Feminist philosophy meets family memoir in this "profound" (Publishers Weekly, starred review) new essay collection from Siri Hustvedt, an exploration of the shifting borders that define human experience, including boundaries we usually take for granted—between ourselves and others, nature and nurture, viewer and artwork—which turn out to be far less stable than we

imagine. Described as cruelty, and the "a 21st-century Virginia Woolf" in the Literary Review (UK), Man Booker longlisted Hustvedt displays her expansive intellect and interdisciplinary knowledge in this collection that moves effortlessly between stories of her mother, grandmother, and daughter to artistic mothers, Jane Austen, Emily Brontë, and Lousie Bourgeois, to the broader meanings of maternal in a culture shaped by misogyny and fantasies of paternal authority. Mothers, Fathers, and Others is a polymath's journey into urgent questions about familial love and hate, human prejudice and transformative power of art. This moving, fierce, and often funny book is finally about the fact that being alive means being in states of constant, dynamic exchange with what is around us, and that the impulse to draw hard and fast conceptual borders where none exist carries serious theoretical and political dangers.

In this brilliantly imagined novel, Amelia Earhart tells us what happened after she and her navigator, Fred Noonan, disappeared off the coast of New Guinea one glorious, windy day in 1937. And she tells us about herself. There is her love

affair with flying ("The sky is flesh") There are her memories of the past: her childhood desire to become a heroine ("Heroiners did what they wanted") . . . her marriage to G.P. Putnam, who promoted her to fame, but was willing to gamble her life so that the book she was writing about her round-the-world flight would sell out before Christmas. There is the flight itself -- day after magnificent or perilous or exhilarating or terrifying day ("Noonan once said any fool could have seen I was risking my life but not living it"). And there is, miraculously, an island ("We named it Heaven, as a kind of joke"). And, most important, there is Noonan . . .

I Am Ozzy Simon and Schuster "And who among us would deny Jane Austen her happy endings or insist that Cary Grant and Irene Dunne should get back together at the end of *The Awful Truth*? There are tragedies and there are comedies, aren't there? And they are often more the same than different, rather like men and women, if you ask me. A comedy depends on stopping the story at exactly the right moment." Mia Fredrickson, the wry, vituperative, tragic comic, poet narrator of *The Summer Without Men*, has been forced to reexamine her own life. One

day, out of the blue, after thirty years of marriage, Mia's husband, a renowned neuroscientist, asks her for a "pause." This abrupt request sends her reeling and lands her in a psychiatric ward. The June following Mia's release from the hospital, she returns to the prairie town of her childhood, where her mother lives in an old people's home. Alone in a rented house, she rages and fumes and bemoans her sorry fate. Slowly, however, she is drawn into the lives of those around her—her mother and her close friends, "the Five Swans," and her young neighbor with two small children and a loud angry husband—and the adolescent girls in her poetry workshop whose scheming and petty cruelty carry a threat all their own. From the internationally bestselling author of *What I Loved* comes Siri Hustvedt's provocative, witty, and revelatory novel about women and girls, love and marriage, and the age-old question of sameness and difference between the sexes.

Lily Dahl, the young heroine of Siri Hustvedt's riveting novel, *The Enchantment of Lily Dahl*, is a strong, beautiful and daring nineteen year old girl poised on the brink of womanhood. In the small town of Webster, Minnesota, Lily's life

revolves around the Ideal Café. She lives above the café in a rented room and works there as a waitress. This is the stage Hustvedt sets for a bizarre cast of characters who frequent the café and populate Lily's life. Weaving a fascinating spell of mystery and suspense, Hustvedt recounts the erotic adventures, unexpected friendships, and inexplicable acts of madness that usher Lily into womanhood. By skillfully mixing reality and dreams, fact and fiction, past and present, Hustvedt creates a powerful world not quite real, but altogether truthful.

From the internationally bestselling author, praised for her " beguiling, lyrical prose " (The Sunday Times Review, UK), comes a brilliant, provocative novel about an artist, Harriet Burden, who after years of being ignored by the art world conducts an experiment: she conceals her female identity behind three male fronts. Presented as a collection of texts, edited and introduced by a scholar years after the artist ' s death, the book unfolds through extracts from Burden ' s notebooks and conflicting accounts from others about her life and work. Even after she steps forward to reveal herself as the force behind three solo shows, there are those who doubt she is responsible for the last exhibition, initially credited to the acclaimed artist Rune. No one doubts the two artists were involved with each other. According to Burden ' s journals, she and Rune found themselves locked in a charged and dangerous psychological game that ended with the man ' s bizarre death. From one of the most ambitious and

internationally celebrated writers of her generation, Hustvedt ' s *The Blazing World* is a polyphonic tour de force. It is also an intricately conceived, diabolical puzzle that addresses the shaping influences of prejudice, money, fame, and desire on what we see in one another. Emotionally intense, intellectually rigorous, ironic, and playful, this is a book you won ' t be able to put down.

The internationally acclaimed novelist Siri Hustvedt has also produced a growing body of nonfiction. She has published a book of essays on painting (*Mysteries of the Rectangle*) as well as an interdisciplinary investigation of a neurological disorder (*The Shaking Woman or A History of My Nerves*). She has given lectures on artists and theories of art at the Prado, the Metropolitan Museum of Art in New York, and the Academy of Fine Arts in Munich. In 2011, she delivered the thirty-ninth annual Freud Lecture in Vienna. *Living, Thinking, Looking* brings together thirty-two essays written between 2006 and 2011, in which the author culls insights from philosophy, neuroscience, psychology, psychoanalysis, and literature. The book is divided into three sections: the essays in *Living* draw directly from Hustvedt's life; those in

Thinking explore memory, emotion, and the imagination; and the pieces in *Looking* are about visual art. And yet, the same questions recur throughout the collection. How do we see, remember, and feel? How do we interact with other people? What does it mean to sleep, dream, and speak? What is "the self"? Hustvedt's unique synthesis of knowledge from many fields reinvigorates the much-needed dialogue between the humanities and the sciences as it deepens our understanding of an age-old riddle: What does it mean to be human?

What I Loved Simon and Schuster

“ The Delusions of Certainty is a unique book by an extraordinary author. Siri Hustvedt is a notable novelist, art scholar, and a philosopher of science. In this memorable and immensely enjoyable volume, Hustvedt rises above the exhausted debate over the two cultures, to demonstrate not just the possibility but also the advantages of combining the approaches of the arts, humanities, and sciences to illuminate a key aspect of the human condition: the mind-body problem. ” —Antonio Damasio, bestselling author of *Descartes' Error* and *Self Comes to Mind* “ Siri Hustvedt proves her

membership in the highest rank of neuroscientists and philosophers who probe the nature of thought and the workings of consciousness. A novelist and a student of psychoanalysis and neuroscience, Hustvedt can ask questions others cannot ask about imagination, identity, epistemology, gendered power, and mortality. Her authoritative knowledge and her courage to challenge the status quo guide the reader to fresh epiphanies about what counts as human nature. The work is, in the end, a work of freedom. ” —Rita Charon, Columbia University “ The Delusions of Certainty is the best book on the mind-body problem I have ever read. Perhaps only a great novelist and essayist can address what neuroscientists and philosophers fail to question. Siri Hustvedt takes the reader on an inspiring journey into highly relevant and often unanswered questions about what it means to be human. ” —Vittorio Gallese, University of Parma Prizewinning novelist, feminist, and scholar Siri Hustvedt turns her brilliant and critical eye toward the metaphysical issues of neuropsychology in this lauded, standalone volume.

Originally published in her “ canonical ” (Publishers Weekly) and “ absorbing ” (Kirkus Reviews) collection *A Woman Looking at Men Looking at Women*, *The Delusions of Certainty* exposes how the age-old, unresolved mind-body problem has shaped—and often distorted and confused—contemporary thought in neuroscience, psychiatry, genetics, artificial intelligence, and evolutionary psychology.

The dazzling new novel by the author of the international bestseller, *WHAT I LOVED*, about the secrets and ghosts that haunt families from one generation to the next *The Enchantment of Lily Dahl* McFarland With an essay by Siri Hustvedt, Margaret Bowland: Excerpts from the *Great American Songbook* is the first publication devoted to Bowland's stunning and psychologically charged series of paintings focused on "JJ," a young African American girl, in whom the artist sees a metaphorical lightning rod for her own personal issues of gender, beauty, individuality, and

race. For Bowland it is a steadfast journey of relentless self-awareness. Her paintings are titled according to famous and beloved songs that, however delightful, always seem to be burdened with the dark shadow of sorrow. Provocative and inspiring, Bowland's paintings capture themes of internalized suffering, denial, and basic human frailty alongside powerful notions of affirmation, resilience, trust, and an intrinsic sense of beauty. This volume surveys all of the paintings in Bowland's "JJ" series, most of which were completed between 2008 and 2011, but have never been shown publicly. This beautifully designed volume provides detailed descriptions of the artist's work, making it an essential book on gender, race, and contemporary art. The Sorrows of an American transcript Verlag

In this book, Hustvedt gives us nine essays on the significance of particular works of art, replete with original insights and a few startling discoveries. In her essay on Giorgione's *The Tempest*, a painting that has mystified art critics for hundreds of years, the author reinterprets the canvas as a work about art and voyeurism. While looking at *The Third of May*, she was astonished to

discover that Goya had hidden his own self-portrait in a shadowy corner of his iconic masterwork. More than anything, the essays in this book display a true passion for art, from the still lifes of Jean-Baptiste Chardin and Giorgio Morandi to the contemporary works of Joan Mitchell and Gerhard Richter. Hustvedt captures perfectly the pleasure found in giving oneself up to the complexities and ambiguities of painting, discovering new subtleties and surprises the longer one takes the time to look.--Back cover.

A powerful and heartbreaking novel that chronicles the epic story of two families, two sons, and two marriages Siri Hustvedt's *What I Loved* begins in New York in 1975, when art historian Leo Hertzberg discovers an extraordinary painting by an unknown artist in a SoHo gallery. He buys the work; tracks down the artist, Bill Wechsler; and the two men embark on a life-long friendship. Leo's story, which spans twenty-five years, follows the evolution of the growing involvement between his family and Bill's-an intricate constellation of attachments that includes the two men; their wives, Erica and Violet; and their children, Matthew and Mark. The families live in the same building in New York, share a house in Vermont during the summer, keep up a lively exchange of thoughts and ideas, and find themselves permanently altered by one another. Over the years, they not only enjoy love but endure loss-in one case sudden, incapacitating loss; in another, a different kind, one that is hidden and slow-growing, and which insidiously erodes the fabric of their lives. Intimate in tone and seductive in its complexity, the novel moves seamlessly from inner worlds to outer worlds, from the deeply

private to the public, from physical infirmity to cultural illness. Part family novel, part psychological thriller, *What I Loved* is a beautifully written exploration of love, loss, and betrayal—and of a man's attempt to make sense of the world and go on living.

The Sorrows of an American is a soaring feat of storytelling about the immigrant experience and the ghosts that haunt families from one generation to another. When Erik

Davidson and his sister, Inga, find a disturbing note from an unknown woman among their dead father's papers, they believe he may be implicated in a mysterious death. Siri Hustvedt's *The Sorrows of an American* tells the story of the Davidson family as brother and sister uncover its secrets and unbandage its wounds in the year following their father's funeral. Returning to New

York from Minnesota, the grieving siblings continue to pursue the mystery behind the note. While Erik's fascination with his new tenants and emotional vulnerability to his psychiatric patients threaten to overwhelm him, Inga is confronted by a hostile journalist who seems to know a secret connected to her dead husband, a famous novelist. As each new mystery unfolds, Erik begins to inhabit his emotionally hidden father's history and to glimpse how his impoverished childhood, the Depression, and the war shaped his relationship with his children, while Inga must confront the reality of her husband's double life. A novel about fathers and children, listening and deafness, recognition and blindness; the pain of speaking and the pain of keeping silent, the ambiguities of memory, loneliness, illness, and recovery. Siri Hustvedt's exquisitely moving prose reveals one family's hidden sorrows through an extraordinary mosaic of secrets and stories that reflect the fragmented nature of identity itself.
