"Superb...A masterpiece of thorough research, deft pacing and arresting detail...This war story — the fight to break out of a frozen hell near the Chosin Reservoir — has been told many times before. But Sides tells it exceedingly well, with fresh research, gritty scenes and cinematic sweep."—Washington Post From the New York Times bestselling author of *Ghost Soldiers* and *In the Kingdom of Ice*, a chronicle of the extraordinary feats of heroism by Marines called on to do the impossible during the greatest battle of the Korean War On October 15, 1950, General Douglas MacArthur, Supreme Commander of UN troops in Korea, convinced President Harry Truman that the Communist forces of Kim Il-sung would be utterly defeated by Thanksgiving. The Chinese, he said with near certainty, would not intervene in the war. As he was speaking, 300,000 Red Chinese soldiers began secretly crossing the Manchurian border. Led by some 20,000 men of the First Marine Division, the Americans moved deep into the snowy mountains of North Korea, toward the trap Mao had set for the vainglorious MacArthur along the frozen shores of the Chosin Reservoir. What followed was one of the

most heroic--and harrowing--operations in American military history, and one of the classic battles of all time. Faced with probable annihilation, and temperatures plunging to 20 degrees below zero, the surrounded, and hugely outnumbered, Marines fought through the enemy forces with ferocity, ingenuity, and nearly unimaginable courage as they marched their way to the sea. Hampton Sides' superb account of this epic clash relies on years of archival research, unpublished letters, declassified documents, and interviews with scores of Marines and Koreans who survived the siege. While expertly detailing the follies of the American leaders, *On Desperate Ground* is an immediate, grunt's-eye view of history, enthralling in its narrative pace and powerful in its portrayal of what ordinary men are capable of in the most extreme circumstances. Hampton Sides has been hailed by critics as one of the best nonfiction writers of his generation. As the *Miami Herald* wrote, "Sides has a novelist's eye for the propulsive elements that lend momentum and dramatic pace to the best nonfiction narratives."

Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are Breakfast at Tiffany's and Other Voices, Other Rooms (in one volume), Portraits and Observations, and The Complete Stories Truman Capote's masterpiece, In Cold Blood, created a sensation when it was first published, serially, in The New Yorker in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-

spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.
