Lieutenant Joe Leaphorn believes there is much more to this outrage than what appears on the surface, as he and Jim Chee set out to unravel a complex weave of greed and death that involves a historical find and a lost fortune. Coyote Waits Harper

This blood-chilling debut set in New Mexico's Navajo Nation is equal parts gripping crime thriller, supernatural horror, and poignant portrayal of coming of age on the reservation. Rita Todacheene is a forensic photographer working for the Albuquerque police force. Her excellent photography skills have cracked many cases—she is almost supernaturally good at capturing details. In fact, Rita has been hiding a secret: she sees the ghosts of crime victims who point her toward the clues that other investigators overlook. As a lone portal back to the living for traumatized spirits, Rita is terrorized by nagging ghosts who won't let her sleep and who sabotage her personal life. Her taboo and psychologically harrowing ability was what drove her away from the Navajo reservation, where she was raised by her grandmother. It has isolated her from friends and gotten her in trouble with the law. And now it might be what gets her killed. When Rita is sent to photograph the scene of a supposed suicide on a highway overpass, the furious, discombobulated ghost of the victim—who insists she was murdered—latches onto Rita, forcing her on a quest for revenge against her killers, and Rita finds herself in the crosshairs of one of Albuquerque's most dangerous cartels. Written in sparkling, gruesome prose, *Shutter* is an explosive debut from one of crime fiction's most powerful new voices.

A Thief of Time Harper Collins

Tony Hillerman's bestselling Navajo mysteries have thrilled millions of readers with their taut, intricate plotting, sensitive, subtle characterizations and lyrical evocations of landscapes and cultures. Now he departs his trademark terrain and applies his talents to a story he has wanted to tell for decades about an ordinary man thrust into total chaos. Until the telephone call came for him on April 12, 1975, the world of Moon Mathias had settled into a predictable routine. He knew who he was. He was the disappointing son of Victoria Mathias, the brother of the brilliant, recently dead Ricky Mathias and a man who could be counted on to solve small problems. But the telephone caller was an airport security officer, and the news he delivered handed Moon a problem as large as Southeast Asia. His mother, who should be in her Florida apartment, is fighting for her life in a Los Angeles hospital -- stricken while en route to the Philippines to bring home a grandchild they hadn't known existed. The papers in her purse send Moon into a world totally strange to him. They lure him down the back streets of Manila, to a rural cockfight, into the odd Filipino prison on Palawan Island and finally across the South China Sea to where Pol Pot's Khmer Rouge is turning Cambodia into killing fields and Communist rockets are beginning to fall on the outskirts of Saigon. Finding Moon is many things: a latter-day adventure epic, a deftly orchestrated romance, an arresting portrait of an exotic realm engulfed in turmoil, and a neatly turned tale of suspense. Most of all, it is a singular story of how a plain, uncertain man finds his best self.

Leaphorn & Chee University of Utah Press

A New York Times Bestseller Anne Hillerman brings together modern mystery, Navajo traditions, and the evocative landscape of the desert Southwest in this intriguing entry in the Leaphorn, Chee, and Manuelito series. When Tribal Police Officer Bernadette Manuelito arrives to speak at an outdoor character-building program for at-risk teens, she discovers chaos. Annie, a young participant on a solo experience due back hours before, has just returned and is traumatized. Gently questioning the girl, Bernie learns that Annie stumbled upon a human skeleton on her trek. While everyone is relieved that Annie is back, they're concerned about a beloved instructor who went out into the wilds of the rugged lava wilderness bordering Ramah Navajo Reservation to find the missing girl. The instructor vanished somewhere in the volcanic landscape known as El Malpais. In Navajo lore, the lava caves and tubes are believed to be the solidified blood of a terrible monster killed by superhuman twin warriors. Solving the twin mysteries will expose Bernie to the chilling face of human evil. The instructor's disappearance mirrors a long-ago search that may be connected to a case in which the legendary Joe Leaphorn played a crucial role. But before Bernie can find the truth, an unexpected blizzard, a suspicious accidental drowning, and the arrival of a new FBI agent complicate the investigation. While Bernie searches for answers in her case, her husband, Sergeant Jim Chee juggles trouble closer to home. A vengeful man he sent to prison for domestic violence is back—and involved with Bernie's sister Darleen. Their relationship creates a dilemma that puts Chee in uncomfortable emotional territory that challenges him as family man, a police officer, and as a one-time medicine man in training. Anne Hillerman takes us deep into the heart of the deserts, mountains, and forests of New Mexico and once again explores the lore and rituals of Navajo culture in this gripping entry in her atmospheric crime series.

Finding Moon Harper Collins

The author of eighteen spellbinding detective novels set on the Navajo Nation, Tony Hillerman simultaneously transformed a traditional genre and unlocked the mysteries of the Navajo culture to an audience of millions. His best-selling novels added Navajo Tribal Police detectives Joe Leaphorn and Jim Chee to the pantheon of American fictional detectives. Morris offers a balanced portrait of Hillerman's personal and professional life and provides a timely appreciation of his work. In intimate detail, Morris captures the author's early years in Depression-era Oklahoma; his near-death experience in World War II; his sixty-year marriage to Marie; his family life, including six children, five of them adopted; his work in the trenches of journalism; his affliction with PTSD and its connection to his enchantment with Navajo spirituality; and his ascension as one of America's best-known writers of mysteries. Further, Morris uncovers the almost accidental invention of Hillerman's iconic detective Joe Leaphorn and the circumstances that led to the addition of Jim Chee as his partner. Hillerman's novels were not without controversy. Morris examines the charges of cultural appropriation leveled at the author toward the end of his life. Yet, for many readers, including many Native Americans, Hillerman deserves critical acclaim for his knowledgeable and sensitive portrayal of Diné (Navajo) history, culture, and identity. At the time of Hillerman's death, more than 20 million copies of his books were in print, and his novels inspired Robert Redford to adapt several of them to film. In weaving together all the elements of Hillerman's life, Morris drew on the untapped collection of the author's papers, extensive archival research, interviews with friends, colleagues, and family, as well as travel in the Navajo Nation. Filled with never-before-told anecdotes and fresh

insights, Tony Hillerman will thrill the author's fans and awaken new interest in his life and literary legacy.
