Perry Palomino is not what you would call 'ordinary'. For one thing, there's her past which she likes to pretend never happened, and then there's the fact that she sees ghosts. Luckily for her, that all comes in handy when she stumbles across Dex Foray, an eccentric producer for an upcoming web-cast on ghost hunters. Even though the show's budget is non-existent and Dex himself is a maddening enigma, Perry is instantly drawn into a world that both threatens her life and seduces her with a sense of importance. Her uncle's haunted lighthouse provides the perfect catalyst and backdrop for a horrific mystery that unravels the threads of Perry's fragile sanity and causes her to fall for a man, who, like the most dangerous of ghosts, may not be all that he seems.

As a flight attendant, Alana Bernal has had her share of suitors. She's also had more than her fair share of tragedy within her messed-up family. But what she hasn't had is love. Real, rip-your-heart-out, tear-your-clothes-off, all-consuming love. At least that was the case until she met an American tourist, Derek Conway, a ripped ex-soldier with steely eyes and a commanding presence. What started as a chance encounter between the two in Puerto

Vallarta, a weekend full of hot sex and mindless passion, has led to something more. Something deadly. Because Derek isn't the type of man to fall in love. He's not a man who sticks around. And he's definitely not in Mexico on vacation. Derek is a mercenary, a killer-for-hire, a man who does the ugly jobs for the highest bidder. Unfortunately for Alana and Derek, the highest bidder has the power to destroy whatever worlds they have created for themselves. The highest bidder can destroy everything. They called her a freakshow--a ghost. They said I couldn't go near her. Still, there was this aching pull to Fallon Grimaldi that I couldn't escape. A nostalgic pull as if we'd been here before. Once upon a time, there lived a mysterious man named Julian with a curse as old as centuries wrapped around his soul. He was one of the four Hollow Heathens, the very dark creatures who caused the town's people to live in fear. And the Blackwell name was stained with darkness and death. They called him a monster. Cold and hollow. They said I shouldn't go near him. Still, there was this aching pull to Julian Blackwell that I couldn't escape. A nostalgic pull as if we'd been here before.

To a restless dreamer like Vera Miles, it sounded like the experience of a lifetime. Instead of spending her summer interning for her astronomy major, she would fly to Spain where she'd spend a few weeks teaching conversational English to businessmen and women, all while enjoying free room and board at an isolated resort. But while Vera expected to get a tan, meet new people and stuff herself with wine and paella, she never expected to fall in love. Mateo Casalles is unlike anyone Vera has ever known, let alone anyone she's usually attracted to. While Vera is a pierced and tatted free spirit with a love for music and freedom, Mateo is a successful businessman from Madrid, all sharp suits and cocky Spanish charm. Yet, as the weeks go on, the two grow increasingly close and their relationship changes from purely platonic to something more.

Frolic Media Every family has a black sheep - even the royal ones. In the royal family of Denmark, that black sheep is me. Princess Stella, the scandalous divorcee, the only single mom in the family. Where Sea Meets Sky Graphic Arts Books

*The Devil-Tree of El Dorado* (1897) is a novel by Frank Aubrey. Set in the colony of British Guiana, the novel falls into the lost world genre of science fiction made popular by such writers as H. Rider Haggard, Jules Verne, and Edgar Rice Burroughs. What he lacks in name-recognition alongside these titans of popular fiction, Aubrey makes up for with a keen storytelling ability and a talent for merging history and geography with unsettling

visions of monsters and gods. A staunch imperialist, Aubrey ' s novel exhibits troubling depictions of the author ' s racist ideology, and remains a difficult yet essential example of the function of literature in upholding global white supremacy. " Beneath the verandah of a handsome, comfortable-looking residence near Georgetown, the principal town of British Guiana, a young man sat one morning early in the year 1890, attentively studying a volume that lay open on a small table before him. " As all adventurers know, fortune tends to favor the bold. While this maxim, of course, never ensures success, it does grant confidence to those bold enough—or crazy enough—to push themselves to extremes in search of adventure. With nothing to lose and everything to gain, a small expedition sets out through the jungle to find the lost city of El Dorado, confident their destination—the treacherous Mt. Roraima—could hide what remains of a once-vibrant civilization. Despite the odds, they make it to the top of the plateau, where they discover a terrible being. With a beautifully designed cover and professionally typeset manuscript, this edition of Frank Aubrey ' s *The Devil-Tree of El Dorado* is a classic of British science fiction reimagined for modern readers.
