty.

#### The Case for Books Forgotten Books

The instant #1 New York Times bestselling mystery and Reese Witherspoon Book Club pick that's captivated more than two million readers about a woman searching for the truth about her husband's disappearance...at any cost. "A fast-moving, heartfelt thriller about the sacrifices we make for the people we love most." —Real Simple  
Before Owen Michaels disappears, he smuggles a note to his beloved wife of one year: Protect her. Despite her confusion and fear, Hannah Hall knows exactly to whom the note refers—Owen's sixteen-year-old daughter, Bailey. Bailey, who lost her mother tragically as a child. Bailey, who wants absolutely nothing to do with her new stepmother. As Hannah's increasingly desperate calls to Owen go unanswered, as the FBI arrests Owen's boss, as a US marshal and federal agents arrive at her Sausalito home unannounced, Hannah quickly realizes her husband isn't who he said he was. And that Bailey just may hold the key to figuring out Owen's true identity—and why he really disappeared. Hannah and Bailey set out to discover the truth. But as they start putting together the pieces of Owen's past, they soon realize they're also building a new future—one neither of them could have anticipated. With its breakneck pacing, dizzying plot twists, and evocative family drama, *The Last Thing He Told Me* is a riveting mystery, certain to shock you with its final, heartbreaking turn.

#### Caste (Oprah's Book Club) Random House

There's a simple, straightforward way to cut carbon emissions and prevent the most disastrous effects of climate change—and we're rejecting it because of irrational political fears. That's the central argument of *The Case for a Carbon Tax*, a clear-eyed, sophisticated analysis of climate change policy. Shi-Ling Hsu examines the four major approaches to curbing CO2: cap-and-trade; command and control regulation; government subsidies of alternative energy; and carbon taxes. Weighing the economic, social, administrative, and political merits of each, he demonstrates why a tax is currently the most effective policy. Hsu does not claim that a tax is the perfect or only solution—but that unlike the alternatives, it can be implemented immediately and paired effectively with other approaches. In fact, the only real barrier is psychological. While politicians can present subsidies and

---

cap-and-trade as "win-win" solutions, the costs of a tax are immediately apparent. Hsu deftly explores the social and political factors that prevent us from embracing this commonsense approach. And he shows why we must get past our hang-ups if we are to avert a global crisis.
