Unlock the more straightforward side of The Crucible with this concise and insightful summary and analysis! This engaging summary presents an analysis of The Crucible by Arthur Miller, a vivid allegory of the mass hysteria that swept through the town of Salem during the Salem Witch Trials. In spite of its historical subject matter, the play was chillingly topical at the time it was written: the 1950s were marked by McCarthyism, where accusations

of Communism were rife and many Americans (including Miller himself) were hauled before the House Un-American Activities Committee to answer for their behaviour. Arthur Miller is considered one of the most influential dramatists of the 20th century, and The Crucible was one of his best-known plays. It remains popular today, and new productions of the play are frequently performed. Find out everything you need to know about The Crucible in a fraction of the time! First published in England in 1782,

Crèvecoeur's *Letters from an American Farmer* was one of the first works to describe the character of the average American at the close of the Revolutionary War. His famous question, "What, then, is the American, this new man?", summarized the European's interest in and questioning of the new country of America at a time when centuries of tradition had just been overturned and post-colonial Americans were attempting to describe themselves in a new way. Through the character of James, the letters celebrate

the land of America, its space and fertility, and the character of Americans themselves, their work ethic and spirit of personal determination. The *Letters* also look at the darker side of American life, particularly the issue of slavery. The discussions of American identity, participation in war (or not), and the perception of immigrants and their ethnicity make this book as relevant to our understanding of ourselves today as it was in 1782.

Teacher Identity Discourses Simon and Schuster

From the New York Times bestselling author of *Reviving Ophelia*, a guide to wisdom, authenticity, and bliss for women as they age.

Women growing older contend with ageism, misogyny, and loss. Yet as Mary Pipher shows, most older women are deeply happy and filled with gratitude for the gifts of life. Their struggles help them grow into the authentic, empathetic, and wise people they have always wanted to be. In *Women Rowing North*, Pipher offers a timely examination of the cultural and developmental issues women face as they age. Drawing on her own experience as daughter, sister, mother, grandmother, caregiver, clinical psychologist, and cultural anthropologist, she explores ways women can cultivate resilient responses to the challenges they face. "If we can keep our wits about us, think clearly, and manage our emotions skillfully," Pipher writes, "we will experience a joyous time of our lives. If we have planned carefully and packed properly, if we have good maps and guides, the journey can be transcendent."
