The Boy from Reactor 4 Macmillan

It is commonly stated history is written by the victor. The American Revolution is no exception. As a result

---

of the American triumph in the War for Independence, loyalists historically have been placed in a negative light. In countless works and popular culture, loyalists have been portrayed as corrupt, inept, greedy people whose blind faith to the British crown led to their downfall. However, such a blind and erroneous stereotype only undermines and trivializes the struggles of the American loyalist. Regardless of their economic or social background, native born whites, immigrants, slaves, freemen and Native Americans banded together in support of King George and the British government. This is the story of the men, women and children from New York and the Hampshire Grants who chose to remain faithful to the Crown and fought as part of McAlpin's Corps of American Volunteers.

North Carolina Wills and Inventories Copied From Original and Recorded Wills and Inventories in the Office of the Secretary of State by J. Bryan Grime Thomas & Mercer

"In Baku, Azerbaijan, CIA operations officer Daria Buckingham is arrested for a heinous crime. Her former boss, retired CIA station chief Mark Sava, is sure she's innocent and tries to help her out--landing him in the middle of the new Great Game, an espionage war over oil that has China, Iran, and the United States clawing at each other's throats. Back in Washington, DC, Colonel Henry Amato, assistant to the US national security advisor, is keeping a close watch on the situation. His stake in the Great Game is high--and personal."--P. [4] of cover.

Nat Goodwin's Book Minotaur Books

The United States Air Force is the most technologically

advanced service in the world. Stealth, precision, global range, and space systems are only a few of the hallmarks of the USAF technology. Airborne laser weapons, super-accurate sensors, and hypersonic aircraft are already in the early stages of development. Creations such as these are not the product of stagnant minds or idle hands. It was in 1944 that General of the Army Henry H. "Hap" Arnold established the Army Air Forces (AAF) Scientific Advisory Group (SAG) under the direction of Dr. Theodore von Karman. The SAG meticulously created the first science and technology forecast ever accomplished in military history. The study predicted many of the developments in aviation technology which, today, most Americans take for granted. Some of the more outstanding of these are supersonic flight, precision weaponry, accurate radar, and the development of intercontinental ballistic missiles (ICBM). In *Architects of American Air Supremacy*, Dik Daso tells the story of the founding of the scientific and technical base of today's USAF. But this work is much more than simply a history of technology. The SAG was a culminating point reached only after many years of building interpersonal relationships, developing industrial bonds, and tapping the wisdom of America's most influential scientists. In large measure this book reflects the symbiotic nature of the military and the society which it serves. This book is an introduction to the very nature of the USAF - a service founded in aviation science and technology and built by great commanders, innovators, and dedicated men and women in the service of their nation. Ronald R. Fogleman General, United States Air Force Chief of Staff *Architects of American Air Supremacy* Lulu.com

"*Life and Adventures of James Williams, a Fugitive Slave*" is a 1873 account by American slave James Williams, describing his early life, abuse, and eventual escape to

---

New York City. The first slave narrative published by the American Anti-Slavery Society, today the story is commonly remembered as fraudulent due to contemporary Southern newspaper columnists' attacks on the narrative's veracity. The book was ghostwritten by John Greenleaf Whittier, a Quaker poet and abolitionist. Contents include: "An Introductory Excerpt by W. Mckinstry", "Preface", "When and Where Born", "Why I Ran Away", "First Contact with the Underground Railroad", "In the Riot Against the Killers", "Escape from Pursuers", "Raffling for Geese, and What Came of it", "Making Coffee out of Salt Water", etc. A powerful account of life as an African-American slave that will appeal to those interested in black history and literature. Read & Co. History is proudly republishing this classic slave narrative now in a brand new edition, complete with an introductory excerpt by W. Mckinstry.

Silent Slaughter Franklin Classics Trade Press  
Exploring the Bounds of Liberty is an ideal introduction to the rich, hitherto only lightly examined literature produced in and about the British colonies between 1680 and 1770. It provides easy access to key but little-discussed political writings, illuminating important political debates in the early-modern British empire and giving crucial context for much better-known tracts of the American Revolution.

A Single Spy Sagwan Press

While working in the ancient Silk Road city of Aleppo, American Hannah Johnson and her Swedish lover,

Oskar, are drawn into the mounting turbulence of the impending Syrian civil war. After Oskar is wounded at a street protest one evening, he and Hannah cross paths with Dr. Samir Hasan, a renowned surgeon. As the protests swell into all-out war, Dr. Hasan tends not only to Oskar, but also risks his life, his practice, and his family to tend to a nephew the government has branded an insurgent. Dr. Hasan's humanitarian activities come to the attention of a vengeful, Javert-like secret police officer whose son's death on Dr. Hasan's watch triggers a series of events that will drag Hannah and Oskar deeper into the war and put Hannah and Dr. Hasan in the officer's crosshairs. Both intimate and sweeping in scope, The Doctor of Aleppo lends insight into how the most brutal, devastating war of the twenty-first century is mirrored on the personal scale, leaving scars that can never be healed.

GAME When the killer ' s first letter arrives at the station, NYPD profiler Lee Campbell suspects the writer is daring him to match wits with a dangerous—and brilliant—criminal mind. But once this "Alleyway Strangler" starts leaving specially targeted messages with each surgically carved corpse, Campbell realizes it ' s not just personal. It ' s perfectly calculated—to destroy him... Praise for the riveting thrillers of C. E. Lawrence "Criminally compelling...Lawrence nails you to your seat."—Gayle Lynds "Dark and atmospheric...unnerving."—Steven James "Startlingly suspenseful...an extraordinary page-turner."—Cody Mcfadyen "An intense psychological ride."—J. T. Ellison

World Report 2017 Harper Collins

For over 130 years, Imperial Oil dominated Canada's oil industry. Their 1947 discovery of crude oil in Leduc, Alberta transformed the industry and the country. But from 1899 onwards, two-thirds of the company was owned by an American giant, making Imperial Oil one of the largest foreign-controlled multinationals in Canada. Imperial Standard is the first full-scale history of Imperial Oil. It illuminates Imperial's longstanding connections to Standard Oil of New Jersey, also known as Exxon Mobil. Although this relationship was often beneficial to Imperial, allowing them access to technology and capital, it also came at a cost, causing Imperial to be assailed as the embodiment of foreign control of Canada's natural resources. Graham D. Taylor draws on an extensive collection of primary sources to explore the complex relationship between the two companies. This

groundbreaking history provides unprecedented insight into one of Canada's most influential oil companies as it has grown and evolved with the industry itself.

Dissent on Keynes Diamond Pocket Books Pvt Ltd  
A New York Times Best New Historical Novel of 2021  
"Potent... fast-paced..." - The New York Times Book Review "Wonderfully imagined and wonderfully written . . . Superb!" -- Lee Child Part Wolf Hall, part The Name of the Rose, a riveting new literary thriller set in Restoration London, with a cast of real historic figures, set against the actual historic events and intrigues of the returned king and his court ... The City of London, 1678. New Year ' s Day. Twelve years have passed since the Great Fire ripped through the City. Eighteen since the fall of Oliver Cromwell and the restoration of a King. London is gripped by hysteria, and rumors of Catholic plots and sinister foreign assassins abound. When the body of a young boy drained of his blood is discovered on the snowy bank of the Fleet River, Robert Hooke, the Curator of Experiments at the just-formed Royal Society for Improving Natural Knowledge, and his assistant Harry Hunt, are called in to explain such a ghastly finding—and whether it's part of a plot against the king. They soon learn it is not the first bloodless boy to have been discovered. Meanwhile, that same morning Henry Oldenburg, the Secretary of the Royal Society, blows his brains out, and a disgraced Earl is released from the Tower of London, bent on revenge against the King, Charles II. Wary of the political hornet ' s nest they are walking into – and using scientific evidence rather than

---

paranoia in their pursuit of truth – Hooke and Hunt must discover why the boy was murdered, and why his blood was taken. The Bloodless Boy is an absorbing literary thriller that introduces two new indelible heroes to historical crime fiction. It is also a powerfully atmospheric recreation of the darkest corners of Restoration London, where the Court and the underworld seem to merge, even as the light of scientific inquiry is starting to emerge ...

The Dressmaker of Khair Khana Praeger

AM. Bound manuscript, heavily edited by Bacheller, of his novel set in the days prior to and during the American Revolution. The book was first published in 1922.

In the Days of Poor Richard [Illustrated Edition] Kennedy &

Boyd

"The Quest of the Silver Fleece: A Novel" by W.E.B. Du Bois is a novel that examines American's prejudices during the 20th Century. Zora is a child of the Southern swamp and she falls in love with an educated Yankee Bles. Can these two lovers overcome poverty?

Imperial Standard London : Smith, Elder

This book is a remarkable collection of historical documents from colonial and antebellum North Carolina. The wills and inventories contained in this volume offer a vivid picture of life in early America, from the fortunes of the wealthiest planters to the meager possessions of the most humble servants. Grimes' meticulous research and attention to detail make this volume an indispensable resource for anyone interested in the social, economic, and legal history of North Carolina. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it.
