The Dummy Line The Dummy Line was first published in 2008 by the New Amazon Encore Publishing arm, as Bobby Cole's debut novel. The book was a huge success, and it's among the few books to make thousands of sales on the board. The book centres around Jake Crosby, an avid hunter like Cole himself.

Bobby Cole - Book Series In Order

The dummy line is a train line in rural US that was canceled during construction, leaving a long single track through the woods with only two ways in, making escape very difficult. The bad guys hunt the good guys both on the dummy line and, in a branch of the story with an interesting twist, this includes their family back home.

Bobby Cole is well known in the hunting industry as the food-plot guru behind Mossy Oak Biologic. Turns out he has a fertile imagination and considerable storytelling skills, too, as graphically displayed in his debut novel, The Dummy Line. Protagonist Jake Crosby could be any one of us a hard-working family man who cherishes his time in the woods.
