The classic book on systems thinking—with more than half a million copies sold worldwide! "This is a fabulous book... This book opened my mind and reshaped the way I think about investing."—Forbes "Thinking in Systems is required reading for anyone hoping to run a successful company, community, or country. Learning how to think in systems is now part of change-agent literacy. And this is the best book of its kind."—Hunter Lovins In

the years following her role as the lead author of the international bestseller, *Limits to Growth*—the first book to show the consequences of unchecked growth on a finite planet—Donella Meadows remained a pioneer of environmental and social analysis until her untimely death in 2001. *Thinking in Systems* is a concise and crucial book offering insight for problem solving on scales ranging from the personal to the global. Edited by the Sustainability Institute's

Diana Wright, this essential primer brings systems thinking out of the realm of computers and equations and into the tangible world, showing readers how to develop the systems-thinking skills that thought leaders across the globe consider critical for 21st-century life. Some of the biggest problems facing the world—war, hunger, poverty, and environmental degradation—are essentially system failures. They cannot be solved by fixing one piece in isolation from the others,

because even seemingly minor details have enormous power to undermine the best efforts of too-narrow thinking. While readers will learn the conceptual tools and methods of systems thinking, the heart of the book is grander than methodology. Donella Meadows was known as much for nurturing positive outcomes as she was for delving into the science behind global dilemmas. She reminds readers to pay attention to what is important, not just what is quantifiable, to stay humble,

and to stay a learner. In a world growing ever more complicated, crowded, and interdependent, *Thinking in Systems* helps readers avoid confusion and helplessness, the first step toward finding proactive and effective solutions.

Perfect for fans of Jeff Lindsay's Dexter thrillers and the novels of Lisa Gardner and Karin

Slaughter, the Justice series from T. E. Woods combines heart-pounding suspense with moral weight and razor-sharp characters. These intense thrillers revolve around a mysterious woman known only as The Fixer—an elite assassin who kills in the name of justice. Now the first three volumes of this riveting series are available in one addictive eBook bundle: THE FIXER THE RED HOT FIX THE UNFORGIVABLE FIX Never a doubt. Never a

mistake. Always for justice. Never for revenge. She's the person you hire when you need something fixed—permanently. With a strict set of criteria, she evaluates every request and chooses only a few. No more than one job per country, per year. She will only step in if it's clear that justice will not be served any other way. Her jobs are completed with skill and precision, and never result in inquiry or police investigation. The Fixer is invisible—and

deadly. . . . In the office of a clinical psychologist in Olympia, Washington, a beautiful young woman is in terrible emotional pain. She puts up walls, tells lies, and seems to speak in riddles, but the doctor is determined to help her heal, despite the fact that she claims to have hurt many people. As their sessions escalate, the psychologist feels compelled to reach out to the police, but it might be too late. In Seattle, a detective gets a call from

his son. A dedicated journalist, he wants his father's expertise as he looks into a suspicious death. Together they follow the trail of leads toward a stone-cold hired killer—only to find that death has been closer than either could have imagined. Praise for *The Fixer* “Hot and unpredictable, this debut hurls you down the curvy gray avenues of right and wrong at about a hundred and fifty miles per hour. Strap yourself

Born to nomadic parents and humble beginnings, Luke Richmond grew up running wild and free in the Australian outback. After finishing school, he joined

the Australian Army and served his country overseas as a qualified infantry soldier — an experience that sparked in him an unrelenting desire for adventure. But when he leaves the army Luke finds himself broke and adrift in London, caught up in the soulless world of drug and alcohol addiction. When he wakes up in a police cell with no memory of how he got there, he knows he has hit rock bottom, and makes the snap decision to turn his life around. Within days he is in Thailand, training his mind

and body at a Muay Thai boxing camp in the jungles of Phuket. In suffering Luke finds his salvation, and he decides to make the most out of life by seeking adventure in remote corners of the world. Since then Luke has climbed the highest mountains on six continents, set a new world record for ocean rowing across the Atlantic, battled -60 degree temperatures in the Antarctic, witnessed death at high altitude, was held captive in the humid jungles of West Papua and has thrown himself from cliffs

in the adrenalin-fueled world of BASE jumping. More than an awe-inspiring story of endurance and adventure, *One Life One Chance* will ultimately remind you that we only have one shot, so don't waste a second of it. The Building News and Engineering Journal Simon and Schuster
The Fixer returns in the pulse-pounding Justice series—perfect for fans of Lisa Gardner, Karin Slaughter, and Jeff Lindsay's Dexter thrillers—as worlds collide in an inferno of bloodshed, revenge, and holy terror. I'll probably never see my daughter again. And if I do, she'll either

be dead or in a jail cell. Seattle Chief of Detectives Mort Grant cannot reconcile the memories of his vibrant, headstrong young daughter with the cold, deadly woman she has become. The head of one of the largest criminal enterprises in the world, Allie Grant seized power by wrenching it away from her lover, a notorious Russian gangster. How she maintains her control, Mort doesn't even want to imagine. Only two other people know the truth about Allie: the vigilante known as *The Fixer*, and Mort's best friend, Larry, who's undergoing a crisis of his own. Someone close to Larry, his last real connection to his beloved late wife, has been slain in a mass

murder at a sweat lodge deep in the woods of Washington State. When word gets out, Mort immediately takes on the gruesome case. But as Mort hunts down a pair of methodical killers, The Fixer does some deep digging of her own. And what she unearths will rock Mort ' s family forever. Because The Fixer has set her sights on Allie Grant—and nothing will ever be the same again. Don ' t miss any of the gripping Justice thrillers from T. E. Practical ideas to provide affordable housing to more Americans Much ink has been spilled in recent years talking about political divides and inequality in the United States. But these discussions too often miss one of the most important factors in the divisions among Americans: the fundamentally unequal nature of the nation's housing systems. Financially well-off Americans can afford

comfortable, stable homes in desirable communities. Millions of other Americans cannot. And this divide deepens other inequalities. Increasingly, important life outcomes—performance in school, employment, even life expectancy—are determined by where people live and the quality of homes they live in. Unequal housing systems didn't just emerge from natural economic and social forces. Public policies enacted by federal, state, and local governments helped create and reinforce the bad housing outcomes endured by too many people. Taxes, zoning, institutional discrimination, and the location and quality of schools, roads, public transit, and other

public services are among the policies that created inequalities in the nation's housing patterns. Fixer-Upper is the first book assessing how the broad set of local, state, and national housing policies affect people and communities. It does more than describe how yesterday's policies led to today's problems. It proposes practical policy changes than can make stable, decent-quality housing more available and affordable for all Americans in all communities. Fixing systemic problems that arose over decades won't be easy, in large part because millions of middle-class Americans benefit from the current system and feel threatened by potential changes. But Fixer-

Upper suggests ideas for building political coalitions among diverse groups that share common interests in putting better housing within reach for more Americans, building a more equitable and healthy country.

When Harlow Manning's rocker father goes on tour, he sends her to Rosemary Beach, Florida, to live with her half-sister, Nan. The problem: Nan

despises her. Harlow has to keep her head down if she wants to get through the next nine months, which seems easy enough. Until gorgeous Grant Carter walks out of Nan's room in nothing but his boxer briefs. Grant made a huge mistake getting involved with a girl with venom in her veins. He'd known about Nan's reputation, but still he couldn't resist her. Nothing makes him regret the fling more than meeting Harlow, who sends his pulse racing. Yet Harlow wants nothing to do with a guy who could fall for her wicked half-sister—even if there are no strings between Grant and Nan. Grant is desperate to redeem himself in Harlow's eyes, but did he ruin

his chances before he even met her?
