The separate but symbiotic rewards of reading and writing, and the skills required for each, are what W.H. Auden (February 21, 1907 – September 29, 1973) examines in *The Dyer ' s Hand and Other Essays* (public library). Although he remains one of the most celebrated, beloved, and influential poets of the past century, it is in this posthumously collected aphoristic prose that Auden speaks most directly to his values, his ideas about literature and art, and his creative process.

The Dyer ' s Hand is the rare kind of book that gets better and better with the reading of other books, especially by authors discussed in detail by Mr Auden. Last and least, the reader should be warned that the book is full of quotations, and quite a few of them are in foreign languages. Mr Auden was apparently something of a polyglot.
