Every one of us has influence, whether we realize it or not. In everything we say and do, we are influencing those around us. What if we became more aware, more intentional, and more strategic about our own influence? Well, we might just change the world. True influence, says Pat Williams, isn't about getting what you want--it's about serving others. Using personal stories from his own life and the lives of others, Williams shows readers the difference between influence and manipulation, how to influence others through both words and deeds, and ultimately how to change the world for the better, one relationship at a time. This book will inspire readers to build a positive legacy in the lives of others and take the role of influencer to heart. Each chapter includes questions and ideas for personal reflection and practical application, and can be used to guide group discussions as well. Includes a foreword by Joe Girardi, manager of the New York Yankees.

You Only Get Answers to the Questions You Ask Dr. Diane Hamilton LLC

Everyone is born curious. So, what happens? Why do some people become less curious than others? For individuals, leaders, and companies to be successful, they must determine the things that hold curiosity hostage. Think of the most innovative companies and you will notice they employ people who do not accept the status quo, they aren't reluctant to change, they evolve with the times, they look for problems to solve, and focus on asking questions. Drawing on decades of research and incorporating interviews from some of the top leaders of our time, Hamilton examines the factors that impact curiosity including fear, assumptions, technology, and environment (FATE). Through her ground-breaking research, she has created the Curiosity Code Index (CCI) assessment to determine how these factors have impacted curiosity and to provide an action plan to transform individuals and organizations to help improve areas impacted by curiosity, including innovation, engagement, creativity, and productivity. "I was lured into believing that success was about money, power, fame, and pleasure. If those things defined success, then I should have opted for failure. My true success in life came when my focus was on doing what God wanted me to do and investing in the life of others. My only regret is that I wasted so many years chasing the wind when I should have been all in from the start" (Taylor Bellows). The death of Taylor Bellows, one of the wealthiest men in the world, devastates Brendan Austin, his best friend since childhood. But even more than Taylor's death, it's the set of journals he left behind that shakes the foundation of Brendan's life. Brendan and Taylor grew up together, from their days spent having adventures in the woods and pretending to be businessmen in Taylor's father's office to their eventual careers and marriages to the lovely Allison and Ann--and to Taylor's struggles with infidelity. But through it all, Brendan and his wife Ann stood by Taylor and Allison, mentoring and guiding them toward the truth--even as Brendan often felt that Taylor resisted taking his words into his heart. And now, in reading Taylor's journals, Brendan uncovers things he had never known...about his friend, his life, and his faith. He discovers what it means to be a difference maker. A conversation starter, an approachable guide--in fable form--for mentors both deliberate and unintentional, The Difference Maker looks at the godly principles of true success, mentorship, leadership, courage, and transformation. The truths are powerful and applicable, in life and in faith, for everyone who reads them. Learn how to lead others while you follow The One.
