After accidentally falling into a stream, Little Horse fights the swift current that carries him farther and farther from the valley where he was born. When he finally manages to scramble ashore, a giant bird swoops down on him. Little Horse runs for cover in a forest of flowers only to have a giant paw pin him to the ground. But a hand gently lifts him up and tucks him inside a warm cave--just like the cave he used to share with his mother. This tender,

A Good Horse Is Never a Bad Color
Rowman & Littlefield

At some point in a mother's life, her child--most likely, her daughter--will smile sweetly and say, "Mommy, I want to learn

to ride a horse. And then I want to win a blue eye.

ribbon." What's a mother to do? (Or for that matter, a father, since he'll become involved too, even though ferrying the child to and from lessons and competitions is far more often the equivalent of a Soccer Mom.) Even people who rode when they were younger may not remember the ins and outs of the sport, and especially the way it's played these days. Riding to the rescue comes Susan Daniels, an experienced and accomplished Horse Show Mom. Taking the perplexed parent under her wing, she provides advice on locating a suitable lesson stable (including how to tell whether a particular instructor is right for your child, and what to do if he or she isn't), determining when - or whether - to buy a horse or a pony, outfitting horse and rider (must the animal's leg wraps and the child's ponytail ribbons match?), and understanding and coping with stable politics (such as when it's appropriate for barn managers and instructors to pay more attention to another youngster than to yours). When it comes to horse showing, the author explains how to tell when your child is ready for competition, what's expected of horse and rider at various levels of proficiency, which supplies Moms should always have on hand (safety pins and hair nets lead the list), how to deal with your child's triumphs and tears, and how to understand the complicated but crucial national and regional championship points systems. With pages of warm and encouraging humor, sound advice and illustrative true-life adventures from the worlds of hunter/jumper, Western, combined training, and dressage competition, *The Horse Show Mom's Survival Guide* is a valuable "leg up" for any parent whose youngster has that blue-ribbon gleam in her

"I've started horses since I was 12 years old and have been bit, kicked, bucked off and run over. I've tried every physical means to contain my horse in an effort to keep from getting myself killed. I started to realize that things would come much easier for me once I learned why a horse does what he does. This method works well for me because of the kinship that develops between horse and rider. " --Buck Brannaman

In *THE FARAWAY HORSES*, Brannaman shares his methods for training and provides a behind-the-scenes glimpse of Robert Redford's movie *The Horse Whisperer*, for which he was the technical advisor. *Viva Jacqueline!* St. Martin's Press

The Greatest Horse Stories Ever Told Western Horseman Book

HACKAMORE REINSMAN by ED

CONNELL, first published in 1952, is a hands-on manual of instruction that describes in detail the use of the hackamore and snaffle bit. He takes green horse and trainer from the first bosal and ground-pulling to the point that the horse will slide and whirl on the hackamore. Ed's method is pure "Californio" having descended from the Moors and then the Spaniards who brought this training to the New World, developing the hair-trigger reined horses found in California. It is the Spanish method of breaking and training a horse before it is ever bitted. The focus is on making a finished hackamore horse with an untouched mouth. It emphasizes the art of reinsmanship as practiced, developed and perfected by the Old Californios and remains the bible of all books on hackamore training. Connell's 2nd book, REINSMAN OF THE WEST -- BRIDLES & BITS, gives the WHY and HOW of making a spade bit horse out of the hackamore horse, using the methods of the Old California Vaqueros. It explains how to choose the right bit and how to use that bit to get the most from your horse. Website: www.hackamore-reinsman.com.

Part American road trip, part coming-of-age adventure, and part uncommon love story—a remarkable memoir that explores the evolution of the human-animal relationship, along with the raw beauty of a life lived outdoors. Melissa Chapman was 23 years old and part of a happy, loving family. She had a decent job, a boyfriend she cared about, and friends she enjoyed. Yet she said goodbye to all of it. Carrying a puppy named Gypsy, she climbed aboard a horse and rode away from everything, heading west. With no cell phone, no GPS, no support team or truck following with supplies, Chapman quickly learned that the reality of a cross-country horseback journey was quite different from the fantasy. Her solo adventure would immediately test her mental, physical, and emotional resources as she and her four-legged companions were forced to adapt to the dangers and loneliness of a trek that would span over 2,600 miles, beginning in New York State and reaching its end on the other side of the country, in California. Enchanted by the freedom a nomadic life seemed to promise, the young woman would soon find herself only more deeply connected...to the animals that accompanied her, to the varying and challenging landscapes through which she traveled, and to the people she met on the farms and back roads that crisscross the United States. Chapman's vigilance in detailing the quietest moments of heroism and beauty, as well as the startling and tragic, yields a read that convinces one of both

the magnificence of the countryside and the generosity of the people who call it home. A book for the equestrian, the animal lover, and the outdoor enthusiast—or anyone who dreams about one day bringing a longed-for adventure to life.

The History of Western Horseman

"If you buy that horse, you're buying your daughter's death warrant," Jane Pohl's father was warned at the army barracks in the spring of 1941. But the potential that his teenage daughter Jane saw in the small, temperamental Thoroughbred was enough to convince him otherwise. Earlier that year, when Fitzrada arrived at the army base where Jane's family lived, the horse was stubborn, unpredictable, and dangerous. Any man who dared addle him up soon found himself face down in the dirt. Jane, excited to ride any horse and up for the challenge, had the most success with Fitz. She was patient and consistent, and the horse responded well at last, showing a great affinity for jumping. Then, inexplicably, a terrible riding accident resulted in serious injuries for both Jane and Fitz, and the army decide that it was time to destroy the horse.

Heartbroken, Jane pleaded with her reluctant father: the only way to save Fitz was to buy him from the army. Jane Pohl's foresight proved to be correct. Jane and Fitz went on to take the Virginia show-jumping circuit by storm, winning 37 jumper and 6 hinter championships. At a time when women were rarely seen in jumping classes at horse shows and were not taken seriously by male competitors, Jane and Fitz helped

to break down barriers against women riders competing in the Olympics. In 1946, Jane and Fitz found themselves at the Jumper Championship at the prestigious National Horse Show in Madison Square Garden—the highest jumping title in North America. The road there for horse and rider was a five-year test of faith, patience, and understanding friendship.

The Ballad of the White Horse is a poem by G. K. Chesterton about the idealized exploits of the Saxon King Alfred the Great. Written in ballad form, the work is usually considered one of the last great traditional epic poems ever written in the English language. The poem narrates how Alfred was able to defeat the invading Danes at the Battle of Ethandun under the auspices of God working through the agency of the Virgin Mary. In addition to being a narration of Alfred's military and political accomplishments, it is also considered a Catholic allegory. Chesterton incorporates a significant amount of philosophy into the basic structure of the story. Aeterna Press

From the author of Orwell's *Roses*, a personal, lyrical narrative about storytelling and empathy—a fitting companion to Solnit's *A Field Guide to Getting Lost*. Finalist for the National Book Critics Circle Award. In this exquisitely written book by the author of *A Paradise Built in Hell*, Rebecca Solnit explores the ways we make our lives out of stories,

and how we are connected by empathy, by narrative, by imagination. In the course of unpacking some of her own stories—of her mother and her decline from memory loss, of a trip to Iceland, of an illness—Solnit revisits fairytales and entertains other stories: about arctic explorers, Che Guevara among the leper colonies, and Mary Shelley's *Dr. Frankenstein*, about warmth and coldness, pain and kindness, decay and transformation, making art and making self. Woven together, these stories create a map which charts the boundaries and territories of storytelling, reframing who each of us is and how we might tell our story.
