Imagine slowly opening your eyes, feeling confused, and not knowing who you are, where you are, or how you got there. As your consciousness takes over, you suddenly realize that you are in a bed, covered in bandages, and in agonizing pain. Slowly,

you figure out that you are in a hospital of some sort, but you cannot remember anything else. That is what happened to Lon Lindsey after a horrific Japanese banzai attack during World War II. After sustaining near life-ending injuries and severe traumatic stress, Lon embarks on a lifelong struggle to recover his psychological equilibrium, while continuing to serve his community and country. Lon's story begins during the Great Depression

on the wind-swept high Wyomingone where the nation's most plains, outside Laramie, on a powerful atomic weapons are cattle ranch originally developed. It is there that homesteaded by his Lon finally finds hope and grandfather. Following a healing. childhood of heartbreak and betrayal, Lon joins the The Cold War Oxford University Press Marines in 1943 and fights in Primary and secondary sources examine the Pacific Theater, where he key issues of the Cold War from the end of World War II to the disintegration of the Soviet Union in 1991. Although no sustains injuries that require thirteen months of hospitalization. When the war ends, Lon accompanies his mother and his diplomat step-father to the Balkans and serves witness to the Communist takeover of Yugoslavia and Romania. Back in the States, Lon finds fulfillment as a civil servant in Los Alamos, New Mexico, famous for the development of the atomic bomb. As the Cold War heats up, the unique closed community evolves from a semi-military, government town to a more normal city, albeit

Lon finally finds hope and healing.

The Cold War Oxford University Press
Primary and secondary sources examine key issues of the Cold War from the end of World War II to the disintegration of the Soviet Union in 1991. Although no war was officially declared, for over four decades, the Soviet Union and the United States waged an ideological battle that at times carried the threat of nuclear war. In this anthology those who shaped the Cold War and those reflecting on its impact debate the strategies these nations used to expand or protect their spheres of influence as the United States and the Soviet Union moved from confrontation to cooperation.

Alliance Policy in the Cold War Psychology Press
Immediately following World War II, former allies the United States and the Soviet Union began an open yet restricted rivalry that became known as the Cold War and played out around the world until the Soviet Union's collapse in 1991. Many conflicts, such as the Chinese Civil War, the Korean War, the Vietnam War, and the Arab-Israeli wars, acted as proxy wars for the U.S.-Soviet competition. Other major issues explored in this examination of the Cold War include Europe's Iron Curtain, the nuclear arms

race, decolonization in Africa, and the spread of communism into Latin America and Southeast Asia.

Dead Spies Tell No Lies Cambridge University Press

This book, first published in 1992, examines the end of the Cold War and the implications for the history and future of the world order.

Truman's Spy Oxford University Press on Demand

The feel-good victory in World War II does not solve everything. The postwar world is a confusing and messy place. American leaders focus on fixing Europe--but then Asia explodes into war between Communist armies and democratic armies! First the fighting is in the 1950s on the Korean peninsula, dangerously close to Japan. Then the fighting moves to Southeast Asia and a new generation of soldiers in the 1960s. In democracy, citizens are asked to decide big national questions. This Choice Comic asks: if you were a citizen of the United States during these Cold War fights, which way would you choose to go? There are no easy answers when you are living the history in real time.

The Cold War Psychology Press

An examination of the Cold War from the creation and structure of the postwar settlement to the eventual coming apart of the post war order in the 1980s and early 1990s. James Cronin explores the creation and structure of the postwar settlement and the eventual coming apart of the postwar

order in the 1980s and early 1990s. Cronin argues that the current state of the world must be understood against the backdrop of the postwar order that until recently governed, prevented or distorted political and economic change.

Mexico's Cold War Yale University Press

The Cold War between the United States and the Soviet Union lasted from the end of World War II until the end of the 1980s. Over the course of five decades, they never came to blows directly. Rather, these two world superpowers competed in other arenas that would touch almost every corner of the globe. Inside you will read about... What Was the Cold War? The Origins of the Cold War World War II and the Beginning of the Cold War The Cold War in the 1950s The Cold War in the 1960s The Cold War in the 1970s The Cold War in the 1980s and the End of the Cold War Both interfered in the affairs of other countries to win allies for their opposing ideologies. In the process, governments were destabilized, ideas silenced, revolutions broke out, and culture was controlled. This overview of the Cold War provides the story of how these two countries came to oppose one another, and the impact it had on them and others around the world.

The Cold War Yale University Press

Up to now the study of cold war history has

been fully engaged in stressing the international character and broad themes of the story. This volume turns such diplomatic history upside down by studying how actions of international relations affected local popular life. Each chapter has its origins in a major international issue, and then unfolds the consequences of that issue for some region or city. Thus the starting points for the various contributions are great unifying questions regarding postwar occupation, militarization, industrialization, and decolonization. But the ending points are small and dispersed, such as movies in Japan, race relations in the American South, forests in East Germany, and industry in Novosibirsk. Collectively, these stories show how the cold war affected every facet of life--East and West, urban and rural, in developed and developing nations, in the superpowers and on the periphery of the international system.

Korea/'Nam Princeton University Press

It is early 1950, the midpoint of the Twentieth Century. Joe McCarthy is cranking up his demagoguery and Joseph Stalin had intensified the cold war. In Washington, J. Edgar Hoover's FBI is fighting a turf war with the newly founded Central Intelligence Agency. Harry Truman is in the White House, trying to keep a lid on domestic and foreign politics, but the crises never stop. It should be a time of

peace and prosperity in America, but it is anything but. FBI agent Thomas Buchanan is assigned to investigate the father of a former fiancée, Ann Garrett, who dumped Buchanan while he was away to World War Two. And suddenly Buchanan finds himself on a worldwide search for both an active Soviet spy and the only woman he ever loved. In the process, he crosses paths with Hoover, Truman, Soviet moles and assassins, an opium kingpin from China, and a brigade of lowlife from the American film community. Truman's Spy is a classic cold war story of espionage and betrayal, love and regret, patriots and traitors. This is the revised and updated 2013 edition of Noel Hynd's follow-up to Flowers From Berlin. The story is big, a sprawling intricate tale of espionage, from post-war Rome and Moscow to New York, Philadelphia and Hollywood, filled with the characters, mores and attitudes of the day. And at its heart: the most crucial military secret of the decade. "Noel Hynd knows the ins and outs of Washington's agencies, public and private." - Publishers Weekly "A notch above the Ludums and Clancys of the world....." - Booklist "The novels of Noel Hynd stand out!" - Martin Levin, NY Times

US Foreign Policy After The Cold War Johns Hopkins University Press

Berlin, 1946. During one of the coldest winters on record, Pavel Richter, a decommissioned GI, finds himself at odds with a rogue British Army colonel and a Soviet General when a friend deposits the frozen body of a dead Russian spy in his apartment. So begins the race to take possession of the spy's secret, a race which threatens Pavel's friendship with a street orphan named Anders and his budding love for Sonia, his enigmatic upstairs neighbour. As the action hurtles towards catastrophe, the hunt merges with one for the truth about the novel's protagonist: who exactly is Pavel Richter?

The Cold War University Press of Kentucky

The cold war came to a grinding halt during the astounding developments of 1989-1991. The Berlin Wall fell, Eastern European countries freed themselves from Soviet domination, and the Soviet Union itself disintegrated after witnessing a failed coup presumably aimed at restoring a communist dictatorship. Suddenly the "evil empire" was no more, and U.S. foreign policy was forever changed. This volume explores the revisions to a variety of bureaucratic institutions and policy areas in the wake of these political upheavals. The Cold War Encyclopaedia Britannica Graham Greene's *The Third Man* meets

Paul Auster as the Cold War heats up amidst the ruins of occupied Berlin.

An Honorable Man Hourly History

Tells the story of 14 individuals crucial to our understanding of the period--from its beginnings on post-war Berlin to the 1962 Cuba Crisis.

Duty Bound Independently Published

In this long-awaited sequel to his acclaimed *Russia's Road to the Cold War* (1979), Vojtech Mastny offers a thorough history of the early years of the Cold War, drawing upon his extensive research in newly opened Soviet archives. Just as the earlier volume offered the definitive portrait of Joseph Stalin's foreign policy during World War II, *The Cold War and Soviet Insecurity* affords readers an equally superb account of Stalin's foreign policy during his last years. Combining important new data with the fascinating insights of one of our leading authorities on Soviet affairs, this book illuminates a crucial period in recent world history.

The Cold War Cambridge University Press

The Cold War offers a brief but detailed treatment of one of the most complex eras of the 20th Century. In this fully revised second edition, J.P.D. Dunbabin, drawing on international scholarship and using much new material from communist sources, describes a world in which covert operations could be as important as outright diplomacy, 'soft' power as influential as 'hard', and

in which competing ideologies ruled the hearts as much as the heads of the leaders in power.

Dunbabin's account is global in scope, taking into account the importance of players beyond the superpowers, and shedding light on the proxy conflicts such as those in Africa and the Middle East that, if not caused by the continuing stalemate between the great powers, were used as weapons within it.

The Cold War Routledge

Written in British English, *In The Cold War*, significant events that helped shape the Cold War are explored, including: the first H-bomb test; the Vietnam War; the Soviet invasion of Afghanistan; and the fall of the Berlin Wall.

The Cold War CreateSpace

Drawing on recently declassified documents and extensive interviews with Soviet and American policy-makers, among them several important figures speaking for public record for the first time, Ned Lebow and Janice Stein cast new light on the effect of nuclear threats in two of the tensest moments of the Cold War: the Cuban Missile Crisis of 1962 and the confrontations arising out of the Arab-Israeli war of 1973. They conclude that the strategy of deterrence prolonged rather than ended the conflict between the superpowers.

The Cold War as History ABDO

This book examines Mexico's unique foreign relations with the US and Cuba during the Cold War.

Local Consequences of the Global Cold War

A&C Black

Two veteran intelligence agents, one from the CIA and the other from the KGB, join together in an unprecedented collaboration to trace the activities of the two intelligence agencies at the start of the Cold War in postwar Berlin. UP.
