### *A Mask for Janus* Anchor Bible

The Pentateuch (its Greek name, but also known as the Torah by the  
Hebrews) consists of the first five books of the Bible: Genesis,  
Exodus, Leviticus, Numbers, and Deuteronomy. From Adam and Eve  
in the Garden, to Noah's Ark, to Moses' parting of the Red Sea, to its  
conclusion with the death of Moses, the Pentateuch contains some of  
the most important and memorable stories in Western civilization. In  
this richly detailed work, which has become a standard in the field,  
renowned biblical scholar Joseph Blenkinsopp unravels (as Harold

Bloom did in *The Book of J*) the radical scholarly opinions on just where these ancient and powerful stories come from, how they were formed, and what significance they have today. In the classroom, when professors cover these books of Moses, they turn to Dr. Blenkinsopp's classic for reliable, accessible discussions of all the important details.

The writings in this volume cast a glimmer of light upon the emerging traditions and organization of the infant church, during an otherwise little-known period of its development. A selection of letters and small-scale theological treatises from a group known as the Apostolic Fathers, several of whom were probably disciples of the Apostles, they provide a first-hand account of the early Church and outline a form of early Christianity still drawing on the theology and traditions of its

parent religion, Judaism. Included here are the first Epistle of Bishop Clement of Rome, an impassioned plea for harmony; The Epistle of Polycarp; The Epistle of Barnabas; The Didache; and the Seven Epistles written by Ignatius of Antioch - among them his moving appeal to the Romans that they grant him a martyr's death.

*The First Four Years* Good Press

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

" Borg and Crossan reveal a figure who, besides being neither anti-Semitic, anti-sex, nor misogynist, stresses social and political equality among Christians and between them and others. A refreshing and heartening exculpation of a still routinely maligned figure of the first importance to culture and civilization. " — Booklist (starred review) John Dominic Crossan and Marcus J. Borg—two of the world ' s top-selling Christian scholars and the bestselling authors of *The Last Week* and *The First Christmas*—once again shake up the status quo by arguing that the message of the apostle Paul, considered by many to be the second

most important figure in Christianity, has been domesticated by the church. Borg and Crossan turn the common perception of Paul on its head, revealing him as a radical follower of Jesus whose core message is still relevant today.

The Gospel According to John Zondervan Academic  
Juvencus' *Evangeliorum libri IV*, or "The Four Books of the Gospels," is a verse rendering of the gospel narrative written ca. 330 CE. Consisting of around 3200 hexameter lines, it is the first of the Latin "Biblical epics" to appear in antiquity, and the first classicizing, hexameter poem on a Christian topic to appear in the western tradition. As such, it is an important text in literary and cultural history. This is the first English translation of the entire poem. The lack of a full English translation has kept many scholars and students, particularly those outside of Classics, and many educated general readers from discovering it. With a thorough introduction to aid in the interpretation and appreciation of the text this clear and accessible English translation will enable a clearer understanding of the importance of Juvencus' work to later Latin poetry and to the early Church.

The Acts of the Apostles Canongate Books  
This book argues that Mark's gospel was not written as late as c. 65-75 CE, but dates from sometime between the late 30s and early 40s CE. It challenges the use of the external evidence (such as Irenaeus

and Clement of Alexandria) often used for dating Mark, relying instead on internal evidence from the gospel itself. James Crossley also questions the view that Mark 13 reflects the Jewish war, arguing that there are other plausible historical settings. Crossley argues that Mark's gospel takes for granted that Jesus fully observed biblical law and that Mark could only make such an assumption at a time when Christianity was largely law observant: and this could not have been later than the mid-40s, from which point on certain Jewish and gentile Christians were no longer observing some biblical laws (e.g. food, Sabbath).

The First Four Books of Xenophon's *Anabasis* is the most famous work of the Ancient Greek professional soldier and writer Xenophon. It gives an account of the expedition of the Ten Thousand, an army of Greek mercenaries hired by Cyrus the Younger to help him seize the throne of Persia from his brother, Artaxerxes II, in 401 BC. Excerpt: "Darius and Parysatis had two sons: the elder was named Artaxerxes, and the younger Cyrus. Now, as Darius lay sick and felt that the end of life drew near, he wished both his sons to be with him."

To Christians worldwide, the man Jesus of Nazareth is the centerpiece of history, the object of faith, hope, and worship. Even those who do not follow him admit the vast influence of his life. For anyone interested in knowing more about Jesus, study of the four biblical Gospels is essential. The second edition of Four Portraits, One Jesus has been updated throughout to meet the needs to today's students. Like different artists rendering the same subject using different styles and points of view, the Gospels paint four highly distinctive portraits of the same

remarkable Jesus. With clarity and insight, Mark Strauss illuminates these four books addressing the following important areas: First he addresses the nature, origin, methods for study, and historical, religious, and cultural backgrounds of the Gospels. He then moves on to closer study of each narrative and its contribution to our understanding of Jesus, investigating things such as plot, characters, and theme. Finally, he pulls it all together with a detailed examination of what the Gospels teach about Jesus' ministry, message, death, and resurrection, with excursions into the quest for the historical Jesus and the historical reliability of the Gospels. A collection centered in myth, A Mask for Janus is the 49th volume of the Yale Series of Younger Poets While Merwin's poetry as a whole is grounded in the poetic forms of many eras and societies, this first collection is inspired by classical models. Writing in American Poetry Review, Vernon Young traces the poems to "Biblical tales, Classical myth, love songs from the Age of Chivalry, Renaissance retellings; they comprise carols, roundels, odes, ballads, sestinas, and they contrive golden equivalents of emblematic models: the masque, the Zodiac, the Dance of Death." Of all the books of the Bible, few are as fascinating or as intimidating as Revelation. Four grim horsemen, the Antichrist, the ten-horned beast, the ultimate battle at Armageddon, the "mark of the beast." It's no wonder that these images have gripped the imagination of so many--and have been variously interpreted as symbolizing everything from Hitler and Gorbachev to credit cards and the Internet. Is the book of Revelation a blueprint for the future? A book of powerful symbolic imagery with warnings for the church? Is it essentially an imaginative depiction of historical events in the first century? *Four Views on the Book of Revelation* explores four interpretations of the book of the Apocalypse: Preterist – a historical interpretation, arguing that most of John ' s prophecies occurred in the first century, soon after his writing of them. Idealist – a spiritual or symbolic interpretation, arguing that the events in Revelation are not literal, and that apocalyptic literature requires a different approach than the Gospels or Epistles. Classical dispensationalism – a literal interpretation based on a reading of Revelation that pays close attention to the rules of grammar and the separate eras of covenantal history. Progressive dispensationalism – a modification of classical that has its root in the understanding of Christ's reign beginning immediately after the resurrection. The Counterpoints series presents a comparison and critique of scholarly views

on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own, educated opinion.

In this volume, the author has written a book whose value as pure history is no less than its interest as a study of four essentially ordinary people under extraordinary circumstances. He suggests the differences in the gospels often resulted from their authors employing the same compositional devices used by Plutarch.

Anabasis: with Notes. By W. B. Maccabe Harper Collins

Jesus Christ is arguably the most famous man who ever lived. His image adorns countless churches, icons, and paintings. He is the subject of millions of statues, sculptures, devotional objects and works of art. Everyone can conjure an image of Jesus: usually as a handsome, white man with flowing locks and pristine linen robes. But what did Jesus really look like? Is our popular image of Jesus overly westernized and untrue to historical reality? This question continues to fascinate. Leading Christian Origins scholar Joan E. Taylor surveys the historical evidence, and the prevalent image of Jesus in art and
