The Fault in Our Stars: A 30-minute Summary of the John Green Novel Penguin

Essay from the year 2015 in the subject English Language and Literature Studies - Literature, , course: IB English, language: English, abstract: "The Fault In Our Stars" is a tragic love story that deals with the sufferings and deaths of cancer patients. John Green borrows the title of the story from Shakespeare's "Julius Caesar", wherein Cassius says, "The fault dear Brutus is not in our stars but in ourselves that we are underlings." But contrary to what Cassius says, this story establishes the conundrum that we are helpless before our destiny. In Green's novel, Hazel and Augustus are lovers, not unlike "Antony and Cleopatra", and "Romeo and Juliet." But what separates them from the legendary lovers is the fact that they are born with cancer in their cells. Their story, although of great love and compassion, will not be written in the pages of history.

Conversations on the Fault in Our Stars: a Novel by John Green GRIN Verlag

As I was approaching the mall exit, this cute little girl with barretted braids appeared in front of me and said, "What's that in your nose?" "They're called cannula," I said. "These tubes give me oxygen, which helps me breathe." "Would they help me breathe, too?" she asked. "I dunno, wanna try?" "Nah," she replied, "I don't wanna look like a weirdo." "Wanna know a secret?" I asked. "Yeah!" I licked my finger and rubbed it on her arm. "I just gave you cancer," I whispered. *** You've read the book. You've seen the movie. Now read the parody! THE FAULT IN OUR PANTS is the hilarious new full-length parody of "The Fault in Our Stars". Just listen to these reviews: "Grand." -Augustus Waters "A douche fest." -Hazel Grace Lancaster "Will there be a braille edition?" -Isaac "Why wasn't I in the movie?" -Kaitlyn All the big scenes that weren't in the book but should have been are here! For instance:--The scene where Hazel tells Isaac that "always" no longer applies if your significant other goes blind--The scene where Hazel wastes her Genie Wish by wishing for a million more wishes--The scene where Hazel tries to take it past first base in the Anne Frank House And many more! From support group to the swing set of tears, from Augustus' trophies to Amsterdam, from Van Houten to Venn diagrams, it's all in THE FAULT IN OUR PANTS. So go ahead, give it a shot. You know you want to read it more than "Paper Towns."

A Novel by John Green Simon and Schuster

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, Infinite Jest bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration

of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, *The Atlantic*

An Abundance of Katherines Gale, Cengage Learning

When 16-year-old poetry blogger Tessa Dickinson is involved in a car accident and loses her eyesight for 100 days, she feels like her whole world has been turned upside-down. Terrified that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition -- no one can tell Tessa about his disability. And because she can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's "obnoxious optimism", convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches into her darkness to show her that there is more than one way to experience the world. As Tessa grows closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. *100 Days of Sunlight* is a poignant and heartfelt novel by author Abbie Emmons. If you like sweet contemporary romance and strong family themes then you'll love this touching story of hope, healing, and getting back up when life knocks you down.

Fandom and first love collide in in this joyful, feminist contemporary romance from acclaimed author Cori McCarthy—perfect for fans of Rainbow Rowell and Ashley Poston Iris Thorne wants to blaze her own path. And with a major motion picture adaptation of her grandmother's books in the works, Iris can say goodbye to her dream of making her own way in the music industry. When Iris and her brother get invited to the film set in Ireland, she's pretty sure the trip will be a nightmare. Except Iris can't deny the rugged beauty of the Irish countryside. And brushing shoulders with the hot, young cast isn't awful, especially the infuriatingly charming lead actor, Eamon O'Brien. Iris even finds the impassioned female director inspiring. But when the filming falls into jeopardy, everything Iris thought she knew about *Elementia*—and herself—is in question. Will making a film for the big screen help Iris to see the big picture?

Stark and realistic."—RTBooks Penelope (Lo) Marin has always loved to collect beautiful things. Her dad's consulting job means she's grown up moving from one rundown city to the next, and she's learned to cope by collecting (sometimes even stealing) quirky trinkets and souvenirs in each new place--possessions that allow her to feel at least some semblance of home. But in the year since her brother Oren's death, Lo's hoarding has blossomed into a full-blown, potentially dangerous obsession. She discovers a beautiful, antique butterfly pendant during a routine scour at a weekend flea market, and recognizes it as having been stolen from the home of a recently murdered girl known only as "Sapphire"--a girl just a few years older than Lo. As usual when Lo begins to obsess over something, she can't get the murder out of her mind. As she attempts to piece together the mysterious "butterfly clues," with the unlikely help of a street artist named Flynt, Lo quickly finds herself caught up in a seedy, violent underworld much closer to home than she ever imagined--a world, she'll ultimately discover, that could hold the key to her brother's tragic death.
