The Mandate of
Heaven was
originally given to
King Wen in the
11th century BC.
King Wen is
credited with
founding the Zhou
dynasty after he
received the
Mandate from Heaven
to attack and
overthrow the Shang

dynasty. King Wen is also credited with creating the ancient oracle known as the Yijing or Book of Changes. This book validates King Wen's association with the Changes. It uncovers in the Changes a record of a total solar eclipse that was witnessed at King Wen's capital of Feng by his son King Wu, shortly

after King Wen had died (before he had a chance to launch the full invasion). The sense of this eclipse as an actual event has been overlooked for three millennia. It provides an account of the events surrounding the conquest of the Shang and founding of the Zhou dynasty that has never been told. It shows how the earliest layer

of the Book of Changes (the Zhouyi) has preserved a hidden history of the Conquest.
