The Good Shepherd Serial Box

In 1952 as the Cold War heats up, CIA agent Blackford Oakes is selected to penetrate the Royal circle around the new British queen, find the person responsible for giving vital Western military secrets to the Soviets, and to plug the leak.

The English Heart Cambridge University Press

Mankind is about to rise as a boarder world in a galactic cold war between the Telshean Union and the Republic Combine. Since the nineteen forties Combine treaties have formed shadow governments that now reverse engineer, steal and kill for technology in the race to produce the first human advanced tech patent. Fighting to fulfill their treaty with a patent they aim for the rights to form Earth's first representative government. Our emerging hero's in the contractor guild are caught in a torrent of new alliances as Daniel Young; Earth's first contractor fulfills the American treaty. The shadow governments end their secret operations while the Republic Combine and surprisingly Telshean Union reveal themselves to Earth. Political dialog takes place as the cold war heats up before Daniel secures Combine support to defend mankind from the Telshean Symbiote protocol. Fulfilling the deal with his new technology he leads combine forces in the retaking of another's home world lost to the Telshar and leaves the Symbiote's undergoing reversion to find the war surrounds Earth. Earth's emerging Terran Council is born as Union and Combine forces are destroying each other in the system. Mankind's first leader Althea Jefferson is elected from the American organization and rises to be the first Terran Chancellor. As the council starts to function

Althea must preserve the council so to their treaties may preserve them from the war. As war engulfs Earth, hopes lay with a Telshean prophet and a former Telshean politician.

This is Just a Test CreateSpace Between 1945 and 1991, tension between the USA, its allies, and a group of nations led by the USSR, dominated world politics. This period was called the Cold War – a conflict that stopped short to a full-blown war. Benefiting from the recent research of newly open archives, the Encyclopedia of the Cold War discusses how this state of perpetual tensions arose, developed, and was resolved. This work examines the military, economic, diplomatic, and political evolution of the conflict as well as its impact on the different regions and cultures of the world. Using a unique geopolitical approach that will present Russian perspectives and others, the work covers all aspects of the Cold War, from communism to nuclear escalation and from UFOs to red diaper babies, highlighting its vast-ranging and lasting impact on international relations as well as on daily life. Although the work will focus on the 1945 – 1991 period, it will explore the roots of the conflict, starting with the formation of the Soviet state, and its legacy to the present day.

Project Alpha Milliken Publishing Company

A new Cold War heats up in the streets of Moscow in the high-octane spy thriller called RED ZONE! Mild-mannered academic Randall Crane is an expert in all things Russian, but it's still a surprise when he's recruited by the U.S. Special Forces to help get a high-value asset out of the country—who happens to be a former flame. Is Crane the right man for the job? And more importantly, does he have the expertise to get out of Russia alive when the job goes bad? Danger awaits around every corner in AWA's RED ZONE! Randall Crane, an unassuming American professor of Russian and Slavic Studies at NYU, is called in by the US government for a secret international mission back

to Russia, where his long-buried secrets come to light. When his support team of commandos is ambushed and killed, it's up to Randall to fight his way out of Russia using his "particular set of skills."

Graham Greene's *The Third Man* meets Paul Auster as the Cold War heats up amidst the ruins of occupied Berlin.

Saving the Queen DC Comics

More than 58,000 American troops and military personnel died in the humid jungles and muddy rivers of Vietnam during the 20-year conflict called the Vietnam War. Why? What were they fighting for? And how could the world's most powerful and technologically advanced military be defeated by a small, poverty-stricken country? These questions have haunted the U.S. government, the military, and the American public for nearly a half century. In *The Vietnam War*, kids ages 12 to 15 explore the global conditions and history that gave rise to the Vietnam War, the reasons why the United States became increasingly embroiled in the conflict, and the varied causes of its shocking defeat. As readers learn about how the fear of the spread of communism spurred the United States to enter a war that was erupting on the other side of the world, they find themselves immersed in the mood and mindset of the Vietnam Era. Through links to online primary sources, including speeches, letters, photos, and songs, readers become familiar with the reality of combat life for

young American soldiers, the frustration of military advisors as they failed to subdue the Viet Cong, and the empty promises made by U.S. presidents to soothe an uneasy public. The Vietnam War also pays close attention to the development of a massive antiwar movement and counterculture that divided the country into “hawks” and “doves.” In-depth essential questions help middle schoolers analyze primary sources and develop their own evidence-supported views on a range of issues. The Vietnam War also fosters critical thinking skills through projects such as creating antiwar and pro-war demonstration slogans, writing letters from the perspective of a U.S. soldier and a south Vietnamese citizen, and building arguments for and against the media’s coverage of the war. Additional learning materials include engaging illustrations, maps, a glossary, a bibliography, and resources for further independent learning. The Vietnam War is one book in a set of four that explore great events of the twentieth century. Other titles in this set include *Globalization: Why We Care About Faraway Events*; *World War II: From the Rise of the Nazi Party to the Dropping of the Atomic Bomb*; and *The Space Race: How the Cold War Put Humans on the Moon*. *Churchill's Abandoned Prisoners* Routledge

The *Curtain Rises on the Cold War* covers the period from the end of World War II to the launch of Sputnik and the increasing tensions between the U.S. and the U.S.S.R. The rebuilding of postwar Europe and the advent of the Cold War figure prominently in this volume. Also discussed are the contributions and influence of historic personalities such as Mahatma Gandhi, Nikita Khrushchev, and American presidents from Truman to Kennedy. Challenging review questions encourage meaningful reflection and historical analysis. A unit test and answer key are also included.

This is Just a Test Casemate Publishers
In 1983 seventh-grader David Da-Wei Horowitz has a lot to worry about--his bar mitzvah's coming soon, his Jewish and Chinese grandmothers argue about everything, his teammates for the upcoming trivia contest, Scott and Hector, don't like each other, he's beginning to notice girls, and Scott's persuaded him to begin digging a fallout shelter just in case the Cold War heats up.

Truman's Spy The Rosen Publishing Group, Inc

The dramatic account of 15 British soldiers abandoned in Bolshevik Russia during the Allied intervention in the Russian Civil War. In Churchill’s *Abandoned Prisoners*, Rupert Wieloch details how the Bolshevik Revolution in 1917 affected the Allied war effort. The threat drove the formation of an Allied force, including British, American, French, Czech, Italian, Greek, and Japanese

troops, stationed across Russia to support the anti-Bolsheviks (the “White Russians”). But war-weariness and equivocation led Allied powers to dispatch just enough troops to maintain a show of interest in Russia’s fate, but not enough to give the “Whites” a real chance of victory. Among these troops is Emmerson MacMillan, an American engineer, who joins the British army in 1918. He becomes one of a select group of British soldiers ordered to “remain to the last” and organize the evacuation of refugees from Omsk in November 1919. After saving thousands of lives, they depart on the last train out of the city before it is seized by the Bolsheviks. But their mad dash for freedom through freezing temperatures ends when they are captured in Krasnoyarsk. Abandoned without communications, they endure a fearful detention and become an embarrassment to Prime Minister David Lloyd George and War Secretary Winston Churchill. After a traumatic incarceration, they survive against all the odds and are eventually released. As a new Cold War heats up, it is even more important to understand the origins of the modern relationship between Russia and the West. This stirring tale of courage and adventure only lifts the lid on an episode that sowed distrust and precipitated events in World War II and today.

Pavel & I Hellgate Press
Modesto, California. April, 1952. Jim Andrews, ace fighter-pilot in World War II and Korea, visiting his friend's farm as part of his civilian job, is shocked when the sheriff tells him someone he knows has been murdered. Trouble is, he can't admit to anyone he knew the dead man without exposing his involvement. As he begins unraveling the mystery the next day, two high-heeled lightning-bolts walk into his office, complicating his life that much more. As the Cold War heats up, he learns his problems have only just begun, are far more entangled than he suspects, and that he has not left war behind him. Old attachments hinder his progress as he searches for the keys to this enigma, and others even more obscure. Death awaits a single misstep... This novel features characters from a previous work, *Parallel Lives*. While knowledge of these characters' stories would enhance the reader's enjoyment of this book, it isn't necessary. This is the first book in the series. Reviewer comments from previous works: "Characters are well-developed, to include their loved ones..." "Crane will make your blood boil..." "[Vengeance] is worth your time. I look forward to discovering more of Mike Crane's writing."

The Golem (The Witch Who Came In From The Cold Season 1 Episode 5) Xlibris Corporation
“Extraordinary.... A feast of history, an expert tour through thousands of years of war and conquest.”
—Jennifer Carson, *New York Times Book Review*
In this far-reaching foray into the millennia-long relationship between science and military power, acclaimed astrophysicist Neil deGrasse Tyson and co-author Avis Lang examine how the methods and tools of astrophysics have been enlisted in the service of war. Spanning early celestial navigation to satellite-enabled warfare, *Accessory to War* is a richly researched and provocative examination of the intersection of science, technology, industry, and power that will introduce Tyson’s millions of fans to yet another dimension of how the universe has shaped our lives and our world.

Cold War Triangle Leuven University Press

Football promoter Mickey Rossetti never knew who he was or what he really wanted. Until it was almost game over. Combining international espionage with international business and the action-packed arena of American football, Bob Robustelli's debut Cold War-era spy thriller *TeamWork* delivers a tough-skinned, highly suspenseful addition to the genre that is certain to enthrall anyone who is a fan of hard-boiled fiction, or a fan of the great American pastime of football. For hard-partying, directionless Mickey, growing up the third son of the famous Hall of Famer Benny Rossetti from the New York Giants often seemed as tough as the sport that defined his family's lives. An all-American kid on the outside, Mickey had long been on a straight shot to epic addiction that took a sharp, cocaine-fueled turn for the worse after his failed marriage. However, as he hobbles along at his family's business of promoting American football in Mexico, Europe, and the USSR, Mickey instead finds himself thrown into a game with perilously high international stakes. In *TeamWork*, fates are conjoined through a decades-long relationship between two spooks of matched skills, and dramatically opposing loyalties. Through a slew of mishaps, Mickey finds himself on the brink of real trouble with the FBI. Enter Pete Martin, a crusty old codger of a CIA operative. When Mickey eventually lands in Moscow on business, Pete is there to keep him under tight reins. Suddenly, the top is blown off of a KGB plot to take over the USSR and likely decimate the world. With a coup to take over the Russian government, an NFL game in Moscow, missing nukes, and a renegade Russian agent, *TeamWork* reveals

that, when it comes to one man, the game may just be far from over. Bringing together business, football, and spooks as the Cold War heats up, this fast-paced, edgy debut spy thriller offers play-by-play thrills, laughs, and game-changing redemption. “ A non-stop thriller, a breathtaking adventure, daringly original with flawed real characters and real world danger that will draw you in and hold you until the final word. I couldn't turn the pages fast enough. ” — best-selling author Richard Doetsch

Secret Lives Nomad Press

Berlin, 1946. During one of the coldest winters on record, Pavel Richter, a decommissioned GI, finds himself at odds with a rogue British Army colonel and a Soviet General when a friend deposits the frozen body of a dead Russian spy in his apartment. So begins the race to take possession of the spy's secret, a race which threatens Pavel's friendship with a street orphan named Anders and his budding love for Sonia, his enigmatic upstairs neighbour. As the action hurtles towards catastrophe, the hunt merges with one for the truth about the novel's protagonist: who exactly is Pavel Richter?

A World of Difference CreateSpace

Promising a new era of peace the Archons share their gift of psychic power but then governments get involved and the cold war for global psychic dominion heats up.

The Vietnam War Penguin

Peter Baron: Special Agent - the lead hero of Intrigue magazine in three adventures, from the height of the 1960s James Bond craze. The Cold War heats up as Peter Baron targets I.C.E., a rogue organization attempting to steer the world machine. I.C.E., International Combine of Entrepreneurs (commonly called International Combine for Evil), was a recent outgrowth of the Cold War. They profited monetarily from friction between East and West, recruiting agents from among the castaways of professional spies. Some were dismissed from one country or another for double-dealing, selling secrets, or for arcane diplomatic reasons. Against this international menace, Special agent Peter Baron embarks upon a trio of dangerous assignments: To retrieve 'Deep Sleep,' a biological agent; to guard agent 'Red Fox' from the Russians; and to locate a spy satellite under the shadow of Kilauea volcano.
