The Chemical Wedding of Christian Rosenkretz Camden House

The Chemical Wedding of Christian Rosenkretz, often looked upon as the third Rosicrucian manifesto, has an entirely different tone from the other Rosicrucian documents. Unlike the Rosicrucian manifestoes, which address the transformation of society, The Chemical Wedding is concerned with the inner transformation of the soul. It is a deeply interior work, one which asks the reader to step into its world of symbols and walk with Christian Rosenkretz along his path of transformation. Despite its importance as a key text of the Western esoteric traditions, this is the first ever contemporary English translation of The Chemical Wedding, made especially for this edition by Joscelyn Godwin. Also included in this edition is an introduction and commentary by Adam McLean, which illuminates the transformative symbolism.

Some of the short stories in the Philosophical Studies section of Honore de Balzac's The Human Comedy have hints of the mystical and supernatural. These elements are very pronounced in the spine-chilling tale "The Elixir of Life," which veers into the territory of gothic horror. In the story, a dying man confides to his son that he has found a way to cheat death and achieve immortality.

Hoffmann's stories highly influenced 19th-century literature, and he is one of the major authors of the Romantic movement. Hoffmann is one of the best-known representatives of German Romanticism, and a pioneer of the fantasy genre, with a taste for the macabre combined with realism that influenced such authors as Edgar Allan Poe, Nikolai Gogol, Charles Dickens, Charles Baudelaire, Fyodor Dostoevsky, Franz Kafka and Alfred Hitchcock. Hoffmann's work makes a considerable contribution to our understanding of the emergence of scientific knowledge in the early years of the nineteenth century and to the conflict between science and magic, centred mainly on the 'truths' available to the advocates of either practice. Hoffmann is among the greatest and most popular of the German Romantics. This selection, while stressing the variety of his work, puts in the foreground those tales in which the real and the supernatural are brought into contact and conflict. The humour of these tales is a result of the incongruity of supernatural beings at large in an ostentatiously everyday world. They include The Golden Pot, recognized as Hoffmann's masterpiece by himself and posterity; its spine-chilling companion tale, The Sandman, which Offenbach drew on for his opera Tales of Hoffmann, and which Freud examines in his essay 'The Uncanny'; two longer and more elaborate fantasies, set respectively in Germany and Italy; and the late story, My Cousin's Corner Window, which shows the powers of the imagination being applied to everyday urban life, and marks a transition in European literature generally from Romanticism to Realism. Ritchie Robertson's detailed introduction places the stories in their intellectual and historical context and explores their compelling narrative complexities.

CHAPTER I. My life, from my fourth to my sixteenth year, was spent at a lonely farm-house, on the banks of the river Saale, near the Cisterian Monastery of Kreuzberg. The house, though not large, had once been the residence of a baronial family, that was now extinct, and of whose representatives strange stories were narrated. Of course, therefore, their castle was gloomy; of course, also, said to be

haunted, and its immediate environs were in keeping with the character of the principal mansion. There was, for example, a garden in the old style, with steps and terrace walks, now ruined and neglected; thick hedges of yew and cypress, with trees cut into fantastic shapes, which the present owner had not found leisure, or perhaps had not permission, to destroy. The surrounding country, however, at some distance, was very beautiful, presenting a fine diversity of hill and dale, rock, wood, and water. The situation of the Cisterian Convent, too, is particularly admired; but in the recollections which I am thus commencing, rapid, simple narrative must be my leading object; I have no time for diffuse and verbose description. Being an only child, I was left much alone, and it is therefore not to be wondered at, that even at this early age, I should have exemplified an undue development of the faculty of imagination, and betrayed singularities of thought and conduct, with proportionate defects in the more useful qualities of prudence and judgment. It is requisite to observe, however, that I was not born in this neighbourhood, but at the convent of the Holy Lime-Tree in Prussia, of which place, even at this day, I seem to retain the most accurate reminiscence. That I should be able to describe scenes and events which happened in my earliest infancy, need not be considered inexplicable, as I have heard so much of them from the narratives of others, that an impression was of course very powerfully made on my imagination, or rather, the impressions once made, have never been suffered to decay, like cyphers carved on a tree, which some fond lover fails not at frequent intervals to revisit and to renovate.

The Zodiac Killer aside, no unsolved criminal case in American history has quite gripped investigators nationwide like the Boy in the Box Case of Philadelphia, 1957. It is a story of sadness, teeming with hope. Originally seen as a local, solvable case, it has grown to include its own Website and appearances on America's Most Wanted, 48 Hours, Cold Case, and the like. Still the case is unsolved, and as Detective Tom Augustine recently said, "The case just won't go away." On Monday, February 25, 1957, a young Caucasian boy, estimated to be between the ages of three and five, was found nude along Susquehanna Road, an illegal dumping ground for unwanted trash, located just some eight miles north of downtown Philadelphia, Pennsylvania, the City of Brotherly Love. The boy's body was partially covered with a recently cleaned, rust-colored, Indian-style blanket remnant over his loin and was placed inside a relatively pristine J.C. Penney bassinet box. Ironically, the discarded box was in better shape than the boy. What the Boy in the Box Case boils down to is quite simple. So much effort was put into the case because the victim is the epitome of innocence. As Lt. Kenneth Coluzzi, who once headed the Special Investigations Unit of the Philadelphia Police Department's Homicide Division, put it, "It's about giving the boy an identity and a name." This came to be a monumental task for all involved. So began to build this story, the story of a boy, a box, and a lot of love, on February 25, 1957.

CHAPTER I. Who is there, over the wide world, who has not, at one period or another, in a more or less degree, felt the mysterious influences of love?—Whoever thou art, then, courteous reader, who shalt, after the lapse of years, turn over these papers, recall, I beseech you, to recollection that noontide interval of dazzling brightness—contemplate once more that beautiful image, which came, like an impersonization of the abstract spirit of love, from divine regions, to meet you. At that time, it was through her,—through her alone, that thou seemed'st assured of thine own existence! Canst thou not yet remember, how the rushing streams, the waving trees, and the balmy winds of evening, spoke to thee, in articulate and intelligible accents, of her, and of the prevailing passion which possessed thy whole heart and soul?—Canst thou yet behold how the flowers unfolded their bright beaming eyes, bearing to thine from her kisses and salutation? Yet, suppose that she herself had actually come—that she vowed to be thine, and thine only—to live for thee alone—then didst thou fold her in thy embraces, and it seemed as if Heaven opened its eternal realms to receive you—as if thou could'st raise thyself with her above all the petty sorrows or enjoyments of this every-day and earthly sphere. Yet scarcely hadst thou formed such hopes ere she was lost! The bland illusion was broken. No longer could'st thou hear the music of her celestial voice; and only the sorrowful complaints of the despairing and forsaken lover sounded amid the desolate loneliness!

E.T.A. Hoffmann's 'The Devil's Elixir' is a gothic, horror-fantasy novel inspired by Matthew Gregory Lewis's novel 'The Monk'. Medardus is the son of a sinner and is raised in a monastery to atone for his father's past. When Medardus succumbs to temptation, he is dragged into a deadly mystery that sees him travel to Rome, pursued by his murderous lookalike. At the Vatican in Rome, the monk's only hope for salvation is the beautiful Aurelie but in order to finally discover the truth of the curse that haunts his family, Medardus must evade the sinister powers of the living and the dead. A must-read for fans of the TV adaptations of Umberto Eco's 'The Name of the Rose' or Rumer Godden's 'Black Narcissus'. E.T.A Hoffmann was a German author of romance, fantasy, and gothic horror, and was highly influential on the Romantic Movement. He is perhaps best known for writing the novella 'The Nutcracker and the Mouse King' which was the inspiration for Tchaikovsky's ballet 'The Nutcracker'.

This selection of Hoffmann's finest short stories vividly demonstrates his intense imagination and preoccupation with the supernatural, placing him at the forefront of both surrealism and the modern horror genre. Suspense dominates tales such as *Mademoiselle de Scudery*, in which an apprentice goldsmith and a female novelist find themselves caught up in a series of jewel thefts and murders. In the sinister *Sandman*, a young man's sanity is tormented by fears about a mysterious chemist, while in *The Choosing of a Bride* a greedy father preys on the weaknesses of his daughter's suitors. Master of the bizarre, Hoffman creates a sinister and unsettling world combining love and madness, black humour and bewildering illusion.

This early work by E. T. A. Hoffmann was originally published in 1819. Born in Königsberg, East Prussia in 1776, Hoffmann's family were all jurists, and during his youth he was initially encouraged to pursue a career in law. However, in his late teens Hoffman became increasingly interested in literature and philosophy, and spent much of his time reading German classicists and attending lectures by, amongst others, Immanuel Kant.

Hoffman went on to produce a great range of both literary and musical works. Probably Hoffman's most well-known story, produced in 1816, is 'The Nutcracker and the Mouse King', due to the fact that – some seventy-six years later - it inspired Tchaikovsky's ballet *The Nutcracker*. In the same vein, his story 'The Sandman' provided both the inspiration for Léo Delibes's ballet *Coppélia*, and the basis for a highly influential essay by Sigmund Freud, called 'The Uncanny'. (Indeed, Freud referred to Hoffman as the "unrivalled master of the uncanny in literature.") Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions.

The Deserted House author: E.T.A. Hoffmann ht; but he answered calmly, 'Yes, people say the ghosts walk about in the house.' But do not believe it, for it is not true." The hour was now come when fashion demanded that the elegant world of the city should assemble in this attractive shop. The doors opened incessantly, the place was thronged, and I could ask no further questions.

This much I knew, that Count P.'s information about the ownership and the use of the house were not correct; also that the old steward, in spite of his denial, was not living alone there, and that some mystery was hidden behind its discolored walls. How could I combine the story of the strange and grewsome singing with the appearance of the beautiful arm at the window? That arm could not be part of the wrinkled body of an old woman; the singing, according to the pastry cook's story, could not come from the throat of a blooming and youthful maiden. I decided in favor of the arm, as it was easy to explain to myself that some trick of acoustics had made the voice sound shar
