It stimulates and nourishes the mind whilst adding to the wake-up call that the Dragon and the Elephant present to the developed world.

(PDF) The dragon and the elephant - ResearchGate

The story of China (the Dragon) and India (the Elephant) did not suddenly emerge; China ' s economy has been growing at just under 10% a year for nearly three decades and India has been doing its best to catch up for a decade and a half. But they have now achieved critical mass, and together they represent the biggest power shift of our lifetimes.
