She remains torn between three men: Henry Miller, whose detached self-immersion and artistic "impersonality" both attract and repel her; Gonzalo More, a sensitive and attentive but jealous lover who drives her to distraction; and Hugh Guiler, her faithful husband, who provides a calm center for Nin. In addition, a wide circle of family, friends, and admirers makes demands on Nin's time and emotional energy.

Mirages opens at the dawn of World War II, when Anaïs Nin fled Paris, where she lived for fifteen years with her husband, banker Hugh Guiler, and ends in 1947 when she meets the man who would be "the One," the lover who would satisfy her insatiable hunger for connection. In the middle looms a period Nin describes as "hell," during which she experiences a kind of erotic madness, a delirium that fuels her search for love. As a child suffering abandonment by her father, Anaïs wrote, "Close your eyes to the ugly things," and, against a horrifying backdrop of war and death, Nin combats the world's darkness with her own search for light. Mirages collects, for the first time, the story that was cut from all of Nin's other published diaries, particularly volumes 3 and 4 of The Diary of Anaïs Nin, which cover the same time period. It is the long-awaited successor to the previous unexpurgated diaries Henry and June, Incest, Fire, and Nearer the Moon. Mirages answers the questions Nin readers have been asking for decades: What led to the demise of Nin's love affair with Henry Miller? Just how troubled was her marriage to Hugh Guiler? What is the story behind Nin's "children," the effeminate young men she seemed to collect at will? Mirages is a deeply personal story of heartbreak, despair, desperation, carnage, and deep mourning, but it is also one of courage, persistence, evolution, and redemption that reaches beyond the personal to the universal.

A Photographic Supplement to The Diary of Anaïs Nin New York : Harcourt Brace Jovanovich

This "amazingly precocious" diary of girlhood in the early twentieth century is filled with a "special charm" (The Christian Science Monitor). Born in Paris, Anaïs Nin started her celebrated diary at age eleven, when she was immigrating to New York with her mother and two young brothers. The diary became her confidant, her beloved friend, in which she recorded her most intimate thoughts and kept watch on the state of her character. Offering an amusing view of Nin's early life, from age eleven to seventeen, it is also a self-portrait of an innocent girl who is transformed, through her own insights, into an enlightened young woman. "An enchanting portrait of a girl's constant search for herself . . . will delight her admirers as well as new readers." —Library Journal "One of the most extraordinary documents in the annals of literature." —Providence Sunday Journal "[The Early Diary is] not merely an overture to the great performance. It deserves our attention on its own as a revelation

of the rites of passage of a young girl in the early part of the [twentieth] century and as an expression of the collision of cultures between Europe and America.” —Los Angeles Times

The renowned diarist continues the story begun in *Henry and June* and *Incest*. Drawing from the author’s original, uncensored journals, *Fire* follows Anaïs Nin’s journey as she attempts to liberate herself sexually, artistically, and emotionally. While referring to her relationships with psychoanalyst Otto Rank and author Henry Miller, as well as a new lover, the Peruvian Gonzalo Moré, she also reveals that her most passionate and enduring affair is with writing itself.

Henry and June Mariner Books

The second volume of “one of the most remarkable diaries in the history of letters” (Los Angeles Times). Beginning with the author’s arrival in New York, this diary recounts Anaïs Nin’s work as a psychoanalyst, and is filled with the stories of her analytical patients—as well as her musings over the challenges facing the artist in the modern world. The diary of this remarkably daring and candid woman provides a deeply intimate look inside her mind, as well as a fascinating chapter in her tumultuous life in the latter years of the 1930s.

The Diary of Others Mariner Books

The acclaimed author details her bohemian life in 1930s Paris—including her famous affair with Henry Miller—in the classic first volume of her diaries. Born in France to Cuban parents, Anais Nin began keeping a diary at the age of eleven and continued the practice for the rest of her life. Confessional, scandalous, and thoroughly absorbing, her diaries became one of the most celebrated literary projects of the twentieth century. Writing candidly of her marriages and affairs—including those with psychoanalyst Otto Rank and author Henry Miller—Nin presents a passionate and detailed record of a modern woman’s journey of self-discovery. Edited and with an introduction by Gunther Stuhlmann, this celebrated first volume begins in the winter of 1931 and ends in the fall of 1934. It covers an auspicious time in Nin’s life, from when she is about to publish her first book to her decision to leave Paris for New York.

The Early Diary of Anaïs Nin, 1920–1923 Mariner Books

"Anaïs Nin, in 1955, was for all practical purposes a failed writer. She could interest no publisher in her introspective and feminine fiction, nor could she keep her past titles in print. But at the same time, she was keeping a diary begun when she was eleven years old. In *The Diary of Others*, Nin begins to realize that the diary itself was her most valuable writing, but she wonders how she could ever publish such a document, filled with love affairs and deceptions as well as incest and bigamy, without harming those she held most dear—her brother, her lover, and especially her husband of more than thirty years. When *The Diary of Others* opens, Nin has recently (and bigamously) married Rupert Pole, her young lover in California; she then struggles to keep a bicoastal double marriage alive, and she vainly seeks a publisher for her novels. She later begins a collaboration with two men who would change her fortunes—literary agent Gunther

Stuhlmann and publisher Alan Swallow. And she is aided both financially and commercially by her long-estranged lover and colleague Henry Miller, whose rise to fame after the famous obscenity trials has given him the financial freedom to offer Nin the proceeds from the publication of his letters to her during the 1930s and '40s. After much deliberation, Nin comes up with a formula that allows her to publish her long-anticipated Paris diaries in such a way that she can describe her personal growth and relationships with fascinating characters such as Miller, Otto Rank and Antonin Artaud without disclosing the intimate details of her life. *The Diary of Others* documents Anaïs Nin's ascension from obscurity and commercial failure to sudden vindication, validation and fame"--

The Diary of Anaïs Nin HMH

Anaïs Nin made her reputation through publication of her edited diaries and the carefully constructed persona they presented. It was not until decades later, when the diaries were published in their unexpurgated form, that the world began to learn the full details of Nin’s fascinating life and the emotional and literary high-wire acts she committed both in documenting it and in defying the mores of 1950s America. *Trapeze* begins where the previous volume, *Mirages*, left off: when Nin met Rupert Pole, the young man who became not only her lover but later her husband in a bigamous marriage. It marks the start of what Nin came to call her “trapeze life,” swinging between her longtime husband, Hugh Guiler, in New York and her lover, Pole, in California, a perilous lifestyle she continued until her death in 1977. Today what Nin did seems impossible, and what she sought perhaps was impossible: to find harmony and completeness within a split existence. It is a story of daring and genius, love and pain, largely unknown until now.
