The last thing Firekeeper and Blind Seer ever thought would happen was that they would end up as part of a small alliance united to hold the gates of the Nexus Islands against the massed might of the Old World nations. If the alliance is to have any hope of success, Firekeeper and Blind Seer must first find a way to break querinalo: the arcane plague that tortures the body and soul of any who possess even the slightest trace of magical talent. If querinalo is not vanquished, the Nexus Islands will fall – opening the New World to invasion. This is not the first seemingly impossible challenge the wolf-woman has faced, but this time she may face it without Blind Seer at her side. When querinalo touched the blue-eyed wolf, Blind Seer discovered an aspect of himself that he will not speak of to anyone – not even to Firekeeper. As the rumbles of invasion shake the gates of the Nexus Islands, Firekeeper stands not only in danger of losing home and friends, but also of losing the partner of her heart.

Thirteen Orphans Crown Books for Young Readers

Jane Lindskold's *Through Wolf's Eyes*; *Wolf's Head*, *Wolf's Heart*; and *The Dragon of Despair* told the story of Firekeeper, the young girl raised by sentient, language-using wolves who is then

plunged back into human society, where her training as a pack animal stands her in good stead amidst political and dynastic intrigues. Now, in *Wolf Captured*, the focus returns to Firekeeper and her wolf companion Blind Seer, as they find themselves kidnapped and dragged overseas, and forced to maneuver for their lives in an unfamiliar and dangerous new society. The Liglimoshti worship animals and portents, which rule their lives. And the Liglimoshti are aware, as the other countries are not, that Royal animals like Truth and Blind Seer exist, are intelligent, and can speak to each other. They've kidnapped Firekeeper and Blind Seer because they've never before heard of a human who could talk to animals. They want to see what Firekeeper can do. They want her to teach them how to do it. Firekeeper's more than willing to talk to the animals there. But she fears that Liglim's Royal animals are being held in polite and unobtrusive bondage. She wants to find out the truth -- and, if necessary, free them...

Hangman's Gate (War of the Archons 2) Baker Books

Raised in the wild by intelligent, language-using wolves, in her teens Firekeeper was abducted back into the lands of men, where her

upbringing as a wolf helped her survive the deadly intrigues of human beings. One of the first things she learned in Hawk Haven was that magic was a thing to be feared and despised. Long ago, all the human kingdoms were ruled by powerful sorcerers. Then a plague came and the sorcerers died. Nobody misses them. Much was lost—but still, nobody misses them. Yet as Firekeeper has travelled and grown wiser in the ways of human beings, she's learned that the true story was more complex. In coming to the country of the Liglim, she, Derian Carter, and Blind Seer discovered that magic is still working in the world, and that it isn't always the evil they'd been warned against. But it also turned out that the old plague specifically targeted magic users. And when Firekeeper and her friends learned to open the gates between worlds, the plague came back with them. Firekeeper, Blind Seer, and Derian Carter survived the plague: not unchanged, but still themselves. Now Firekeeper is determined to learn the nature of the plague--and if she can, to end it forever. What happens next will be the culmination of the remarkable fantasy epic that began with *Through Wolf's Eyes*. Seraphina Titan Books (US, CA)

As evocative and moving as Charles de Lint's Newford books, with the three-dimensional protagonists and enthralling action of Mercedes Lackey's fantasies, *Nine Gates* makes our world today as excitingly strange and unfamiliar as any fantasy realm...and transports readers to a wondrous magical world drawn from Chinese lore and legend. Brenda Morris has barely had time to become accustomed to the idea that she has some of the powers of the Rat, a member of the Chinese Zodiac; that her elderly, former child-star "aunt," Pearl, is the Dragon; and that the young African-American former soldier she trains beside is the Dog. Brenda has learned that our world is not the only world and that her not-quite-Chinese ancestors came from a magical place, the Lands of Smoke and Sacrifice, created thousands of years ago by the destruction of China's books and scholars during the time of the first Emperor. Now, generations later, the

Lands are once again at war, and the magics of the Thirteen Orphans are desperately needed. A mission to capture those powers went disastrously wrong and now the Lands' Dragon, Tiger, Snake, and Monkey are trapped on Earth unless the Orphans can build the Nine Gates. To do that, they must first save the Four Guardians of the Land Between, who are under magical attack. Complicating things is the fact that Brenda has fallen hard for the handsome man who is the Tiger, much to the distress of the sensual young woman who is the Snake. While a sinister plot to destroy the peace is uncovered, Seraphina struggles to protect the secret behind her musical gift, one so terrible that its discovery could mean her very life. Wolf's Soul Obsidian Tiger Inc

A tale of humane wolves, beastly men, and a brilliant heroine who must find her way in a dangerous world Raised by intelligent, language-using wolves, brought back to the human society at the court of Hawk Haven, young Firekeeper had to learn to cope with human society and its complexities . . . and discovered that, for someone raised in a wolf pack, the politics of a royal court were neither complex nor wholly unfamiliar. But the happy ending of *Through Wolf's Eyes* has proved to have consequences. Hawk Haven and Bright Bay are unifying, but the power balance of the neighboring lands is threatened by this prospect. New intrigues abound. The rulers of Bright Bay, it transpires, have been hoarding a collection of forbidden magical artifacts . . . which Queen Gustin took with her when she abdicated, intending to use them to restore her power. Melina Shield is still scheming to obtain them, and she's older, smarter, and more devious than the Queen. And the even-more-devilish civil service of neighboring New Kelvin would like to get their hands on that magic as well . . . Which will make life very hard for Firekeeper. Because the powers of the world have decided who'll be required to obtain those much-contended-for magical articles. It'll be her. "That's What the Old Ones Say" Pre-Colonial Revelations of God to Native America A revealing book of intriguing stories told by elders from different First Nations Tribes about The Creator, His Son, Native End-Times Prophecies, Revelations & more. Many of these traditional stories have been told for generations at Ceremonial Grounds, Stomp Arbors, Powwow Grounds, and private family gatherings tucked away deep on tribal lands. I was honored and

humbled to be able to sit and learn these old stories from elders hailing from many First Nations tribes. Comanche, Dineh, Apache, Anishinabe, Aztec, Cherokee, Creek, Cheyenne, Lakota, and Mohawk are a few of the tribes whose elders shared their beautiful stories with me. I listened eagerly to these accounts that were passed down from generation to generation while understanding filled my spirit and I was asked to pass these stories along to the next generation. These are stories that were told before missionary contact and I realized with each story that I listened to I had heard them before...not from my tribe but from another ancient tribe who has left an impacting legacy on the earth called The Bible. The Creator planted the seed in my heart to write this book as a way to help build the bridge of reconciliation between the nations. You might laugh, cry, sing for joy or wail from the deepest parts of your soul. Betrayal, love, reconciliation, unity, sacrifice, joy, peace, history, archaeology, science, the perseverance of the human spirit and the longing for Creator to heal our land and broken hearts. A longing for our spirit to be uplifted from the only One who can give us Hope in the face of utter defeat and despair. I was humbled being entrusted with hearing these stories and was given permission to retell them so they can be shared with the world. Seneca Kakona (Many Blessings). - Chief Joseph RiverWind

The Sight Obsidian Tiger Books

The classic work on the music of Afrofuturism, from jazz to jungle *More Brilliant than the Sun: Adventures in Sonic Fiction* is one of the most extraordinary books on music ever written. Part manifesto for a militant posthumanism, part journey through the unacknowledged traditions of diasporic science fiction, this book finds the future shock in Afrofuturist sounds from jazz, dub and techno to funk, hip hop and jungle. By exploring the music of such musical luminaries as Sun Ra, Alice Coltrane, Lee Perry, Dr Octagon, Parliament and Underground Resistance, theorist and artist Kodwo Eshun mobilises their concepts in order to open the possibilities of sonic fiction: the hitherto unexplored intersections between science fiction and organised sound. Situated between electronic music history, media theory, science fiction and Afrodiasporic studies, *More Brilliant than the Sun* is one of the key works to stake a claim for the generative possibilities of Afrofuturism. Much referenced since its original publication in 1998, but long unavailable, this new edition includes an introduction by Kodwo Eshun as well as texts by filmmaker John Akomfrah and producer Steve Goodman aka kode9.
