The Fall of Arthur, the only venture by J.R.R. Tolkien into the legends of Arthur, king of Britain, may well be regarded as his finest and most skillful achievement in the use of Old English alliterative meter, in which he brought to his transforming perceptions of the old narratives a pervasive sense of the grave and fateful nature of all that is told: of Arthur's expedition overseas into distant heathen lands, of Guinevere's flight from Camelot, of the great sea battle on Arthur's return ...

The Fall of Arthur recounts in verse the last campaign of King Arthur, who, even as he stands at the threshold of Mirkwood, is summoned back to Britain by news of the treachery of Mordred. Already weakened in spirit by Guinevere's infidelity with the now-exiled Lancelot, Arthur must rouse his knights to battle one last time against Mordred's rebels and foreign mercenaries.

The Fall Of Arthur Jrr Tolkien started The Fall of Arthur sometime before 1933 and it was abandoned by 1934. He never returned to it. In 1937, he submitted an early version of what became the Silmarillion to the publisher of The Hobbit. The timing of The Fall of Arthur seems to indicate a fleeting hope that he could convert

Arthurian literature into a myth for England.

Tolkien, J ...

In the 1930s, he wrote "The Fall of Arthur," an epic

poem that he abandoned in favor of his more famous

Middle-Earth books. This is not the genteel, courtly

Arthur of Thomas Malory -- this is a rough, ancient-

feeling poem that follows the rhythm and flow of

Anglo-Saxon poetry.
