Her killing dredges up snatches of Bourne's impaired memory, in particular the murder of a young woman on Bali who entrusted him with a strangely engraved ring-an artifact of such powerful significance that people have killed to obtain it. Now he's determined to find the ring's owner and purpose. But Bourne never knows what terrible acts he'll discover he committed when he digs into the past. The trail will lead him through layers of conspiracy to a vicious Russian mercenary, Leonid Arkadin, who was also a graduate of the Central Intelligence training program Treadstone. A covert course designed to create ruthless assassins for C.I., it was shuttered by Congress for corruption. Yet before it was dismantled, it produced Bourne and Arkadin, giving them equal skills, equal force, and equal cunning. As Bourne's destiny circles closer to Arkadin's, it becomes clear that the eventual collision of these men is not of their own making. Someone else has been watching and manipulating them. Someone who wants to know, Who is the more deadly agent?

The 3rd Woman Macmillan

Gabriel and Michael Corrigan are two young men living just beneath the glittering surface of life in Los Angeles. Since childhood, the brothers have been shaped by stories that their father was a Traveler – one of an elite group of prophets able to attain pure enlightenment. The Corrigans, who may have inherited their father's gifts, have always lived "off the grid" – that is, invisible to the intricate surveillance networks that monitor people in our modern world. Thousands of miles away, Maya is attempting to lead a normal life in London. The attractive twenty-six-year-old designer wants to ignore the fact that she comes from a long lineage of Harlequins – a band of warriors pledged to protect the Travelers at all costs. When Maya is summoned to Prague by her ailing father, she learns that Gabriel and Michael have just been located in California. The brothers may represent the last surviving Travelers, and are in desperate need of protection. Maya is reluctant to be drawn into the solitary, destructive life of her ancestors, but she has been trained to fight since she was a young girl. Also searching for the brothers is Nathan Boone, a disciplined mercenary working for the Tabulas – ruthless men who are determined to inflict order on the world by invisibly controlling its population. Boone and the Tabulas fear the power of the Travelers, and for generations Tabulas have hunted them down. When Maya flies to California in search of Gabriel and Michael Corrigan, a colossal battle looms that will reveal a secret history of our time. In this stunningly suspenseful first novel, reminiscent of George Orwell and Philip Pullman, John Twelve Hawks has created a vividly imagined world that runs parallel to our own. Moving at lightning speed from the back alleys of Prague to the underworld of Los Angeles to a guarded research facility in New York, *The Traveler* goes beneath the surface to give us new insights on history and our own lives.

Waiting for Sunrise The Chosen One

Evie, Amber and Lottie: three girls facing down tough issues with the combined powers of friendship, feminism and cheesy snacks. Both hilarious and heart-rending, this is Evie's no-holds-barred story of struggling to live a "normal" teen life in the grip of OCD, from the acclaimed author of *The Manifesto on How to be Interesting*. Read the first chapter of Holly Bourne's next book, *How Hard Can Love Be?* – EXCLUSIVE to the ebook. "An involving look at feminism, friendship and the secrets we hide even from those who know us best." - The Observer "An epic and unique release this summer that I plead you all to pick up! This novel has a distinct British feel with moments mixed with laughter, tainted with tears and bound with love. Holly Bourne has created a beautiful tale." - Paper Trail YA "This is not a novel about a condition: Evie's condition is that of being a contemporary young woman, and through her guerrilla feminist group with new soulmates Lottie and Amber (who will each get a novel to themselves shortly) she learns new pathways through life that all her peers can follow." - The Observer "This is quite easily Bourne's best novel yet. Might have been a tricky subject matter, but it was funny and heartbreaking and thought-provoking." - An Awful Lot of Reading "I love the Spinsters Club, and I so want my own! What I love is how Bourne breaks down these ideas so they are so accessible! ... There are a few feminist YA stories out at the moment, but this is the first I've read that actually talks about feminism and discusses how to be a feminist, and I think it really could be a game changer! And I am so happy! I am so, so happy and excited!" - Once Upon a Bookcase "This book was kind of astounding to me... I got through *Am I Normal Yet?* in one sitting" - A Novel Youth "It's not a book that I can find fault with because it was just written so perfectly and so carefully and sensitively. I just enjoyed it so much." - Lucy the Reader Holly Bourne is becoming something of a writing sensation in the world of Young Adult fiction... Using humour, high emotion, compassion, sensitivity and some hard-hitting drama, Bourne creates a beautiful, resonant story that tackles serious issues with the lightest and sometimes darkest of touches, giving real and moving insights into what it means to be young, confused and isolated. - Lancashire Evening Post "My favourite YA book of 2015" - Words from a Reader
