Many pastors and lay counselors have had minimal training in clinical methods of grief and trauma counseling. The Complete Guide to Crisis and Trauma Counseling is a biblical, practical guide to pastoral counseling written by one of the most respected Christian therapists of our time. Dr. H. Norman Wright brings more than forty years of clinical and classroom experience to this topic. He shares real-life dialogues from his decades in private practice to demonstrate healthy, healing counseling sessions. Readers will learn how to counsel and coach both believers and nonbelievers who are in crisis, how to walk alongside them through the hours, weeks, and months following their trauma, and how to help them find the path to complete restoration.

The Pot Book CRC Press

This book weaves all of these factors together to engage in and promote medical, biomedical and psychosocial interventions, including lifestyle changes, for healthier aging outcomes. The text begins with an introduction to age-related changes that increase in disease and disability commonly associated with old age. Written by experts in healthy aging, the text approaches the principles of disease and disability prevention via specific health issues. Each chapter highlights the challenge of not just increasing life expectancy but also decreasing disease burden and disability in old age. The text then shifts into the whole-person implications for clinicians working with older patients, including the social and cultural considerations that are necessary for improved outcomes as Baby Boomers age and healthcare systems worldwide adjust.

Healthy Aging is an important resource for those working with older patients, including geriatricians, family medicine physicians, nurses, gerontologists, students, public health administrators, and all other medical professionals.
