Freedom. A quality valued by many, and which is never restricted without consequence. Can a mother ' s guidance ever be too much? One beautiful suit could be all it takes to break a family apart. Protection becomes a shell, a place to hide from reality, but also a prison. There is always a breaking point, and this breaking point takes the form of one piece of tissue paper. Imagination, explores the interface of religio-cultural traditions and ecological conservation practices in different African contexts. The authors also reflect on the entwinement between the violation of women ' s rights and the degradation of the Earth which is usually described using feminine terms, hence the designation, " Mother Earth. " The three major religious traditions in Africa – Christianity, Islam and African Traditional Religions (ATR) – are the lenses through which the authors discuss the interconnections between religion, culture and ecological traditions. Peering through African eco-feminist, gender justice and gender inclusive lenses, the authors foreground the importance of tapping into Africa ' s rich religio-cultural resources as vital tools that can be utilised to address the ravaging ecological crisis.

The Rhetorical Origins of Apartheid Fulton Books, Inc. The Trump neo-liberal and global warming era has intensified migration, highlighting the diasporic space and global structures as the context of theological inquiry. It is signified by the rise of overt sexism, racism, classism, anthropocentrism, Islamophobia and intensified conservatism that determine who crosses the boundaries, the terms of their crossing and the hospitality they receive. President Trump's shocking statement that characterized some Two-Thirds World countries as S.H.I.T. In this volume, African theological scholars challenge euro-centric racist-global immigration policies and propose the paradigm of breaking the master's S.H.I.T. Holes. [Die

turned the pages of Blame Me on History as fast as I could.' – Njabulo S Ndebele Feeling an exile in the country of his birth, the talented journalist and leading black intellectual Bloke Modisane left South Africa in 1959. It was shortly after the apartheid government had bulldozed Sophiatown, the township of his childhood. His biting indictment of apartheid, Blame Me on History, was published in 1963 – and banned shortly afterwards. Modisane offers a harrowing account of the degradation and oppression faced daily by black South Africans. His penetrating observations and insightful commentary paint a vivid picture of what it meant to be black in apartheid South Africa. At the same time, his evocative writing transports the reader back to a time when Sophiatown still teemed with life. This 60th-anniversary edition of Modisane's autobiography serves as an example of passionate resistance to the scourge of racial discrimination in our country, and is a reminder not to forget our recent past.

 The story of Nelson Mandela's and the African National Congress' triumph over apartheid in South Africa is well known. All but forgotten are the African leaders who spoke against the system of white rule in its infancy. The founders of the ANC were members of the Natives Representative Council, a legislative adjunct of the South African Parliament elected by Africans between 1937 and 1950, when the Council was abolished. Their speeches during Council sessions document their eloquence and quiet dignity when facing their oppressors. Abbreviated versions of the speeches of the NRC are published here for the first time, along with discussion of the Council's elections, its members and the white government who used the NRC's rhetoric to its own ends.

 The Men Who Killed Gandhi by Manohar Malgonkar takes

readers back into the pages of Indian history during the time of the partition, featuring the murder plot and assassination of Mahatma Gandhi. The Men Who Killed Gandhi is a spellbinding non fictional recreation of the events which led to India ' s partition, the eventual assassination of Gandhi, and the prosecution of those who were involved in Gandhi ' s murder. This historical reenactment is set against the tumultuous backdrop of the British Raj. Malgonkar ' s book is a result of painstaking research and from also having privileged access to many important documents and photographs related to the assassination. There is no doubt that Mahatma Gandhi played a leading role in obtaining independence from the British. But the problems that ensued afterwards, such as the structural rebuilding of the country and the Partition, led to many riots, massive migrations, and deep racial and cultural divides. Not everyone agreed with Gandhi and his ideals. As a result, a plot to assassinate Gandhi was devised by six individuals named, Narayan Apte, Gopal Godse, Madanlal Pahwa, Digambar Badge, and Nathuram Godse. This was eventually carried out in New Delhi, on the 30th of January, 1948. Eventually, these six individuals were tried and convicted. Four of them received life sentences while two of them received the death penalty. The first publication of The Men Who Killed Gandhi occurred in 1978, during the Emergency years. As a result, Malgonkar omitted many vital facts including Dr. Ambedkar ' s role in minimizing Savarkar ' s criminal conviction. This 11th edition of the text contains these omitted facts as well as rare documents, and photographs obtained from National Archives. After the four individuals who were convicted for Gandhi ' s murder completed their life sentences, they were interviewed by Malgonkar. These individuals revealed many details to him which were never known before. The author also received access to the Kapur Commission from his friend Mr. Nayar, who was in the Indian Police Service.

As a result, *The Men Who Killed Gandhi* is considered the most historically accurate account of Gandhi's assassination plot.
