One of the most influential leaders of the twentieth century, Ho Chi Minh was founder of the Indochina Communist Party and its successor, the Viet-Minh, and was president from 1945 to 1969 of the Democratic Republic of Vietnam (North Vietnam). In exploring the life and career of Ho Chi Minh, Pulitzer Prize-winning author David Halberstam provides a window into traditions and culture that influenced the American war in Vietnam, while highlighting the importance of nationalism in determining the war's outcome. As depicted by Halberstam, Ho is first and foremost a nationalist and a patriot. He was also, according to the author, a pragmatist "who was able to turn the abstract into the practical and to embody the concept of revolution to his own people." This edition includes a new preface by the author.

War in a Time of Peace Open Road Media
This engrossing anthology assembles classic

New Yorker pieces from a complex era enshrined in the popular imagination as the decade of poodle skirts and Cold War paranoia—featuring contributions from Philip Roth, John Updike, Nadine Gordimer, and Adrienne Rich, along with fresh analysis of the 1950s by some of today's finest writers. The New Yorker was there in real time, chronicling the tensions and innovations that lay beneath the era's placid surface. In this thrilling volume, classic works of reportage, criticism, and fiction are complemented by new contributions from the magazine's present all-star lineup of writers. The magazine's commitment to overseas reporting flourished in the 1950s, leading to important dispatches from East Berlin, the Gaza Strip, and Cuba during the rise of Castro. Closer to home, the fight to break barriers and establish a new American identity led to both illuminating coverage, as in a portrait of Thurgood Marshall at an NAACP meeting in Atlanta, and trenchant commentary, as in E. B. White's blistering critique of Senator Joe McCarthy. The arts scene is recalled in critical writing rarely reprinted, including Wolcott Gibbs on *My Fair Lady*, Anthony West on *Invisible Man*, and Philip

Hamburger on Candid Camera. Also featured are great early works from Philip Roth and Nadine Gordimer, as well as startling poems by Theodore Roethke and Anne Sexton, among others. Completing the panoply are insightful and entertaining new pieces by present-day New Yorker contributors examining the 1950s through contemporary eyes. The result is a vital portrait of American culture as only one magazine in the world could do it. Including contributions by Elizabeth Bishop • Truman Capote • John Cheever • Roald Dahl • Janet Flanner • Nadine Gordimer • A. J. Liebling • Dwight Macdonald • Joseph Mitchell • Marianne Moore • Vladimir Nabokov • Sylvia Plath • V. S. Pritchett • Adrienne Rich • Lillian Ross • Philip Roth • Anne Sexton • James Thurber • John Updike • Eudora Welty • E. B. White • Edmund Wilson And featuring new perspectives by Jonathan Franzen • Malcolm Gladwell • Adam Gopnik • Elizabeth Kolbert • Jill Lepore • Rebecca Mead • Paul Muldoon • Evan Osnos • David Remnick Praise for *The 50s* “Superb: a gift that keeps on giving.”—Kirkus Reviews (starred review) “[A] magnificent anthology.”—Literary Review *A Novel* Vintage

Pulitzer-prize winning author David Halberstam's eyewitness account of the most critical political period of U.S. involvement in Vietnam—the Kennedy/Diem era—remains as fresh and stimulating today as when it was first published in 1965. In the introduction to this edition, historian Daniel J. Singal provides crucial background information that was unavailable when the book was written. *Historical Research in Music Education* McGraw-Hill Companies

“ If you have tears, prepare to shed them. ” --Frank McCourt "In the firehouse, the men not only live and eat with each other, they play sports together, go off to drink together, help repair one another's houses, and, most important, share terrifying risks; their loyalties

to each other must, by the demands of the dangers they face, be instinctive and absolute." So writes David Halberstam, one of America's most distinguished reporters and historians, in this stunning New York Times bestselling book about Engine 40, Ladder 35, located on the West Side of Manhattan near Lincoln Center. On the morning of September 11, 2001, two rigs carrying thirteen men set out from this firehouse: twelve of them would never return. *Firehouse* takes us to the epicenter of the tragedy. Through the kind of intimate portraits that are Halberstam's trademark, we watch the day unfold--the men called to duty while their families wait anxiously for news of them. In addition, we come to understand the culture of the firehouse itself: why gifted men do this; why, in so many instances, they are eager to follow in their fathers' footsteps and serve in so dangerous a profession; and why, more than anything else, it is not just a job, but a calling. This is journalism-as-history at its best, the story of what happens when one small institution gets caught in an apocalyptic day. *Firehouse* is a book that will move readers as few others have in our time.

The Making of a Quagmire Simon & Schuster

Bill Littlefield (NPR's *Only a Game*) presents the second installment in the Library of America series devoted to classic American sportswriters, a definitive collector's edition of the pathbreaking writer who invented the long-form sports story. Like his friend and admirer Red Smith, W. C. Heinz (1915–2008) was one of the most distinctive and influential sportswriters of the last century. Though he began his career as a newspaper reporter, Heinz soon moved beyond the confines of the daily column, turning freelance and becoming the first sportswriter to make his living writing for magazines. In doing so he effectively invented the long-form sports story, perfecting a style that paved the way for the New Journalism of the 1960s. His profiles of the top athletes of his day still feel remarkably current, written with a freshness of perception, a gift for characterization, and a finely tuned ear for dialogue. Jimmy Breslin named Heinz's "Brownsville Bum"—a brief life of Al "Bummy" Davis, Brooklyn street

tough and onetime welterweight champion of the world—"the greatest magazine sports story I've ever read, bar none." His spare and powerful 1949 column, "Death of a Race Horse," has been called a literary classic, a work of clarity and precision comparable to Hemingway at his best. Now, for this essential writer's centennial, Bill Littlefield, the host of NPR's *Only a Game*, presents the essential Heinz: thirty-eight columns, profiles, and memoirs from the author's personal archive, including eighteen pieces never collected during his lifetime. Though Heinz's great passion was boxing—the golden era of Rocky Graziano, Floyd Patterson, and Sugar Ray Robinson—his interests extended to the wide world of sports, with indelible profiles of baseball players (Babe Ruth, Joe DiMaggio), jockeys (George Woolf, Eddie Arcaro), hockey players, football coaches, scouts and trainers and rodeo riders. *Everything They Had* Anchor "In a grand gesture of reclamation and remembrance, Mr. Halberstam has brought the war back home." ---The New York Times David Halberstam's magisterial and thrilling *The Best and the Brightest* was the defining book about the Vietnam conflict. More than three decades later, Halberstam used his unrivaled research and formidable journalistic skills to shed light on another pivotal moment in our history: the Korean War. Halberstam considered *The Coldest Winter* his most accomplished work, the culmination of forty-five years of writing about America's postwar foreign policy. Halberstam gives us

a masterful narrative of the political decisions and miscalculations on both sides. He charts the disastrous path that led to the massive entry of Chinese forces near the Yalu River and that caught Douglas MacArthur and his soldiers by surprise. He provides astonishingly vivid and nuanced portraits of all the major figures--Eisenhower, Truman, Acheson, Kim, and Mao, and Generals MacArthur, Almond, and Ridgway. At the same time, Halberstam provides us with his trademark highly evocative narrative journalism, chronicling the crucial battles with reportage of the highest order. As ever, Halberstam was concerned with the extraordinary courage and resolve of people asked to bear an extraordinary burden. *The Coldest Winter* is contemporary history in its most literary and luminescent form, providing crucial perspective on every war America has been involved in since. It is a book that Halberstam first decided to write more than thirty years ago and that took him nearly ten years to complete. It stands as a lasting testament to one of the greatest journalists and historians of our time, and to the fighting men whose heroism it chronicles.

It shows the variety and depth of the men sent into harms way during World War II, something emphasised by the population of Stalag Luft III. Most of the Allied POWs were flyers, with all the technical, tactical and planning skills that profession requires. Such men are independent thinkers, craving open air and wide-open spaces, which meant that an obsession with escape was almost inevitable' - John D Gresham
Between dusk and dawn on the night of March 24th – 25th 1944, a small army of Allied soldiers crawled through tunnels in Germany in a covert operation the likes of which the Third Reich had never seen before. The prison break from

Stalag Luft III in eastern Germany was the largest of its kind in the Second World War. Seventy-nine Allied soldiers and airmen made it outside the wire – but only three made it outside Nazi Germany. Fifty were executed by the Gestapo. Jonathan Vance tells the incredible story that was made famous by the 1963 film *The Great Escape*. The escape is a classic tale of prisoner and their wardens in a battle of wits and wills. The brilliantly conceived escape plan is overshadowed only by the colourful, daring (and sometimes very funny) crew who executed it – literally under the noses of German guards. From their first days in Stalag Luft III and the forming of bonds key to such exploits, to the tunnel building, amazing escape and eventual capture, Vance's history is a vivid, compelling look at one of the greatest 'exfiltration' missions of all time. More than 6 years after his death David Halberstam remains one of this country's most respected journalists and revered authorities on American life and history in the years since WWII. A Pulitzer Prize-winner for his ground-breaking reporting on the Vietnam War, Halberstam wrote more than 20 books, almost all of them bestsellers. His work has stood the test of time and has become the standard by which all journalists measure themselves. *The Teammates* is the profoundly moving story of four great baseball players who have made the passage from sports icons--when they were young and seemingly indestructible--to men dealing with the vulnerabilities of growing older. At the core of the book is the friendship of these four very different men--Boston Red Sox teammates Bobby Doerr, Dominic DiMaggio, Johnny Pesky, and Ted Williams--who remained close for more than sixty years. The book starts out in early October 2001, when Dominic DiMaggio and Johnny Pesky begin a 1,300-mile trip by car to visit their beloved friend Ted Williams, whom they know is dying. Bobby Doerr, the fourth member of this close group--"my guys," Williams used to call them--is unable to join them. This is a book--filled with historical details and first-hand accounts--about baseball and about something more: the richness of friendship.

The first panoramic history of the Western world from the 1970s to the present day, *Empire of Democracy* is the story for those asking how we got to where we are. Half a century ago, at the height of the Cold War and amidst a world economic crisis, the Western democracies were forced to undergo a profound transformation. Against what some saw as a full-scale "crisis of democracy"—with race riots, anti-Vietnam marches and a wave of worker discontent sowing crisis

from one nation to the next—a new political-economic order was devised and the postwar social contract was torn up and written anew. In this epic narrative of the events that have shaped our own times, Simon Reid-Henry shows how liberal democracy, and western history with it, was profoundly reimagined when the postwar Golden Age ended. As the institutions of liberal rule were reinvented, a new generation of politicians emerged: Thatcher, Reagan, Mitterrand, Kohl. The late twentieth century heyday they oversaw carried the Western democracies triumphantly to victory in the Cold War and into the economic boom of the 1990s. But equally it led them into the fiasco of Iraq, to the high drama of the financial crisis in 2007/8, and ultimately to the anti-liberal surge of our own times. The present crisis of liberalism enjoins us to revisit these as yet unscripted decades. The era we have all been living through is closing out, democracy is turning on its axis once again. As this panoramic history poignantly reminds us, the choices we make going forward require us first to come to terms with where we have been. *The True Story of the Great Escape* Harper Collins

"In a searing indictment of America's decline, former New York Times columnist Bob Herbert profiles struggling Americans--casualties of decades of government policies that have produced underemployment, inequality, and pointless wars--and offers a ringing call to arms to restore justice and the American dream. The United States needs to be reimagined. Once described by Lincoln as the last best hope on earth, the country seemed on the verge of fulfilling its immense promise in the mid 1960s and early 1970s: unemployment was low, wages and profits were high, and the nation's wealth--by today's standards--was distributed in a remarkably equitable fashion. America was a society confident that it could bring

a middle-class standard of living (at the very least) and the full rights of citizenship to virtually everyone. This sense of possibility has evaporated. In this book longtime New York Times columnist Bob Herbert combines devastating stories of suffering Americans with keen political analysis to show where decades of corporate greed, political apathy, and short-term thinking have led: America's infrastructure is crumbling, our schools fail our children, unnecessary wars maim our young men, and underemployment plagues a generation. He traces how the United States went wrong, exposing the slow, dangerous shift of political influence from the working population in the 1960s to the corporate and financial elite today, who act largely in their own self-interest. But the situation isn't entirely hopeless. Herbert argues that by tapping the creative ideas of people across the country who are implementing solutions at the local level, the middle class can reassert its power, put the economy back on track, and usher in a new progressive era"--

A Portrait of a Friendship Little, Brown
Four New York Times bestsellers by a "remarkable" Pulitzer Prize-winning journalist capture and celebrate America's passion for sports (The Seattle Times). Pulitzer Prize-winning journalist David Halberstam, preeminent chronicler of the American experience, focuses his meticulous narrative gifts on some of Major League Baseball's most iconic moments, training for the Olympics, and a remarkable profile of hoops legend Michael Jordan. Summer of '49: In this #1 New York Times bestseller, Halberstam brings to stirring life the unforgettable season that cemented baseball as America's pastime. A nation in transition is gripped by a pennant race for the ages: the Boston Red Sox, led by Ted Williams's unearthly bat skills, versus the New York Yankees and Joe DiMaggio's legendary heroics. Every hit

on and off the field crackles across the page "in such an enjoyable, interesting, and informative manner that a reader needn't be a baseball fan to appreciate the book" (Library Journal). October 1964: The 1964 World Series pitted the established Yankees against the upstart St. Louis Cardinals in an epic, seven-game seesaw battle that seemed to reflect the tensions of a nation in turmoil. The barnburner included a cast of legends—Mantle, Maris, Ford, Gibson, Brock—and enough game-changing plays to last a lifetime. Halberstam captures every moment with "a fluidity of writing that make[s] the reading almost effortless. . . . Absorbing" (San Francisco Chronicle). The Amateurs: This inspirational bestseller focuses Halberstam's brilliant reportage on the travails and triumphs of Olympic rowing. Introducing us to a cast of highly driven athletes at the 1984 single sculls trials in Princeton, Halberstam delves deep into their struggles, motivations, and failures—but in the end only one will represent the United States at the 1984 Olympics in Los Angeles. Informative and compelling, Halberstam "maintains the suspense to the very last stroke" (Sports Illustrated). Playing for Keeps: A wildly entertaining and revealing portrait of global icon Michael Jordan and the rise of the NBA. With his usual impeccable research and gripping storytelling, Halberstam covers the whole court, from the transformative rivalry of Larry Bird and Magic Johnson to the invention of ESPN to Spike Lee's Nike commercials to every unforgettable playoff game that built Jordan's legend. "Filled with salty, informed hoops talk" (Publishers Weekly), this "remarkable book . . . [is] a must-read for basketball fans, admirers of Jordan, and anyone who seeks to understand sports in America today" (Bill Bradley).
