This first book in the Arthurian Saga series starts when Merlin is little. A few years later he comes across Galpas and the crystal cave and a legend begins to be born. I thoroughly enjoyed this book by Mary Stewart. The Crystal Cave is a sweeping saga which one can get caught up in.

The crystal cave is the first in an Arthurian retelling saga. Told from the perspective of

Merlin, it follows him from a young boy to a young man in his late teens/early twenties. Overall, I really enjoyed it! I love how she incorporated so many different elements from the original legends while still making them new.
