Getting from Frustration to Publication Macmillan

In 1889, the editor of the San Francisco Examiner, having accepted an article from Rudyard Kipling, informed the author that he should not bother to submit any more. "This isn't a kindergarten for amateur writers," the editor wrote. "I'm sorry, Mr. Kipling, but you just don't know how to use the English language." A century later, John Grisham was turned down by sixteen agents before he found representation—and it was only after Hollywood showed an interest in *The Firm* that publishers began to take him seriously. The anxiety of rejection is an inevitable part of any writer's development. In this book, Ralph Keyes turns his attention from the difficulty of putting pen to paper—the subject of his acclaimed *The Courage to Write*—to the frustration of getting the product to the public. Inspiration isn't nearly as important to the successful writer, he argues, as tenacity, and he offers concrete ways to manage the struggle to publish. Drawing on his long experience as a writer and teacher of writing, Keyes provides new insight into the mind-set of publishers, the value of an agent, and the importance of encouragement and hope to the act of authorial creation.

But all of that is about to change when Alex makes a surprising announcement on his thirteenth birthday: that he is a blossoming young lady who wants to celebrate life as Alexis. Stunned by the revelation, Alexis's parents ask her to leave the house. Helped by her former cricket coach, Alexis soon enrolls in boarding school, where its leaders are oblivious of her insecurities, inner-struggles, and hatred of God. A brilliant student, Alexis spends her time coaching her friends, social outcasts, and even the school bully to academic success. As she matures, finds an adoptive family, and eventually becomes the mistress of music at a prestigious finishing school, Alexis is introduced to Dante, a handsome mentor who captures her heart. Ten years after she is estranged from her family, Alexis begins planning her wedding. Now only time will tell if she can forgive past hurts, overcome her anger, and embrace the happiness she knows she deserves—before she loses everything once again. In this poignant story, a teen embarks on a challenging coming-of-age journey where, as a woman, she finally discovers that no obstacle is impossible to overcome.

Dare to Lead B&H Publishing Group

#1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness.

Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Look for Brené Brown's new podcast, *Dare to Lead*, as well as her ongoing podcast *Unlocking Us!*

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential.

When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené

Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love.

Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

Euphemania traces the origins of euphemisms from a tool of the church to a form of gentility to today's instrument of commercial, political, and postmodern doublespeak. As much social commentary as a book for word lovers, Euphemania is a lively and thought-provoking look at the power of words and our power over them.

Researcher and thought leader Dr. Brené Brown offers a powerful new vision in *Daring Greatly* that encourages us to embrace vulnerability and imperfection, to live wholeheartedly and courageously. 'It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; . . . who at best knows in the end the triumph of high achievement, and who at worst, if he fails, at least fails while daring greatly' -Theodore Roosevelt Every time we are introduced to someone new, try to be creative, or start a difficult conversation, we take a risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - we strive to appear perfect. Challenging everything we think we know about vulnerability, Dr. Brené Brown dispels the widely accepted myth that it's a weakness. She argues that vulnerability is in fact a strength, and when we shut ourselves off from revealing our true selves we grow distanced from the things that bring purpose and meaning to our lives. *Daring Greatly* is the culmination of 12 years of groundbreaking social research, across the home, relationships, work, and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly. 'Brilliantly insightful. I can't stop thinking about this book' -Gretchen Rubin Brené Brown, Ph.D., LMSW is a #1 New York Times bestselling author and a research professor at the University of Houston Graduate College of Social Work. Her groundbreaking work was featured on Oprah Winfrey's Super Soul Sunday, NPR, and CNN. Her TED talk is one of the most watched TED talks of all time. Choosing Courage Backinprint.Com

Each and every one of us has come to this earthly plane with a mission, a purpose to be fulfilled. Despite the fact that, on the surface, we are not equal and have different qualities, we are united in one unique purpose that, at the end of the day, is the expansion of consciousness. Consciousness expands through love. That is why I often say that our work as human beings is to awaken love in everyone, everywhere. I now want to invite you to embark with me on a journey towards the expansion of consciousness. It is an adventure full of uncertainty and challenges that will take us from the seed to the fruit, from Earth to heaven, from forgetfulness to remembrance, from being asleep to the state of an awake consciousness. It is a journey that reveals the infinite unfoldings of love--this power that inhabits us, moves us and liberates us. It is part of our mission to reach the answer to these questions. We are constantly being encouraged to ask and find answers to questions like these and invited to perceive and understand the Mystery. Nature has sent very clear messages that the time has arrived for us to awaken from the dream of forgetfulness and wake up to reality. With so much information available on the unsustainable nature of our lifestyle, it is no longer acceptable for us to continue to act without a minimum of environmental awareness. It is now inconceivable that we are still so skeptical and closed that we cannot perceive the greater reality that transcends matter, since it is this shut-down state that prevents us from having access to the purpose of life. I, as a spiritual master but, above all, as a conscientious human being, have the obligation to tell the truth, no matter how painful it might be: we human beings are heading for a great failure.

We have been unable to find this so desired happiness until this point in our passage here on Earth. This is because we are looking in the wrong place--outside ourselves. Happiness does not lie in the future, in material goods or in the opinion other people have of us. It is here and now, inside us. We need to have the courage and humility to give up our pride and take responsibility for our mistakes. We need to cure ourselves of egoism and only self-knowledge can bring about this cure. It was precisely with the intention of offering instruments that allow and facilitate the process of self-knowledge but, above all, with the aim of giving movement to an energy that can drive a real transformation that I decided to write this book. Love is the seed, the sap and the flavor of the fruit. It is the beauty and the fragrance of the flower. The beginning, the middle and the end. Awakening love is the reason why we are here. May the message contained in this book serve as an inspiration and guide for your journey. About the Author: Sri Prem Baba was born in São Paulo, Brazil and studied psychology and yoga. He became a disciple of the master Sri Sachcha Baba Maharaj Ji, of the Indian Sachcha lineage. He splits his time between Brazil and India, where he gives lectures and offers retreats. He is also the author of *Transformando o sofrimento em alegria (From Suffering to Joy)* and *Amar e ser livre: as bases de uma nova sociedade (Love and Be Free: the basis for a new society)*. He has also written messages of wisdom which he calls the "Flower of the Day," distributed on a daily basis to thousands of people and translated into various languages.

The Courage to Write is an invaluable book and essential reading for anyone who wishes to learn how to write well. Katherine Anne Porter called courage "the first essential" for a writer. "I have to talk myself into bravery with every sentence," agreed Cynthia Ozick, "sometimes every syllable." E. B. White said he admired anyone who "has the guts to write anything at all." An author who has taught writing for more than thirty years, In *The Courage to Write*, Ralph Keyes, an author who has taught writing for more than thirty years, assures us that anxiety is felt by writers at every level, especially when they dare to do their best. He describes the sequence of "courage points" through which all writers must pass, from the challenge of identifying a worthwhile project to the mixture of pride and panic they feel when examining a newly published book or article. Keyes also offers specifics on how to root out dread of public "performance" and of the judgment of family and friends, make the best use of writers' workshops and conferences, and handle criticism of works in progress. Throughout, he includes the comments of many accomplished writers -- Pat Conroy, Amy Tan, Rita Dove, Isabel Allende, and others -- on how they transcended their own fears to produce great works.
