Firekeeper never viewed her ability to speak with animals as anything other than her birthright as a human raised by wolves. However, to the theocrats of Liglim, it is literally the answer to prayer. Determined to pry the secret from the wolf-woman, the Liglimom kidnap Firekeeper and Blind Seer. Determined to leave no trail, they even take the risk of kidnapping Derian Counselor. But being

trapped in a new land is only the beginning of the shocks to Firekeeper ' s world view. Unlike the humans Firekeeper has met to this point, the Liglimom not only know about the elite Beasts who Firekeeper considers her people, they have enshrined them as go-betweens in their communication with the Divine. Before she departs Liglim, Firekeeper is determined to learn the truth about the relationship between the Wise Beasts and the humans of Liglim. If they are captives – as she, Blind Seer, and Derian are captives – then the wolf-woman vows to do everything in her power to set them free.

GATEWAY TO HELL'S FURY The Union of Arcana has expanded through the portals linking parallel universes for over a century and a half. In that time, its soldiers and

sorcerers have laid claim to one uninhabited planet after another^{3/4}all of them Earth, and in the process, the Union has become the most powerful, most wealthy civilization in all of human history. But now the Union's scouts have discovered a new portal, and on its far side lies another human society, Sharona, which has also been exploring the Multiverse, and the first contact between them did not go well. Arcana is horrified by the alien weapons of its sudden opponents, weapons its sorcerers cannot explain, weapons based upon something called . . . science. But Sharona is equally horrified by Arcana's "magical" weapons. Neither side expected the confrontation and each thinks the other fired first. But as the initial disastrous contact snowballs into all-out

warfare, both sides can agree on one thing. The portal which brought them together is Hell's Gate itself! At the publisher's request, this title is sold without DRM (Digital Rights Management). "Magic and high tech collide in this exciting military SF novel from bestseller Weber and Evans, the first of a new series. . . . The authors treat both societies sympathetically and realistically, with human vices and virtues evenly distributed."^{3/4}Publishers Weekly

Historically Canadians have considered themselves to be more or less free of racial prejudice. Although this conception has been challenged in recent years, it has not been completely dispelled. In *Colour-Coded*, Constance Backhouse illustrates the tenacious

hold that white supremacy had on our legal system in the first half of this century, and underscores the damaging legacy of inequality that continues today. Backhouse presents detailed narratives of six court cases, each giving evidence of blatant racism created and enforced through law. The cases focus on Aboriginal, Inuit, Chinese-Canadian, and African-Canadian individuals, taking us from the criminal prosecution of traditional Aboriginal dance to the trial of members of the 'Ku Klux Klan of Kanada.' From thousands of possibilities, Backhouse has selected studies that constitute central moments in the legal history of race in Canada. Her selection also considers a wide range of legal forums, including administrative rulings by municipal councils, criminal trials before police magistrates, and criminal and civil cases heard

by the highest courts in the provinces and by the Supreme Court of Canada. The extensive and detailed documentation presented here leaves no doubt that the Canadian legal system played a dominant role in creating and preserving racial discrimination. A central message of this book is that racism is deeply embedded in Canadian history despite Canada's reputation as a raceless society. for centuries. She is joined in her quest by two loyal Athenque, and Estaen teaches her about the magic she thought she understood, warning her that it would be needed in her fight against the dragons. They reach the dragon's prison too late to stop the rebels from freeing them and setting off a chain reaction that Zheann realizes may destroy her world. She races to a mountain pass where she hopes to take a stand against the forces of nature, and watches helplessly as refugees swarm to three passes hoping to save their lives while others sabotage the effort. It all comes down to a contest between Rys magic and the forces of nature. In Soul Fire, the Med and Rys who fled to the central pass begin to pull their lives together, and Zheann learns the price of love. Their world has been saved but is no longer safe. Ash falls from the sky, clouds hide the sun, and the dragons have built a rival city north of the pass. Zheann rides away from all she's been trying to build in search of her daughter, the king's mother, and a legendary trove of books that may hold the key to stopping the dragons. "A cross between Carry On, Warrior and Everybody's Got Something, The Other Side of Yet is a powerful memoir about loss, faith, and the power of the human spirit. Starting her professional career as a producer at America's Most Wanted, Michelle Hord was no stranger to tragedy. But when the unimaginable happened in her own family, Michelle's entire life crashed down around

her. As she sought out a new blueprint for how to live in this new world, The Book of Job became her anchor, with one verse in particular standing out: "Though he slay me, yet will I trust in him" Job 13:15 King James Version (KJV). For Michelle, the concept of that 'yet' became an essential part of her life--one shaped by loss, yet filled with hope. This powerful memoir takes readers on a journey about creating a life of goodness and grace in the face of loss, injustice, or hardship. Michelle isn't interested in prosecuting her marriage, dwelling on what happened to her daughter, or pointing to God as her only salvation. In the pages of *The Other Side of Yet*, she invites readers to share not just her story, but to draw inspiration from her strength, her will to create goodness, and her defiant faith"--

Katharine Kerr has enchanted readers with her magical Deverry and Westlands cycle, and now she brings to a breathtaking conclusion the epic saga begun with *The Red Wyvern* and *The Black Raven*. And at court, his illicit passion for the young dweomer apprentice, Lilli, threatens to revive a curse that only she -- at her own peril -- can lift. It is a drama that will be played out centuries later in the city of Cerr Cawnen. Among the many who take refuge in the lakeside citadel, nestled in a volcano's shadow, are a Westfolk band guided by the elven enchantress Dallandra and protected by Rhodry Maelwaedd and his fiery guardian dragon. Meanwhile, from the north come the savage

Horsekin slavers, ancient foe of the Westfolk, now bent on the domination of Cerr Cawnen. They are awaited by the sorceress Raena, their self-sworn high priestess and the votary of an evil goddess. The last thing Firekeeper and Blind Seer ever thought would happen was that they would end up as part of a small alliance united to hold the gates of the Nexus Islands against the massed might of the Old World nations. If the alliance is to have any hope of success, Firekeeper and Blind Seer must first find a way to break querinalo: the arcane plague that tortures the body and soul of any who possess even the slightest trace of magical talent. If querinalo is not vanquished, the Nexus Islands will fall –

opening the New World to invasion. This is not the first seemingly impossible challenge the wolf-woman has faced, but this time she may face it without Blind Seer at her side. When querinalo touched the blue-eyed wolf, Blind Seer discovered an aspect of himself that he will not speak of to anyone – not even to Firekeeper. As the rumbles of invasion shake the gates of the Nexus Islands, Firekeeper stands not only in danger of losing home and friends, but also of losing the partner of her heart.
