Star King Hachette UK

Jaro Fath embarks on a dangerous and difficult quest to uncover the mystery of his origins, a secret hidden by his adoptive parents and lost with their untimely murders

The Demon Princes University-Press.org

Kirth Gersen carries in his pocket a slip of paper with a list of five names written upon it - the names of five Demon Princes. The Demon Princes are a race of beings who

disguise themselves as humans and delight in power and destruction. However, to Kirth they are merely murderers who killed his family and destroyed his home planet - and who deserve to die for those misdeeds.

Three have already fallen at Kirth's hands, but there are two more names on the list.

Sjambak Macmillan

Jack Vance is one of the most remarkable talents to ever grace the world of science fiction. His unique, stylish voice has been beloved by generations of readers. One of his enduring classics is his Mazirian the Magician (previously titled The Dying Earth), and its sequels--a fascinating, baroque tale set on a far-future Earth, under a giant red sun that is soon to go out forever. In Cugel: the Skybreak

Spatterlight , Cugel the Clever is still seeking revenge on the magician lucounu, whom he blames for his exile and all his troubles. But revenge is hard to come by, and the adventures on the way are so very diverting.... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Face Subterranean

Edwer Thissell has to conduct a murder investigation on a planet where everyone wears masks and plays complicated musical instruments to denote their social status.

Ecce and Old Earth *The Demon Princes*, Vol. 1
Collects three of the author's novels about the

Demon Princes, a destructive race of beings who disguise themselves as humans, and Kerth Gersen, who is out to avenge himself for the destruction of his world

Barbarians of the Beyond Simon and Schuster

For a thousand years, the breathtaking planet Cadwal has been preserved by the Naturalist Society of Old Earth, with human population strictly limited by a Charter of Conservancy. But undercurrents of discontent are spreading. Young Glawen Clattuc is caught up in an insidious movement to open the pristine

planet to rapacious developers. Enmeshed in a web of corruption, crime and murder, Glawen pursues a skein of clues and false leads that bring him inevitably to a deadly confrontation. Araminta Station is the first volume of the Cadwal Chronicles trilogy. - Matt Hughes Araminta Station is Book I of the Cadwal trilogy, and Volume 55 of the Spatterlight Press Signature Series. Released in the centenary of the author's birth, this handsome new collection is based upon the prestigious Vance Integral Edition. Select volumes enjoy up-to-date maps, and many are graced with freshly-written

forewords contributed by a distinguished group of authors. Each book bears a facsimile of the author's signature and a previously-unpublished photograph, chosen from family archives for the period the book was written. These unique features will be appreciated by all, from seasoned Vance collector to new reader sampling the spectrum of this author's influential work for the first time.

The Gray Prince Spatterlight
Press
Demon Princes, Russian
translation. All five books in
one volume "Revenge is not an
ignoble motive, when it works
to a productive end. Your work
will be the destruction of evil
men..." These words define
Kirth Gersen's destiny. Gersen
has but one purpose: to destroy
the five Demon Princes, most
notorious criminals in the
Reach. The Demon Princes is a
five-book series of science
fiction novels by Jack Vance,
which cumulatively relate the
story of one Kirth Gersen as he

exacts his revenge on five
notorious criminals,
collectively known as the Demon
Princes, who carried his village
off into slavery during his
childhood. Each novel deals with
his pursuit of one of the five
Princes.

Excerpt: The Lyonesse Trilogy is a group of three fantasy novels by Jack Vance, set in the European Dark Ages, in the mythical Elder Isles west of France and southwest of Britain, a generation or two before the birth of King	Arthur. An Atlantis theme haunts the story, as do numerous references to Arthurian mythology. Some place names and concepts, such as references to sandestins as magical creatures that do the actual work of carrying out a magician's spells, are shared between Lyonesse and Vance's Dying Earth series, suggesting that the two worlds may be linked. Vance makes no pretence of historical accuracy. The society depicted is in general of the later Middle Ages, with trading Cogs plying the seas, knights engaged in jousting and following the fully developed Code of Chivalry, and royal courts dancing the Pavane and Cotillon - all of which would be gross anachronisms when assumed to take
--	--

place in the 5th Century. In this Vance in fact followed the conventions of the original Arthurian tales, which depicted the society of their own time rather than that of the historical King Arthur. The three volumes were published in order of their fictional...

Dangerous Ways Spatterlight Press

A study of the work of John Holbrook Vance (the nom-de-plume on his mystery novels), who is most famous as science fiction writer Jack Vance.

The Milford Series: Popular Writers of Today, Vol. 40.

War Games Macmillan

A massive (over 230,000 words) gathering of fiction by the master of science-fantasy.

The Eyes of the Overworld Orb Books

Throughout the centuries that have passed since humans first ventured into interstellar space, they have been at war with the alien Veich.

The human race has, in consequence, been fully militarized, its educational system being a form of military training--which includes, among other disciplines, the elimination of fear from the human psyche. Attitudes to the war have, however, been colored by the gradual discovery of relics revealing that it is echoing an earlier interstellar conflict

whose antagonists have completely disappeared, victors and vanquished alike. On a neglected continent of an unimportant world, ex-sergeant Remy and other human and Veich deserters have joined forces to form a mercenary company that places its expert skills at the disposal of the dominant indigenes. This refuge from the greater war is, however, disrupted when archeologists on another world discover evidence that there might be significant relics of the earlier war buried in the inhospitable heart of the continent, where barbarian tribes are currently massing for a religious war. Remy has no alternative but to revert to working for his own race, knowing that whatever he enables them to find, or even if they find nothing at all, his own life will be in grave peril, and that nothing will ever be the same again.... Great military SF! Also published as Optiman.
