Frederick Forsyth, The Master Storyteller, Presents Five Brilliantly Ingenious Tales of Murder, Justice, Intrigue and Revenge A miracle in war-torn Siena that begins with the persecution of a young nun in the turbulent days of the sixteenth century and culminates in the bitter German retreat from Italy; a drug-smuggling heist on an international flight where the knock are only one step ahead of the smugglers; a ruthless urban murder, where a brilliant QC decides to defend the killers, resulting in a startling act of justice; an incandescent art scam at a famous London auction house, and a brilliantly plotted revenge that shatters the elegant world of Old Masters - each story is a remarkable tour de force. And above all here is a brilliant novella, 'Whispering

Wind', which begins with the single survivor of Custer's Last Stand at the battle of Little Big Horn. It follows the defense from rape and murder of a Cheyenne girl and a flight across the mountains and forests of the West, ending in a savage present-day manhunt in the wild lands of Montana. Whether his theme is international espionage, miraculous events in war-torn Italy or a Customs drug bust, the stories in *The Veteran* all share Forsyth's trademark for compulsive storytelling, his clinical eye for authentic detail and an unnerving sense of suspense. Not since his New York Times bestselling story collection *No Comebacks* has he crafted such remarkable work. Five breathtaking tales from the greatest storyteller of them all.

Frederick Forsyth is a best-selling popular novelist. He strongly and publicly supported the cause of Biafra in the Nigerian civil war, and covered the period as a war correspondent in Biafra. He had a fifteen-year association with the Igbo leader, Chukwuemeka Ojukwu. His biography of 'Emeka' was published in 1982 with the full cooperation of the subject. It covers his youth, army training, the civil war, and his twelve-year exile. Still of great interest, the biography has now been revised.

A major player in the war was Frederick the Great (1712-1786), the king of Prussia and a great military leader. Pomare, author of Call Me Evie Propelling the reader back and forth between the 1940s, 1960s and 1980s, The Silent Listener is an unforgettable literary suspense novel set in the dark, gothic heart of rural Australia. In the cold, wet summer of 1960, 11-year-old Joy Henderson lives in constant fear of her father. She tries to make him happy but, as he keeps reminding her, she is nothing but a filthy sinner destined for Hell . . . Yet, decades later, she returns to the family's farm to nurse him on his death bed. To her surprise, her 'perfect' sister Ruth is also there, whispering dark words, urging revenge. Then the day after their father finally confesses to a despicable crime, Joy finds him dead - with a belt pulled tight around his neck . . .  The Day of the Jackal ; The Dogs of War Penguin Group Australia
 A fearless act of journalism in 1960s Nigeria and the true story behind the international bestselling novel *The Dogs of War*. The Nigerian civil war of the late 1960s was one of the first occasions when Western consciences were awakened and deeply affronted by the level of suffering and the scale of atrocity being played out in the African continent. This was thanks not just to advances in communication technology but to the courage and journalistic skills of foreign correspondents like Frederick Forsyth, who had already earned an enviable reputation for tenacity and accuracy working for Reuters and the BBC. In *The Biafra Story*, Forsyth reveals the depth of the British Government 's active involvement in the conflict—information which many in power would have preferred to remain secret. General Gowon 's genocide of the Biafran people was facilitated by a ready supply of British arms and advice. Still tragically relevant in its depiction of global affairs, this powerful book also launched Frederick Forsyth to literary stardom by providing him with the background material for *The Dogs of War*. The dramatic events and shocking political exposures, all delivered with Forsyth 's bold and perceptive style, makes *The Biafra Story* a compelling lesson in courage.

Running with the Dogs Bantam

In 1861, Americans thought that the war looming on their horizon would be brief. None foresaw that they were embarking on our nation's worst calamity, a four-year bloodbath that cost the lives of more than half a million people. But as eminent Civil War historian Emory Thomas points out in this stimulating and provocative book, once the dogs of war are unleashed, it is almost impossible to rein them in. In *The Dogs of War*, Thomas highlights the delusions that dominated each side's thinking. Lincoln believed that most Southerners loved the Union, and would be dragged unwillingly into secession by the planter class. Jefferson Davis could not quite believe that Northern resolve would survive the first battle. Once the Yankees witnessed Southern determination, he hoped, they would acknowledge Confederate independence. These two leaders, in turn, reflected widely held myths. Thomas weaves his exploration of these misconceptions into a tense narrative of the months leading up to the war, from the "Great Secession Winter" to a fast-paced account of the Fort Sumter crisis in 1861. Emory M. Thomas's books demonstrate a breathtaking range of major Civil War scholarship, from *The Confederacy as a Revolutionary Experience* and the landmark *The Confederate Nation*, to definitive biographies of Robert E. Lee and J.E.B. Stuart. In *The Dogs of War*, he draws upon his lifetime of study to

offer a new perspective on the outbreak of our national Iliad.
