From one of Spain's greatest writers—and the international bestselling, award-winning author of *The Infatuations*—comes an odyssey into the nature of identity and of time that weaves together fact and fiction into a completely original and unforgettable hybrid. "Stylish, cerebral...Mar í as is a startling talent...His prose is ambitious, ironic, philosophical, and ultimately compassionate." —The New York Times Called by its author a "false novel," *Dark Back of Time* begins with the tale of the odd effects of publishing *All Souls*, his witty and sardonic 1989 Oxford novel. *All Souls* is a book Mar í as swears to be fiction, but which its "characters"—the real-life dons and professors and bookshop owners who have "recognized

themselves"—fiercely maintain to be a roman à clef. With the sleepy world of Oxford set into fretful motion by a world that never "existed," *Dark Back of Time* begins an odyssey into the nature of identity and of time. Mar í as weaves together autobiography, a legendary kingdom, strange ghostly literary figures, halls of mirrors, a one-eyed pilot, a curse in Havana, and a bullet lost in Mexico.

Aspiration Simon and Schuster *Heart of Darkness* is often considered the world's best short novel. The book serves as a bridge between the 19th century and modernism, an adventure tale revolving around the ambiguity of themes such as truth, morality, and evil.

Joseph Conrad witnessed the European exploitation of the Congo with his own eyes. He once sailed up the Congo River himself to locate a countryman at a trading station deep within the country - even though this man wasn't named Kurtz. The goal and enigma of the journey have become synonymous with this name, one of the most unforgettable fictional characters of our time. JOSEPH CONRAD [1857-1924] was born in Ukraine to Polish parents, went to sea at the age of seventeen, and ended his career as a captain in the English merchant navy. His most famous work is the novella *Heart of Darkness* [1899], adapted into a film by Francis Ford Coppola in 1979 as *Apocalypse Now*.

Becoming someone is a learning process; and what we learn is the new values around which, if we succeed, our lives will come to turn. Agents transform themselves in the process of, for example, becoming parents, embarking on careers, or acquiring a passion for music or politics. How can such activity be rational, if the reason for engaging in the relevant pursuit is only available to the person one will become? How is it psychologically possible to feel the attraction of a form of concern that is not yet one's own? How can the work done to arrive at the finish line be ascribed to one

who doesn't (really) know what one is doing, or why one is doing it? In *Aspiration*, Agnes Callard asserts that these questions belong to the theory of aspiration. Aspirants are motivated by proleptic reasons, acknowledged defective versions of the reasons they expect to eventually grasp. The psychology of such a transformation is marked by intrinsic conflict between their old point of view on value and the one they are trying to acquire. They cannot adjudicate this conflict by deliberating or choosing or deciding - rather, they resolve it by working to see the world in a new way. This work has a teleological structure: by modeling oneself on the person he or she is trying to be, the aspirant brings that person into being. Because it is open to us to engage in an activity of self-creation, we are responsible for having become the kinds of people we are.

Finalist for the National Book Award for Nonfiction * New York Times Bestseller * A Huffington Post Notable Nonfiction Book of the Year * One of the Best Books of the Month on Goodreads * Library Journal Best Sci-

Tech Book of the Year * An American Library Association Notable Book of the Year "Sy Montgomery's *The Soul of an Octopus* does for the creature what Helen Macdonald's *H Is for Hawk* did for raptors." —New Statesman, UK "One of the best science books of the year." —Science Friday, NPR A New York Times bestseller from the author of *The Good Good Pig*, this "fascinating...touching...informative...entertaining" (*The Daily Beast*) book explores the emotional and physical world of the octopus—a surprisingly complex, intelligent, and spirited creature—and the remarkable connections it makes with humans. In pursuit of the wild, solitary, predatory octopus, popular naturalist Sy Montgomery has practiced true immersion journalism. From New England aquarium tanks to the reefs of French Polynesia and the Gulf of Mexico, she has befriended octopuses with strikingly different personalities—gentle Athena, assertive Octavia, curious Kali, and joyful Karma. Each creature shows her cleverness in myriad ways: escaping enclosures like an orangutan; jetting

water to bounce balls; and endlessly tricking companions with multiple "sleights of hand" to get food. Scientists have only recently accepted the intelligence of dogs, birds, and chimpanzees but now are watching octopuses solve problems and are trying to decipher the meaning of the animal's color-changing techniques. With her "joyful passion for these intelligent and fascinating creatures" (*Library Journal Editors' Spring Pick*), Montgomery chronicles the growing appreciation of this mollusk as she tells a unique love story. By turns funny, entertaining, touching, and profound, *The Soul of an Octopus* reveals what octopuses can teach us about the meeting of two very different minds. *Destiny's Gate* Simon and Schuster *Wake Me Up Inside* is a ghost story centered around Paige Maddison, a strong teen-age heroine. Paige is disturbed by nightmares of places she has never seen, and visions of a girl haunting her dreams. She is angry because she must move with her parents to an estate called

O'Brien Manor, to help her estranged grandparents, one of whom is in ill health. As luck would have it, Paige meets Bradley Adam Parkman. Together they explore the estate and although they experience paranormal activity, neither one wants to discuss it in case the other would find them crazy. Paige stumbles onto a forgotten cemetery and a piece of a stone tablet. She is instantly curious and obsessed with what it is? During this quest, her grandfather's health fails and Paige bears the burden of solving a family secret which is tied to an evil spirit haunting the estate. Will Paige uncover the mystery of O'Brien Manor before it's too late? It's a page turner and will leave you feeling haunted. Reviews for Wake Me Up Inside: John Robert Colombo, author/anthologist and Canada's Master Gatherer had this to say: In Praise of Wake Me Up Inside: " It was an amazing feeling " So begins this lively short first

novel written by Lee Bice-Matheson... then it transports the reader to " the Manor " where life is rather different, both demanding and rewarding! The author deserves to be congratulated, for she has found a style that moves along in a sprightly fashion. She spares the reader the descriptive passages found in most first novels in favour of rewarding the reader with reams of lively speech. The result is that young Paige is very much alive, she enters into relationships, and she turns out to be something of an acrobat, for she leaps off the page! Amazon reviewer declared 'Move over James Patterson, there's a new kid in town! 5 stars C. Harkin, Fitzhenry & Whiteside said 'This portion of a tale of the supernatural connects the world that teens will know and be familiar with to the terrifying concept of ghosts and the unexplained.'

"A wide and deep view of a dynamic, multiethnic Southern California . . . Susan Straight is an essential voice in American writing and in writing of the West." —The New York Times Book Review From the National Book Award finalist Susan Straight, *Mecca* is a stunning epic tracing the intertwined lives of native Californians fighting for life and land Johnny Fr í as has California in his blood. A descendant of the state ' s Indigenous people and Mexican settlers, he has Southern California ' s forgotten towns and canyons in his soul. He spends his days as a highway patrolman pulling over speeders, ignoring their racist insults, and pushing past the trauma of his rookie year, when he killed a man assaulting a young woman named Bunny, who ran from the scene, leaving Johnny without a witness. But like the Santa Ana winds that every year bring the risk of fire, Johnny ' s moment of action twenty years ago sparked a slow-burning chain of connections that unites a vibrant, complex cast of characters in ways they never see coming. In *Mecca*, the celebrated novelist Susan Straight crafts an unforgettable American epic, examining race, history, family, and destiny through the

interlocking stories of a group of native Californians all gasping for air. With sensitivity, furor, and a cinematic scope that captures California in all its injustice, history, and glory, she tells a story of the American West through the eyes of the people who built it—and continue to sustain it. As the stakes get higher and the intertwined characters in *Mecca* slam against barrier after barrier, they find that when push comes to shove, it ' s always better to push back.

Despite creating vast inequalities and propping up reactionary world regimes, capitalism has many passionate defenders—but not because of what it withholds from some and gives to others. Capitalism dominates, Todd McGowan argues, because it mimics the structure of our desire while hiding the trauma that the system inflicts upon it. People from all backgrounds enjoy what capitalism provides, but at the same time are told more and better is yet to come.

Capitalism traps us through an incomplete satisfaction that compels us after the new, the better, and the more.

Capitalism's parasitic relationship to our

desires gives it the illusion of corresponding to our natural impulses, which is how capitalism's defenders characterize it. By understanding this psychic strategy, McGowan hopes to divest us of our addiction to capitalist enrichment and help us rediscover enjoyment as we actually experienced it. By locating it in the present, McGowan frees us from our attachment to a better future and the belief that capitalism is an essential outgrowth of human nature. From this perspective, our economic, social, and political worlds open up to real political change. Eloquent and enlivened by examples from film, television, consumer culture, and everyday life, *Capitalism and Desire* brings a new, psychoanalytically grounded approach to political and social theory.
