There is an argument that childhood as we  
know is disappearing with the the  
distinction between adulthood and  
childhood is narrowing. Neil Postman  
(1994) argued that childhood is  
' disappearing at a dazzling speed ' . As  
supporting evidence he looked at the trend  
towards giving children the same rights as  
adults, the growing similarity of adult and  
children ' s clothing and even cases of  
children committing ' adult crimes '  
(murder, rape).
