No Other Gods David C Cook

This book is about young people and their transitions throughout their first year of high school, deepening our understanding of how it is to be young and enter new institutional settings, and how to understand the developmental dynamics of youth life. It explores the everyday life of six young people as they enter high school and follows them closely as they encounter and try to make sense of the different standards,

values, and demands that are built into the institutional setting of high school. The chapters explore the entanglements of personal motive orientation, interpersonal dynamics, institutional values and demands, as well as societal standards, and how subtle negotiations of who one is and ought to be are interwoven into the fabrics of everyday life. Hence the book explores variations on an institutional level – as different high school environments – along with variations on an interpersonal level, insisting on a person-environment reciprocity in the study of development. Using cultural-historical activity theory and ecological psychology derived from theorists including Bang, Barker & Wright, Gibson, Lewin, Hedegaard, Ilyenkov, Stetsenko, and Vygotsky, Sofie Pedersen argues that developmental dynamics among young people cannot be reduced to individual nor social processes alone but are connected to institutional conditions and to concrete places. By insisting on a wholeness approach to the understanding of youth development, Pedersen reveals the developmental dynamics that unfold in the everyday lives of young people, and sheds new light on youth life dynamics, including the challenges that young people face.

novel, part rags to riches Hollywood myth, I Am Sophie Tucker tells the outrageous story of one of showbiz 's biggest personalities. From 1906 through the beginning of television, Sophie Tucker and her bawdy, brash, and risqué songs paved the way for performers such as West, Monroe, Midler, Cher, Madonna, and Gaga. “ Sophie was like the Forrest Gump of the first half of the 1900s, ” says co-author Susan Ecker. “ She was close friends with seven presidents, King George VI, young Queen Elizabeth, Chaplin, J. Edgar, Capone, Garland, Jerry Lewis, Sinatra and every other notable of her era. ” Tucker tried to get her story published for nine years, without success. Undaunted, Sophie hired half a dozen ghostwriters, but she still had no takers for her no holds barred autobiography. Eventually, Doubleday published a sanitized version in 1945. “ After immersing ourselves in Sophie 's papers and surviving friends, ” says co-author Lloyd Ecker, “ this initial volume is what should have been the actual autobiography of Tucker. ” Though she obsessively documented her life, Sophie loved to exaggerate for dramatic effect. Over the years, she told multiple versions of each important event. At the end, not even Sophie knew the difference between truth and

tall tale. “ This volume is 85% fact, ” Lloyd explains. “ The other 15% ...who knows? ” I Am Sophie Tucker puts back all of the delicious bits nixed by Doubleday 's lawyers and throws in other Tucker show business dirt, intrigue, arrests, romance, murder, gangsters, and scandals. Now you can read it for yourself.

" The Fitting Room Joseph Bailey American classic films noir, beginning with 1941's The Maltese Falcon and ending with 1950's Sunset Boulevard, and the neo-noir films made from the 1970s onward, share certain thematic aspects, stylistic qualities, and cultural contexts. Their concern with politics, their depiction of con artists, and the way their characters are shaped by America's puritanical religious roots show that these films are

examples of a unique American genre, even when the films' directors are German emigres with artistic roots in European Expressionism. The films' psychological depth is revealed stylistically through complex narratives, with select directors generating visual poetry as they deal with sex, violence and betrayal. Some films are based on popular novels inspired by true crime cases. A unique approach to film noir scholarship, this book discusses the genre's thematic aspects, cultural contexts and stylistic qualities. For those films based upon novels, in-depth analysis of the fiction is provided alongside the film version, resulting in a fuller, more thorough understanding of the genre.
