years after the release of

Nirvana's landmark album *Nevermind* comes Everybody Loves Our Town: An Oral History of Grunge, the definitive word on the grunge era, straight from the mouths of those at the center of it all. In 1986, fledgling Seattle label C/Z Records released Deep Six, a compilation featuring a half-dozen local bands: Soundgarden, Green River, Melvins, Malfunkshun, the U-Men and Skin Yard. Though it sold miserably, the record made music history by documenting a burgeoning regional sound, the raw fusion of heavy metal and punk rock that we now know as grunge. But it wasn't until five years later, with the seemingly overnight success of Nirvana's "Smells Like Teen Spirit," that grunge

became a household word and Seattle ground zero for the nineties alternative-rock explosion. Everybody Loves Our Town captures the grunge era in the words of the musicians, producers, managers, record executives, video directors, photographers, journalists, publicists, club owners, roadies, scenesters and hangers-on who lived through it. The book tells the whole story: from the founding of the Deep Six bands to the worldwide success of grunge's big four (Nirvana, Pearl Jam, Soundgarden and Alice in Chains); from the rise of Seattle's cash-poor, hype-rich indie label Sub Pop to the major-label feeding frenzy that overtook the Pacific Northwest; from the simple joys of

making noise at basement parties and tiny rock clubs to the tragic, lonely deaths of superstars Kurt Cobain and Layne Staley. Drawn from more than 250 new interviews—with members of Nirvana, Pearl Jam, Soundgarden, Alice in Chains, Screaming Trees, Hole, Melvins, Mudhoney, Green River, Mother Love Bone, Temple of the Dog, Mad Season, L7, Babes in Toyland, 7 Year Bitch, TAD, the U-Men, Candlebox and many more—and featuring previously unpublished photographs, Everybody Loves Our Town is at once a moving, funny, lurid, and hugely insightful portrait of an extraordinary musical era. “ The music was a battle cry heard around the world and throughout Heaven and Hell. It would summon Sethis and call out his dark legions to destroy all those who had light in their hearts... ” Deep beneath the Egyptian sands, an ancient, evil song written in hieroglyphics is discovered in the long lost, buried pyramid of the demonic pharaoh, Aknaseth. It is written that if this song is performed for the world to hear, it will unleash the Apocalypse upon the world of man, and Sethis—known commonly as Satan—will reign and grant immortality to the chosen. Nihilistic multi-billionaire, Festus Baustone III—with the help of the malevolent Egyptologist, Helmut

Hartkopff—will do whatever it takes to bring the song to life at any cost...even if his only daughter, Mona, is to be sacrificed. Kirk Vaisto, known as the “ God of Guitar ” by his millions of fans, soon finds himself caught between the forces of divine good and monumental evil. Oblivious to the powerful darkness lurking in his guitar strings, Kirk agrees to work for Baustone and Hartkopff to turn Aknaseth ’ s hieroglyphics into music. Kirk begins a musical journey that takes him from an unholy chapter in ancient Egyptian history to the remains of the true Holy Cross, to the concert stage and to the very edge of Hell itself. Kirk Vaisto will give the performance of a lifetime.

Pact. Death. It's something that Ada Palomino has always known so well, having grown up in a house of horrors, surrounded by a family plagued by ghosts and demons and things that go bump in the night. But after the sudden and tragic death of her mother two years ago, death has never felt so personal. Or so close. Now eighteen, Ada is trying to move on with her life and the last month of summer holds nothing but sunshine and promises with her first year at a Portland design school just around the bend. That is until her increasingly violent and realistic dreams, dreams of other worlds, of portals and veils where her mother is tortured and souls bleed for mercy, start to blend into reality. Ada has to lean on her older sister, Perry, to try and make sense of it all but even then, she's never felt more alone. Then there's Jay. Tall, handsome and deeply mysterious, Jay would be just another stranger, a familiar face on the bus, if it wasn't for the fact that Ada has met him before. Every night. In every single dream. And the more that Ada is drawn to him in both worlds, the more she's in danger of losing everything. Including her heart. And her very soul.

The increasing demand for halal products, including goods and services, every year, especially for food and beverages, has resulted in a growing need for products with halal guarantees. Along with the increasing trend of

the global demand, it has resulted in an increase in producers of halal food and beverages in both Muslim and non-Muslim countries. In addition the demand for halal tourism is also increasing. Indonesia is one of the largest Muslim countries in the world. However, there are still many Muslim consumer actors and Muslim producer actors who do not yet have an awareness of the importance of complying with the provisions of Islamic law in consuming

and producing goods and services. There are still many restaurants and hotels that serve food and drinks that are not certified halal. There are still many food, medicinal and cosmetic products that are not halal certified. But now many secular countries such as France, Canada, Australia, the United States, Britain are also halal certified with the aim of meeting the Muslim demand for halal products for food and beverage, including for halal tourism. Starting

from the development of the halal industry both in the fields of food, beverages and services, an International Seminar was held, which provides a more complete understanding of halal products, current halal developments and can serve as motivation to produce halal products, providing research results from the topic of halal development. The international seminar, entitled International Conference on Halal Development, listed

speakers from several countries able to provide an overview of the halal development of several countries. This book contains a selection of papers from the conference.

Listen to a short interview with Giles Slade
Host: Chris Gondek | Producer: Heron & Crane
If you've replaced a computer lately--or a cell phone, a camera, a television--chances are, the old one still worked. And chances are even greater that the latest model won't last as long as the one it replaced. Welcome to the world of planned

obsolescence--a business model, a way of life, and a uniquely American invention that this eye-opening book explores from its beginnings to its perilous implications for the very near future. Made to Break is a history of twentieth-century technology as seen through the prism of obsolescence. America invented everything that is now disposable, Giles Slade tells us, and he explains how disposability was in fact a necessary condition for America's rejection of tradition and our acceptance of change and impermanence. His book

shows us the ideas behind obsolescence at work in such American milestones as the inventions of branding, packaging, and advertising; the contest for market dominance between GM and Ford; the struggle for a national communications network, the development of electronic technologies--and with it the avalanche of electronic consumer waste that will overwhelm America's landfills and poison its water within the coming decade. History reserves a privileged place for those societies that built things to last--forever, if

possible. What place will it hold for a society addicted to consumption--a whole culture made to break? This book gives us a detailed and harrowing picture of how, by choosing to support ever-shorter product lives we may well be shortening the future of our way of life as well.

Once upon a time, there lived a girl named Fallon, who was taken far away from home shortly after she was born. A home that held more than strange traditions and bizarre superstitions. Twenty-four years later, she returned to Weeping Hollow, a haunting town she'd only heard about in stories during restless nights under a marble moon, to meet her last living relative. They called her a freakshow--a ghost. They said I couldn't go near

her. Still, there was this aching pull to Fallon Grimaldi that I couldn't escape. A nostalgic pull as if we'd been here before. Once upon a time, there lived a mysterious man named Julian with a curse as old as centuries wrapped around his soul. He was one of the four Hollow Heathens, the very dark creatures who caused the town's people to live in fear. And the Blackwell name was stained with darkness and death. They called him a monster. Cold and hollow.

They said I shouldn't go near him. Still, there was this aching pull to Julian Blackwell that I couldn't escape. A nostalgic pull as if we'd been here before.

much more -- an absolutely swoon-worthy love story that packs an emotional punch. Don't miss this delicious, satisfying royal romance."
