The Cupid Effect is my first novel and was inspired by my ability to sort other people ' s lives but not having as much clarity when it comes to my own life. There were a few (ahem!) similarities between me and the main character: I did once watch a lot of Oprah and I owned rather a lot of self-help books ... but, it ' s not an autobiography.

The Cupid Effect - Dorothy Koomson
Dorothy Koomson has a warm, friendly

and chatty style. Ceri is a very engaging
lead character and I loved her flatmates
Jake and Ed. It is a very likeable book
with an engaging main character. I'll
definitely be reading more novels by this
author in the future. ... 3.0 out of 5 stars

This is the first time I read a book

by Dorothy Koomson, and it's 2 story in 1. I have to say I enjoyed every bits of it. I think there was too much affections among the main characters in Chocolate Run then when The Cupid Effect came in, which lack of affection on the main character's love life, I got a lil disappointed.

This was Dorothy Koomson's first published book. And although the dialogue doesn't flow as nicely as her other books, the story told in The Cupid Effect is really wonderful and unique. There a large handful of intriguing characters and the main character is easy to love. And, luckily, this one won't make you cry like some of Koomson's other novels.
