Paul Roberts: The End of Food – Cooking Up a Story

THE END OF FOOD. by Paul Roberts RELEASE DATE: June 4,

2008. From Harper ' s contributor Roberts (The End of Oil, 2004),

another dire warning of hard times ahead. This time the author

scrutinizes the modern food system, examining its history from

prehistoric big-game hunting through the rise of industrialized food

production to the retail revolution in which large grocery companies

control the supply chain.

...

If you are totally new to the problems in our current food system, this

will have some interesting facts hidden in the lines of ranting and

bitterness, but The End of Food by Paul Roberts (same title, different

books) gives even more information in a much more informative, non-

ranting way that still manages to be interesting and very readable.
