8 Sessions on Becoming an Adaptive Leader Crown Archetype

First published in England in 1782,

Crèvecoeur's *Letters from an American Farmer*

was one of the first works to describe the character of the average American at the close of the Revolutionary War. His famous question, "What, then, is the American, this new man?", summarized the European's interest in and questioning of the new country of America at a time when centuries of tradition had just been overturned and post-colonial Americans were attempting to describe themselves in a new way. Through the character of James, the letters celebrate the land of America, its space and fertility, and the character of Americans themselves, their work ethic and spirit of personal determination. The Letters also look at the darker side of American life, particularly the issue of slavery. The discussions of American identity, participation in war (or not), and the perception of immigrants and their ethnicity make this book as relevant to our understanding of ourselves today as it was in 1782.

The Crucible Gale, Cengage Learning

A new Penguin Plays edition of the forgotten classic that launched the career of one of America’s greatest playwrights It took more than fifty years for *The Man Who Had All the Luck* to be appreciated for what it truly is: the first stirrings of a genius that would go on to blossom in such masterpieces as *Death of a Salesman* and *The Crucible*. This striking new edition finally adds Miller’s first major play to the Penguin Plays series—now in beautifully redesigned covers. Infused with the moral malaise of the Depression era, this parable-like drama centers on David Beeves, a man before whom every obstacle to personal and professional success seems to crumble with ease. But his good fortune merely serves to reveal the tragedies of those around him in greater relief, offering what David believes to be evidence of a capricious god or, worse, a godless, arbitrary universe. David’s journey toward fulfillment becomes a nightmare of existential doubts, a desperate grasp for reason in a cosmos seemingly devoid of any, and a struggle that will take him to the brink of madness.
