Implosion Tyndale House Publishers Introduces a radical new perspective on the historical foundations of monotheism, based on the enigma of the Copper Scroll of the Essenes.

- Confirms the link between ancient Judaism and the pharaoh Akhenaten.
- Decodes the system of measurements encrypted on the Copper Scroll that has confounded scholars for over 50 years, leading to the identification of fabulous lost treasures.
- Points to a radical new understanding of the origins of monotheism. The famous Dead Sea Scrolls comprise the oldest collection of Biblical documents ever discovered. Of the Dead Sea Scrolls, none has baffled experts more than the 2,000-year-old Copper Scroll, discovered in 1952 by a team of Bedouin led by

Henri de Contenson of the Ecole Biblique in East Jerusalem. Appearing to be a list of buried treasure engraved on copper pieces, the Copper Scroll is considered to be the work of a secretive Jewish sect of devout Essenes, who lived by the Dead Sea around the time of Jesus. No one has been able to explain its meaning or discover any of the 64 locations where the Biblical treasures it lists were buried. Robert Feather, combining his background as a metallurgist with his journalistic expertise, has unraveled the enigma of the Copper Scroll in a fascinating study that takes the reader on a journey from ancient Mesopotamia, through Canaan, into Egypt, and back to the shores of the Dead Sea. His exploration links the scroll to the ancient Egyptian king Akhenaten, confirming a long suspected influence of this pharaoh's religious beliefs on those of the Hebrews. The author's findings not only reveal the locations of most of the treasures listed on the Copper Scroll, but they also point to a radical new understanding of the origins of monotheism--the basis of the three great religions of Judaism, Islam, and Christianity.

Saddam Hussein dispatches his top hit men to assassinate the President of the United States. Iraqi terrorists spread carnage throughout London, Paris, and Riyadh . . . and the Butcher of Baghdad has a nuclear ace in his hand that

The Dead Sea scrolls translated

Tyndale House Publishers, Inc. The history behind the Copper Scroll and the true story of Jim Barfield's quest for its treasure. Whether the objects are of legend or history, certain ancient mysteries arrest the imaginations of every generation. These antiquities refuse to be forgotten by the human spirit—hidden sufficiently to evade discovery, but historically prominent enough to leave a smattering of clues. Many explorers have fallen prey to fortune's siren call, spending their lifetimes searching for the artifacts that promise to alter human history. The Copper Scroll Project is a relative newcomer to the modern treasure hunt. Part of the Dead Sea Scrolls collection, the Copper Scroll is unlike any of the leather and papyrus documents, though not simply for its copper plates. The relic reads like a coded map, listing dozens of hiding spots where treasures and vessels thought to be secreted from the Jewish Temple were stored for safekeeping. More than fifty years after archaeologists found this unique artifact in a cave near Qumran, four adventurers have dared to chase after the scroll's priceless relics. "A unique introduction not only to a famous biblical mystery but to the world of American Christian interest in Israel, which remains opaque or bewildering to many outsiders, and is often caricatured."—Matti Friedman, author of *The Aleppo*

Codex "Equal parts mystery, treasure hunt and erudite elucidation of biblical history."—Chanan Tigay, author of *The Last Moses* "Neese's narrative pacing and story-telling is masterful. She gets the political and religious nuances of contemporary Israel."—Elliot Jager, Jerusalem-based author and former editorial page editor at *The Jerusalem Post*

The Scroll Wm. B. Eerdmans Publishing

An examination of the early, mysterious Essene community at Qumran that links it with John the Baptist, Jesus, and the beginnings of Christianity • Offers an eyewitness account of the final burial place of John the Baptist • Makes the case that Christianity grew out of a form of monotheism first formulated by the Egyptian pharaoh Akhenaten • Includes physical and photographic evidence never before published In his earlier book *The Mystery of the Copper Scroll of Qumran*, Robert Feather analyzed the Dead Sea Scroll engraved on copper that is considered the work of the secretive, devout Jewish sect known as the Essenes, who lived at Qumran around the time of Jesus. To continue his research into the Essene community's way of life and how its beliefs may have influenced the beginnings of Christianity,

he met with Father Jozef Milik, one of the scholars who worked on deciphering the Dead Sea Scrolls in the 1950s. Feather learned that during Milik's work somewhere near the Qumran ruins, he had excavated a headless corpse that he believed to be that of John the Baptist. Feather presents persuasive, powerful evidence illustrating the strong link between the Qumran Essenes and New Testament teachings and showing that both John the Baptist and Jesus were intimately involved with this community at Qumran. He further supports the claim that early Christians continued a belief system centered on a form of monotheism first formulated by the Egyptian pharaoh Akhenaten and uniquely espoused by the Essenes at Qumran.
