The Cold War in the Middle East, 1950-1991

examines American and Soviet involvement in the Middle East, and how each superpower's policies and alliances contributed to its overall Cold War strategies.

Mexico's Cold War A&C Black

The Cold War heats up when trouble comes knocking on the door of ex-cop turned Private Eye Lacey Lockington.

Lacey is hot on the trail of Alexi

Fedorovich after the high-ranking general publishes a controversial expose detailing that Glasnost/Perestroika is a hoax.

Fedorovich goes into hiding in the last place he suspects someone will look for him--somewhere in Youngstown, Ohio.

For someone who's pretty much seen and done it all, Lacey's unnerved when he starts dealing with Russian spies, Federal Agents, a man who doesn't want to be found, and an increasing body count of all his leads. Will Lacey, along with former KGB agent and live-in lover Natasha, get to the bottom of it all before Fedorovich finds himself on the wrong end of a firing squad?

An Honorable Man CreateSpace

Mankind is about to rise as a boarder world in a galactic cold war between the Telshean Union and the Republic Combine. Since the nineteen forties

Combine treaties have formed shadow governments that now reverse engineer, steal and kill for technology in the race to produce the first human advanced tech patent. Fighting to fulfill their treaty with a patent they aim for the rights to form Earth's first representative government. Our emerging hero's in the contractor guild are caught in a torrent of new alliances as Daniel Young; Earth's first contractor fulfills the American treaty. The shadow governments end their secret operations while the Republic Combine and surprisingly Telshean Union reveal themselves to Earth. Political dialog takes place as the cold war heats up before Daniel secures Combine support to defend mankind from the Telshean Symbiote protocol. Fulfilling the deal with his new technology he leads combine forces in the retaking of another's home world lost to the Telshar and leaves the Symbiote's undergoing reversion to find the war surrounds Earth. Earth's emerging Terran Council is born as Union and Combine forces are destroying each other in the system. Mankind's first leader Althea Jefferson is elected from the American organization and rises to be the first Terran Chancellor. As the council starts to function

Althea must preserve the council so their treaties may preserve them from the war. As war engulfs Earth, hopes lay with a Telshean prophet and a former Telshean politician.

Truman's Spy Createspace Independent Publishing Platform

Football promoter Mickey Rossetti never knew who he was or what he really wanted. Until it was almost game over. Combining international espionage with international business and the action-packed arena of American football, Bob Robustelli's debut Cold War-era spy thriller *TeamWork* delivers a tough-skinned, highly suspenseful addition to the genre that is certain to enthrall anyone who is a fan of hard-boiled fiction, or a fan of the great American pastime of football. For hard-partying, directionless Mickey, growing up the third son of the famous Hall of Famer Benny Rossetti from the New York Giants often seemed as tough as the sport that defined his family's lives. An all-American kid on the outside, Mickey had long been on a straight shot to epic addiction that took a sharp, cocaine-fueled turn for the worse after his failed marriage. However, as he hobbles along at his family's business of promoting American football in Mexico, Europe, and the USSR, Mickey instead finds himself thrown into a game with perilously high international stakes. In *TeamWork*, fates are conjoined

through a decades-long relationship between two spooks of matched skills, and dramatically opposing loyalties. Through a slew of mishaps, Mickey finds himself on the brink of real trouble with the FBI. Enter Pete Martin, a crusty old codger of a CIA operative. When Mickey eventually lands in Moscow on business, Pete is there to keep him under tight reins. Suddenly, the top is blown off of a KGB plot to take over the USSR and likely decimate the world. With a coup to take over the Russian government, an NFL game in Moscow, missing nukes, and a renegade Russian agent, *TeamWork* reveals that, when it comes to one man, the game may just be far from over. Bringing together business, football, and spooks as the Cold War heats up, this fast-paced, edgy debut spy thriller offers play-by-play thrills, laughs, and game-changing redemption. "A non-stop thriller, a breathtaking adventure, daringly original with flawed real characters and real world danger that will draw you in and hold you until the final word. I couldn't turn the pages fast enough."—best-selling author Richard Doetsch

The Cold War in Middle East, 1950-1991
Bloomsbury Publishing

This book examines Mexico's unique foreign relations with the US and Cuba during the Cold War.

This is Just a Test Harpercollins

A comprehensive look at the hundred-year

history of the Cold War, from the rise of Lenin and communism to the foreign policy of George W. Bush. -- CNN's 24-part series, telecast in late 1998, is still alive and well on CNN Interactive. -- Who says the Cold War is over? Heard about the collision between the Chinese freighter and the U.S. Navy spy plane? New York Times political columnist Maureen Dowd said in April, "One veteran cold warrior who served under several presidents told me he was shocked that Bush II had refrozen the cold war." -- The Cold War International History Project Website at the Woodrow Wilson International Center for Scholars has up-to-date info on books published about the Cold War, as well as conferences, news, etc. The Complete Idiot's Guide "RM" to the Cold War covers: origins of the Cold War -- Karl Marx, the Treaty at Versailles, the Great Depression, the New Deal, and World War II; the China Lobby and the Marshall Plan, "American Caesar" in Korea and "Tail-Gunner Joe"; the birth of "talking head" journalism; those Happy Days 1950's; the Cuban Missile Crisis and death in Vietnam; the turbulent Sixties; Nixon visits China; Cold War America in the Seventies and Eighties -- the "Evil Empire," Grenada, Nicaragua,

and KAL Flight 007, and Post-Cold War policy, the Cold War legacy.

Cold War Triangle Xlibris Corporation
Imagine slowly opening your eyes, feeling confused, and not knowing who you are, where you are, or how you got there. As your consciousness takes over, you suddenly realize that you are in a bed, covered in bandages, and in agonizing pain. Slowly, you figure out that you are in a hospital of some sort, but you cannot remember anything else. That is what happened to Lon Lindsey after a horrific Japanese banzai attack during World War II. After sustaining near life-ending injuries and severe traumatic stress, Lon embarks on a lifelong struggle to recover his psychological equilibrium, while continuing to serve his community and country. Lon's story begins during the Great Depression on the wind-swept high Wyoming plains, outside Laramie, on a cattle ranch originally homesteaded by his grandfather. Following a childhood of heartbreak and betrayal, Lon joins the Marines in 1943 and fights in the Pacific Theater,

where he sustains injuries that require thirteen months of hospitalization. When the war ends, Lon accompanies his mother and his diplomat step-father to the Balkans and serves witness to the Communist takeover of Yugoslavia and Romania. Back in the States, Lon finds fulfillment as a civil servant in Los Alamos, New Mexico, famous for the development of the atomic bomb. As the Cold War heats up, the unique closed community evolves from a semi-military, government town to a more normal city, albeit one where the nation's most powerful atomic weapons are developed. It is there that Lon finally finds hope and healing.

The Good Shepherd Zebra Books

In the summer of 1962 with everyone nervous about a possible nuclear war, ten-nearly-eleven-year-old Rex, having just moved to Ottawa from Vancouver with his parents and five siblings, faces his own personal challenges as he discovers new friends and a new understanding of the world around him.

Honey Spy Scholastic Press

In 1956, as the Cold War heats up,

secret agent Blackford Oakes is given the assignment to kidnap two Russian missile scientists who can help the U.S. beat the Russians in the space race, but he must dodge murderous KGB agents and vengeful Hungarian freedom fighters to succeed

Stained Glass Simon and Schuster

The year is 1955. Eisenhower is President. Al Kaline and the Dodgers still own Brooklyn. And Elvis is driving a truck. Up north in Alaska, the Cold War heats up fast when secrets are stolen from a Dew Line Radar Station. What the new priest, young Father Hardy, doesn't know could kill him. A list that includes murderers, spies and survival at forty degrees below zero. He's an Episcopal priest, newly ordained and newly a widower. New to this remote Alaskan village, he's helping the villagers and hiding a broken heart. But who helps him when a body is found and a young girl threatened-when he sees things he just can't explain? Can he trust his new friends? Andy-an Athabascan Indian-dead-eye sniper in World War II Italy. And Evie. Is Hardy falling for her? Is she the murderer? In a land where any exposure is dangerous, indecent exposure kills.

Churchill's Abandoned Prisoners Indiana University Press

Between 1945 and 1991, tension between the

USA, its allies, and a group of nations led by the USSR, dominated world politics. This period was called the Cold War – a conflict that stopped short of a full-blown war. Benefiting from the recent research of newly open archives, the Encyclopedia of the Cold War discusses how this state of perpetual tensions arose, developed, and was resolved. This work examines the military, economic, diplomatic, and political evolution of the conflict as well as its impact on the different regions and cultures of the world. Using a unique geopolitical approach that will present Russian perspectives and others, the work covers all aspects of the Cold War, from communism to nuclear escalation and from UFOs to red diaper babies, highlighting its vast-ranging and lasting impact on international relations as well as on daily life. Although the work will focus on the 1945–1991 period, it will explore the roots of the conflict, starting with the formation of the Soviet state, and its legacy to the present day.

Korea/Nam DC Comics

Washington D.C., 1953. The Cold War is heating up: McCarthyism, with all its fear and demagoguery, is raging in the nation's capital, and Joseph Stalin's death has left a dangerous power vacuum in the Soviet Union. The CIA, meanwhile, is reeling from a double agent within their midst. Someone is

selling secrets to the Soviets, compromising missions around the globe. Undercover agents have been assassinated, and anti-Communist plots are being cut short in ruthlessly efficient fashion. The CIA director knows any news of the traitor, whose code name is Protocol, would be a national embarrassment and compromise the entire agency. George Mueller seems to be the perfect man to help find the mole: Yale-educated; extensive experience running missions in Eastern Europe; an operative so dedicated to his job that it left his marriage in tatters. The Director trusts him but Mueller has secrets of his own and as he digs deeper, making contact with a Soviet agent, suspicion begins to fall on him as well. Until Protocol is found, no one can be trusted and everyone is at risk . . .
