Paul Roberts: The End of Food - Cooking Up a Story  
In The End of Food, Paul Roberts investigates this  
system and presents a startling truth—how we make,  
market, and transport our food is no longer  
compatible with the billions of consumers the  
system. Salmonella-tainted tomatoes, riots, and  
skyrocketing prices are only the latest in a series  
of food-related crises that have illuminated the  
failures of the modern food system.

**The End Of Food Paul**

"*The End of Food*" by Paul Roberts is an informative book about the global food market. Paul Roberts definitely did his work when it came to researching this book. Evidence of the research is found in the large "Notes" section in the back of the book.

*Editions of The End of Food by Paul Roberts*

*The End of Food* follows on Paul Roberts' *End of Oil*. Ok, so this guy seems to be finding a lot of ends of things, so isn't this just

an exaggeration? Sadly, no.

The bestselling author of "*The End of Oil*" turns his attention to food and finds that the system entrusted with meeting one of the most basic needs is dramatically failing us. With his trademark comprehensive global approach, Roberts investigates the startling truth about the modern food system
