In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

National Book Award Finalist • Here is the unforgettable story of the Binewskis, a circus-geek family whose matriarch and patriarch have bred their own exhibit of human oddities--with the help of amphetamines, arsenic, and radioisotopes. Their offspring include Arturo the Aquaboy, who has flippers for limbs and a megalomaniac ambition worthy of Genghis Khan . . . Iphy and Elly, the lissome Siamese twins . . . albino hunchback Oly, and the outwardly normal Chick, whose mysterious gifts make him the family's most precious—and dangerous—asset. As the Binewskis take their act across the backwaters of the U.S., inspiring fanatical devotion and murderous revulsion; as its members conduct their own Machiavellian version of sibling rivalry, *Geek Love* throws its sulfurous light on our notions of the freakish and the normal, the beautiful and the ugly, the holy and the obscene. Family values will never be the same.

The Five Love Languages Gift Edition Christian Large Print

The word trust is, perhaps, the most important word in leadership, organizational culture, and interpersonal relationships. We go to school to learn to be educators, doctors, mechanics, skilled tradespersons, scientists, and scores of other degreed and non-degreed occupations and skills. It is our hope to be proficient in our fields. Yet, in all those hours of learning, the average employee or leader has probably had little, if any, formal training on how to foster and develop, and/or repair and rebuild trust. That is a dangerous scenario. *TRUST! Using Archetypal Language to Repair Broken Trust* is a book to equip the reader with skills on using intentional language to create trust between leaders and followers, colleagues or anyone we work with on a day-to-day basis, especially after trust has been dented, diminished, or destroyed. If we care about building a culture of trust, we must destroy our old frameworks and create new paradigms. After reading this book, the reader will have specific strategies and structures to employ in their communications, which is the first step toward restoring trust.

Communication is almost always a topic with regard to building and/or restoring trust, but it is often explained in broad terms and redundant platitudes. In this book, we will look at the power of using specific adjectives and/or adverbs in our communication to build and transform trust. The book is a journey to discover word choices based upon the specific word bank we hear in the narratives of those with whom we are looking to foster enjoyable trust. (Hold on, even the words used in this paragraph will determine if you trust the contents of the book to turn the first page.)
