## Books

**NEW YORK TIMES BESTSELLER** • Filled with heartbreak and betrayal, triumph and fulfillment, *The Right Time* is an intimate, richly rewarding novel about pursuing one's passion and succeeding beyond one's wildest dreams. Abandoned by her mother at age seven, Alexandra Winslow takes solace in the mysteries she reads with her devoted father—and soon she is writing them herself, slowly graduating to dark, complex crime stories that reflect skill, imagination, and talent far beyond her years. After her father's untimely death, at fourteen Alex is taken

---

in by the nuns of a local convent, where she finds twenty-six mothers to take the place of the one she lost, and the time and encouragement to pursue her gift. Alex writes in every spare moment, gripped by the plots and themes and characters that fill her mind. Midway through college, she has finished a novel—and manages to find a seasoned agent, then a publisher. But as she climbs the ladder of publishing success, she resolutely adheres to her father's admonition: Men read crime thrillers by men only—and so Alexandra Winslow publishes under the pseudonym Alexander Green, her true identity known only to those closest to her, creating a double life that isolates her. Her secret life as the mysterious and brilliantly successful Alexander Green—and her own life as a talented young woman—expose her to the envious, the arrogant, and Hollywood players who have no idea who she

really is. Always, the right time to open up seems just out of reach, and would cost her dearly. Once her double life and fame are established, the price of the truth is always too high.

*The Last Grand Central* Publishing Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though,

has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.
