Bloodhound in Blue

Delta

A hilarious book by  
Richard M. Cohen, the  
New York Times

---

bestselling author of *Blindsided* and *Strong at the Broken Places*, about living with his wife, Meredith Vieira, and her band of difficult dogs. "Has a couple ever gone to war or a spouse moved to another country because a pet came between them? Have two people other than my wife and me ever had such opposing feelings when it comes to domestic animals?" So wonders Richard M. Cohen, who has endured the beasts his wife, Meredith Vieira, has brought

into the house to enrich their lives. Despite her unshakable affection for these furry creatures, the various animals have destroyed the serenity of a once calm household. Friends watch in stunned silence as the family frantically struggles to keep peace in this lawless land. Delivery people have fled in fear. Guests have cowered or simply laughed at the hideous shrieks, the current mutt's stab at intimidation. Then

there are the cats that think they are ferocious jungle creatures. Weary of having animals run the show, Richard is fed up. These animals are destroying a home, and the life of one simple soul who seeks only peace and quiet. The King has been overthrown. The Queen and her court have taken over. That would be Meredith and her minions. *I Want to Kill the Dog* is more than a countercultural ode to those weary of the pet pedestal. It is a

---

portrait of a marriage and of the redemptive power of humor and family when banishing the beast is not an option.

REESE'S BOOK CLUB PICK •

A timely and important book that challenges everything we think we know about cultivating true belonging in our communities, organizations, and culture,

from the #1 bestselling author of *Rising Strong*, *Daring Greatly*, and *The Gifts of Imperfection*. Don't miss the five-part HBO Max docuseries *Brené Brown: Atlas of the Heart!* "True belonging doesn't require us to change who we are. It requires us to be who we are." Social scientist Brené Brown, PhD, MSW, has sparked a global conversation about the experiences that bring meaning to our lives—experiences of courage, vulnerability,

love, belonging, shame, and empathy. In *Braving the Wilderness*, Brown redefines what it means to truly belong in an age of increased polarization. With her trademark mix of research, storytelling, and honesty, Brown will again change the cultural conversation while mapping a clear path to true belonging. Brown argues that we're experiencing a spiritual crisis of disconnection, and introduces four practices of true belonging

---

that challenge everything we believe about ourselves and each other. She writes, “True belonging requires us to believe in and belong to ourselves so fully that we can find sacredness both in being a part of something and in standing alone when necessary. But in a culture that’s rife with perfectionism and pleasing, and with the erosion of civility, it’s easy to stay quiet, hide in our ideological bunkers, or fit in rather than show up as

our true selves and brave the wilderness of uncertainty and criticism. But true belonging is not something we negotiate or accomplish with others; it’s a daily practice that demands integrity and authenticity. It’s a personal commitment that we carry in our hearts.” Brown offers us the clarity and courage we need to find our way back to ourselves and to each other. And that path cuts right through the wilderness. Brown writes,

“The wilderness is an untamed, unpredictable place of solitude and searching. It is a place as dangerous as it is breathtaking, a place as sought after as it is feared. But it turns out to be the place of true belonging, and it’s the bravest and most sacred place you will ever stand.”

He was born in rural Missouri, and it was immediately clear that he was different from the rest. He caught his first criminal when he

was just two years old. By his sixthman who abducted Elizabeth birthday, he had located burglars, missing children, drug dealers, rapists, and murderers—including Utah's most wanted criminal.

Known to friends as JJ, to law enforcement as Michael Serio's partner, and to captured criminals as "that damned dog," Jessie Jr., an exceptionally talented bloodhound, bayed like a sea lion that had swallowed a fog horn.

Before JJ, few police departments in the West used bloodhounds, and none in Utah. But just when JJ was finally convincing naysayers, he and Officer Serio ran into something worse than resistance: the despair of failure amid high hope. JJ had been tracking Brian David Mitchell, the

Smart, when he was pulled off the track. Elizabeth later told investigators that on the day she was kidnapped she heard a dog baying in the woods behind her. In almost nine years of service, JJ helped apprehend nearly 300 criminal suspects in the Salt Lake City area. Here is his remarkable story, fleas and all. Searching for the Caravan is a true story that begins in a wholesome, pastoral farming

community in the Midwest, characterized by Christian principles. Eventually, Germaine's curiosity and determination led her on a journey through Europe as a single professional woman, and Asia and Southeast Asia with her husband and children. While spending seventeen years overseas-France, Switzerland, Pakistan, the Philippines, Bangladesh, Thailand and Indonesia-Gemaine encountered a multitude of cultures, religions and otherworldly phenomena that

would ultimately clarify her own truth. Germaine's experiences-considered controversial and taboo-provoked a journey of another sort where her belief in all things she held sacred was called into question. Desperate to return to the grace she had forsaken in her youth and to understand the mechanics-the science-behind inexplicable events, she turned to God and ancient metaphysical principles (Feng Shui, BaZi, I-Ching) to analyze the extraordinary and regain

---

control of her life. Germaine's fascinating and courageous story started out as a life review using metaphysical principles as a tool to explain the how and why of her existence, but it ended up as an exploration of the Divine as sifted through Love and Balance. Searching for the Caravan is an enlightening, real life thriller that challenges the spiritual seeker and intellectually curious. Germaine invites you to suspend your sense of the every day normal to suppose the every day not so

normal. Her story is a unique odyssey not to be missed.

Animal testing is a controversy that has raged for hundreds of years. Some people view experiments on dogs as necessary for human medical progress, while others argue that the practice is barbaric. When the author adopted Marty--a beagle rescued from a research laboratory--she found herself rehabilitating a terrified dog with a traumatic past. She soon discovered the well-kept secret of painful and often fatal testing on dogs. This book details what the author has learned about the past and present of laboratory testing on dogs, life after laboratories and

---

the hope for a future without animal testing. Interviews with rescue organizers and adoptive families reveal the struggles of removing dogs from laboratories and acclimating them to daily life. Scientists discuss the ethics of dog research and advocate for new biomedical technologies. Fundamental change is brewing, with the public, scientists and governments urging the use of new technologies that can replace testing on animals and yield better results.

Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home. "Beautiful and propulsive . . . of the world's most influential spiritual thinkers, a long-awaited book

exploring what it means that Jesus was called "Christ," and how this forgotten truth can restore hope and meaning to our lives.

"Anyone who strives to put their faith into action will find encouragement and inspiration in the pages of this book."—Melinda Gates  
In his decades as a globally recognized teacher, Richard

Rohr has helped millions realize what is at stake in matters of faith and spirituality. Yet Rohr has never written on the most perennially talked about topic in Christianity: Jesus. Most know who Jesus was, but who was Christ? Is the word simply Jesus's last name? Too often, Rohr writes, our understandings have been limited by culture, religious debate, and the human tendency to put ourselves at the center. Drawing on scripture, history, and spiritual practice, Rohr

articulates a transformative view of Jesus Christ as a portrait of God's constant, unfolding work in the world. "God loves things by becoming them," he writes, and Jesus's life was meant to declare that humanity has never been separate from God—except by its own negative choice. When we recover this fundamental truth, faith becomes less about proving Jesus was God, and more about learning to recognize the Creator's presence all around us, and in everyone we meet.

Thought-provoking, practical, and full of deep hope and vision, *The Universal Christ* is a landmark book from one of our most beloved spiritual writers, and an invitation to contemplate how God liberates and loves all that is.

As modern society's routine sequestration of death and grief is increasingly replaced by late-modern society's growing concern with existential issues and emotionality, this book explores grief as a social

emotion, bringing together contributions from scholars across the social sciences and humanities to examine its social and cultural aspects.

Thematically organised in order to consider the historical changes in our understanding of grief, literary treatments of grief, contemporary forms of grief and grief as a perspective from which to engage in critique of society, it provides insights into the sociality of grief and will appeal to scholars of sociology, social theory and

cultural studies with interests in the emotions and social pathologies.
