The Duke's Children Complete Lindhardt og Ringhof
Lady Glencora, the wife of Plantagenet Palliser, the Duke of Omnium, dies unexpectedly, leaving the devastated Duke to deal with their grownup children, with whom he has a somewhat distant relationship. As the government in which he is Prime Minister has also fallen, the Duke is left bereft of both his beloved wife and his political position. Before her death, Lady Glencora had imprudently given her secret blessing to her daughter Mary's courtship by a poor gentleman, Frank Tregear, a friend of Lord Silverbridge, the Duke's older son and heir. Mrs Finn, Lady Glencora's dearest confidante, somewhat uneasily remains after the funeral as a companion and unofficial chaperone for Mary at the Duke's request. Once she becomes aware of the seriousness of the relationship between Mary and Frank, Mrs Finn insists that the Duke be informed.

The Writings of Anthony Trollope: The duke's children BoD – Books on Demand

The Duke's Children is the sixth and final novel in Anthony Trollope's Palliser series, first published in 1880. Plantagenet Palliser's wife, Lady Glencora dies, leaving him to deal with his grown up children alone, as well as the fact that the government he is part of, has fallen. Having a distant relationship with them causes problems, especially when it comes to their choices for marriage. As the book progresses, he becomes closer to his children and is invited back into the government.

The Duke's Children Scholar's Choice

Excerpt from The Duke's Children: A Novel Then, in the early Spring of 187 they came back to England, having persistently carried out their project, at any rate in regard to time. Lord Gerald, the younger son, was at once sent up to Trinity. For the eldest son a seat was to be found in the House Of Commons, and the fact that a dissolution of Parliament was expected served to prevent any prolonged sojourn abroad. Lady Mary Palliser was at that time nineteen, and her entrance into the world was to be her mother's great care and great delight. In March they spent a few days in London, and then went down to Matching Priory. When she left town the Duchess was complaining of cold, sore throat, and debility. A week after their arrival at Matching She was dead. Had the heavens fallen and mixed themselves with the earth, had the people of London risen in rebellion with French ideas of equality, had the Queen persistently declined to comply with the constitutional advice of her ministers, had a majority in the House of Commons lost its influence in the country, - the utter prostration of the bereft husband could not have been more complete. It was not only that his heart was torn to pieces, but that he did not know how to look out into the world. It was as though a man should be suddenly called upon to live without hands or even arms. He was helpless, and knew himself to be helpless. Hitherto he had never specially acknowledged to himself that his wife was necessary to him as a component part Of his life. Though he had loved her dearly, and had in all things consulted her welfare and happiness, he had at times been inclined to think that in the exuberance Of her spirits she had been a trouble rather than a support to him. But now it was as though all outside appliances were taken away from him. There was no one

of whom he could ask a question. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Doctor Thorne Arkose Press

Plantagenet Palliser, the Duke of Omnium and former Prime Minister of England, is widowed and wracked by grief. Struggling to adapt to life without his beloved Lady Glencora, he works hard to guide and support his three adult children. Palliser soon discovers, however, that his own plans for them are very different from their desires. Sent down from university in disgrace, his two sons quickly begin to run up gambling debts. His only daughter, meanwhile, longs passionately to marry the poor son of a county squire against her father's will. But while the Duke's dearest wishes for the three are thwarted one by one, he ultimately comes to understand that parents can learn from their own children. The final volume in the Palliser novels, *The Duke's Children* (1880) is a compelling exploration of wealth, pride and ultimately the strength of love.

The Duke's Children is a novel by Anthony Trollope, first published in 1879 as a serial in *All the Year Round*. It is the sixth and final novel of the Palliser series. Lady Glencora, the wife of Plantagenet Palliser, the Duke of Omnium, dies unexpectedly, leaving the devastated Duke to deal with their grownup children, with whom he has had a somewhat distant relationship. As the government in which he is Prime Minister has also fallen, the Duke is left bereft of both his beloved wife and his political position. Before her death, Lady Glencora had given her private blessing to her daughter Mary's courtship by a poor gentleman, Frank Tregear, a friend of Mary's older brother, Lord Silverbridge. Mrs Finn, Lady Glencora's dearest confidante, somewhat uneasily remains after the funeral as a companion and unofficial chaperone for Lady Mary at the Duke's request. Once she becomes aware of the seriousness of the relationship between Mary and Frank, Mrs Finn insists that the Duke be informed. Managing the Duke's two sons also proves troublesome. At first, Lord Silverbridge follows the wishes of his father by entering Parliament, and proposes to Lady Mabel Grex, whom he has known all his life, and of whom the Duke approves. She turns Silverbridge down, due to his

immaturity, although with an indication of a more welcoming answer another time. In the meanwhile, however, Silverbridge becomes enamoured of American heiress Isabel Boncassen, who agrees to marry him, but only if the Duke is willing to welcome her into the family. At first, the Duke disapproves; and he disapproves even more of his daughter's suitor. To add to his troubles, Gerald, his younger son, gets expelled from Cambridge after attending the Derby without permission. However, by the end of the book, the Duke grows closer to all three of his children; he allows the engagements of his oldest son and daughter, and he is invited once more to take a part in the government.

However, by the end of the book, the Duke grows closer to all three of his children; he allows the engagements of both son and daughter, and he is invited once more to take a part in the government. Marriages of rich American young women to British aristocrats had just begun when Trollope wrote this book. One of the first had been that of Lord Randolph Churchill to Jennie Jerome five years before the book was written, and a love match as is that of Silverbridge and Isabel Boncassen. Silverbridge will be very rich in his own right, whereas many later Anglo-American marriages involved importation of American money to prop up financially embarrassed aristocrats...

Goodness and the Literary Imagination Forgotten Books

'The Duke's Children' is the sixth and final novel in Anthony Trollope's popular 'Palliser' series of novels. In it, we are reunited with Plantagenet Palliser, the Duke of Omnium in tragic circumstances. A formerly remote father figure to his children, the Duke now finds himself drawn into each of their romantic and professional troubles. What will the two generations be able to learn from each other in a changing Victorian society? Anthony Trollope (1815 – 1882) was a Victorian writer and author of 47 novels. He also wrote an autobiography, short stories and plays, travel articles, reviews and lectures. A prolific writer, he made no secret of the fact that money was his motivation for writing – an admission which raised eyebrows among his literary contemporaries at the time. The amount of works Trollope authored are testament to his belief in hard work. His first successful novel was *The Warden* followed by its sequel, *Barchester Towers*. The *Chronicles of Barsetshire* are perhaps his most well-known series of novels, though many of his works have been adapted for TV and radio, starring many familiar faces such as Alan Rickman, David Tennant, Bill Nighy and Tom Hollander. Alongside his literary career, Trollope also worked for some time for the Post Office and is credited with the introduction of the iconic post box to Britain. A memorial to Anthony Trollope was unveiled in Poets' Corner in Westminster Abbey in 1993.

[The Duke's Children; Volume 2](#) Palala Press

What exactly is goodness? Where is it found in the literary imagination? Toni Morrison, one of American letters' greatest voices, pondered these perplexing questions in her celebrated Ingersoll Lecture, delivered at Harvard University in 2012 and published now for the first time in book form. Perhaps because it is overshadowed by the more easily defined evil, goodness

often escapes our attention. Recalling many literary examples, from Ahab to Coetzee's Michael K, Morrison seeks the essence of goodness and ponders its significant place in her writing. She considers the concept in relation to unforgettable characters from her own works of fiction and arrives at conclusions that are both eloquent and edifying. In a lively interview conducted for this book, Morrison further elaborates on her lecture's ideas, discussing goodness not only in literature but in society and history—particularly black history, which has responded to centuries of brutality with profound creativity. Morrison's essay is followed by a series of responses by scholars in the fields of religion, ethics, history, and literature to her thoughts on goodness and evil, mercy and love, racism and self-destruction, language and liberation, together with close examination of literary and theoretical expressions from her works. Each of these contributions, written by a scholar of religion, considers the legacy of slavery and how it continues to shape our memories, our complicities, our outcries, our lives, our communities, our literature, and our faith. In addition, the contributors engage the religious orientation in Morrison's novels so that readers who encounter her many memorable characters such as Sula, *Beloved*, or Frank Money will learn and appreciate how Morrison's notions of goodness and mercy also reflect her understanding of the sacred and the human spirit.

Mr. Scarborough's Family Oxford University Press, USA

He was alone in the world, and there was no one of whom he could ask a question. After the sudden death of his wife, two years after he has left office as Prime Minister, the Duke of Omnium must become deeply involved with his children for the first time. They vex him enormously: with school expulsions, vast gambling debts, and what he considers to be calamitous romantic attachments. He tries to compel them to do what he wants, but they are not so easy to manage. Even when his eldest child and heir, Lord Silverbridge, makes him proud by embarking upon a political career, the Duke grapples with heartache. For Silverbridge becomes a Conservative rather than a Liberal, flouting the family tradition. The relationship between father and son is drawn with remarkable subtlety, and the book as a whole becomes a piercing, yet often humorous, exploration of change: how both the young and the old resist, tolerate, or embrace it. Trollope cut roughly 65,000 words, at a vulnerable moment in his career, to get the novel published, but concluded rapidly that he had made a grievous error. After a painstaking reconstruction by a team of researchers, *The Duke's Children*, the

final book in Trollope's famed Palliser series, can now be read the way he first intended. It is a masterpiece of Victorian fiction.

The Duke's Children is a novel by Anthony Trollope, first published in 1879 as a serial in *All the Year Round*. It is the sixth and final novel of the Palliser series.

The Duke's Children - Part I (Esprios Classics) Wentworth Press

No one, probably, ever felt himself to be more alone in the world than our old friend, the Duke of Omnium, when the Duchess died. When this sad event happened he had ceased to be Prime Minister. During the first nine months after he had left office he and the Duchess remained in England. Then they had gone abroad, taking with them their three children. The eldest, Lord Silverbridge, had been at Oxford, but had had his career there cut short by some more than ordinary youthful folly, which had induced his father to agree with the college authorities that his name had better be taken off the college books,—all which had been cause of very great sorrow to the Duke. The other boy was to go to Cambridge; but his father had thought it well to give him a twelvemonth's run on the Continent, under his own inspection. Lady Mary, the only daughter, was the youngest of the family, and she also had been with them on the Continent. They remained the full year abroad, travelling with a large accompaniment of tutors, lady's-maids, couriers, and sometimes friends. I do not know that the Duchess or the Duke had enjoyed it much
