This is why you remain in the best website to look the unbelievable ebook to have.

Book Four of 'The Wheel of Time' Farrar Straus & Giroux Incorporated

Finalist for the Pulitzer Prize (Biography) A New York Times bestseller, this "epic and elegant" biography (Wall Street Journal) profoundly recasts our understanding of the Vietnam War. Praised as a "superb scholarly achievement" (Foreign Policy), *The Road Not Taken* confirms Max Boot's role as a "master chronicler" (Washington Times) of American military affairs. Through dozens of interviews and never-before-seen documents, Boot rescues Edward Lansdale (1908–1987) from historical ignominy to "restore a sense of proportion" to this "political Svengali, or 'Lawrence of Asia'" (The New Yorker). Boot demonstrates how Lansdale, the man said to be the fictional model for Graham Greene's *The Quiet American*, pioneered a "hearts and minds" diplomacy, first in the Philippines and then in Vietnam. Bringing a tragic complexity to Lansdale and a nuanced analysis to his visionary foreign policy, Boot suggests Vietnam could have been different had we only listened. With contemporary reverberations in Iraq, Afghanistan, and Syria, *The Road Not Taken* is a "judicious and absorbing" (New York Times Book Review) biography of lasting historical consequence. Forsaken Dreams Barbour Publishing

Alexander Dolgun compelled himself to reconstruct his long ordeal at the hands of the Soviet Secret Police. As a 22 year old young American, son of one of the American engineers who took jobs in Russia during the depression, He was stopped by Secret Police, and became prisoner of the MGB for 18 months of hell.

The Forsaken An American Tragedy in Stalin's Russia

The definitive Byron experience is all here in this big, bold novel by one of Australia's most powerful new voices.

**We of the Forsaken World...** Del Rey

NATIONAL BESTSELLER In this definitive account of the conflict, acclaimed war correspondent and bestselling author Bing West provides a practical way out of Afghanistan. Drawing on his expertise as both a combat-hardened Marine and a former assistant secretary of defense, West has written a tour de force narrative, rich with vivid characters and gritty combat, which shows the consequences when strategic theory meets tactical reality. Having embedded with dozens of frontline units over the past three years, he takes the reader on a battlefield journey from the mountains in the north to the opium fields in the south. A fighter who understands strategy, West builds the case for changing course. His conclusion is sure to provoke debate: remove most of the troops from Afghanistan, stop spending billions on the dream of a modern democracy, and insist the Afghans fight their own battles. Bing West's book is a page-turner about brave men and cunning enemies that examines our realistic choices as a nation.

Breaking Pride Crown

So many of us desire freedom - the freedom that is promised to us when we decide to follow Jesus. The freedom from the burden of our sin, the need to be "good enough," anger, jealousy, and envy. Even though we are believers we would be ashamed to say that we don't always experience peace, contentment, and joy in our life. We are looking for the grace that God has so graciously given to us to be real in our life... Breaking Pride is an eBook based on one simple truth: In order to walk in God's grace we need to tear down the the walls of pride. A lot of believers, even though saved by God's grace, are still walking in pride rather than walking in His grace. Knowing what pride is and learning to identify pride in your life is the first step to overcoming a life filled with pride. Pride is rooted in fear and leads to anger, jealousy, and envy. Sin isn't keeping us from having a relationship with the Lord, it's our pride. So many of us long to have an authentic and REAL relationship with the Lord, and we long to have the fruit of the spirit filled in our heart. Our desire is to achieve these fruits through will power. But we do not even realize that the pride that lives within our heart is what is blocking the fruit of the spirit from living within us. In Breaking Pride you will learn to identify different areas of pride in your life. Filled with encouragement, Breaking Pride will take you through a practical reading of what pride may look like in your life... Let's stop building walls of pride and start building the foundation of grace within our lives...

The American New Woman Revisited Cambridge University Press

Of all the great movements of population to and from the United States, the least heralded is the migration, in the depths of the Depression of the nineteen-thirties, of thousands of men, women and children to Stalin's Russia. Where capitalism had failed them, Communism promised dignity for the working man, racial equality, and honest labour. What in fact awaited them, however, was the most monstrous betrayal. In a remarkable piece of historical investigation that spans seven decades of political change, Tim Tzouliadis follows these thousands from Pittsburgh and Detroit and Los Angeles, as their numbers dwindle on their epic and terrible journey. Through official records, memoirs, newspaper reports and interviews he searches the most closely guarded archive in modern history to reconstruct their story - one of honesty, vitality and idealism brought up against the brutal machinery of repression. His account exposes the self-serving American diplomats who refused their countrymen sanctuary, it analyses international relations and economic causes but also finds space to retrieve individual acts of kindness and self-sacrifice.

Chasing the Soviet Dream Penguin

A NEW YORK TIMES NOTABLE BOOK ONE OF THE NEW YORKER ' S BEST BOOKS OF THE YEAR Carrying a single suitcase, Kailash arrives in post-

Reagan America from India to attend graduate school. As he begins to settle into American existence, Kailash comes under the indelible influence of a charismatic professor, and also finds his life reshaped by a series of very different women with whom he recklessly falls in and out of love. Looking back on the formative period of his youth, Kailash ' s wry, vivid perception of the world he is in, but never quite of, unfurls in a brilliant melding of anecdote and annotation, picture and text. Building a case for himself, both as a good man in spite of his flaws and as an American in defiance of his place of birth, Kailash weaves a story that is at its core an incandescent investigation of love—despite, beyond, and across dividing lines.

Vale Byron Bay Standard Ebooks

Beginning on Valentine ' s Day, 1981, when twelve-year-old Todd Domboski plunged through the earth in his grandmother ' s backyard in Centralia, Pennsylvania, *The Day the Earth Caved In* is an unprecedented and riveting account of the nation ' s worst mine fire. In astonishing detail, award-winning journalist Joan Quigley, the granddaughter of Centralia miners, ushers readers into the dramatic world of the underground blaze. Drawing on interviews with key participants and exclusive new research, Quigley paints unforgettable portraits of Centralia and its residents, from Tom Larkin, the short-order cook and ex-hippie who rallied the activists, to Helen Womer, the bank teller who galvanized the opposition, denying the fire ' s existence even as toxic fumes invaded her home. Like Jonathan Harr ' s *A Civil Action*, *The Day the Earth Caved In* is a seminal investigation of individual rights, corporate privilege, and governmental indifference to the powerless.

A Novel Hachette UK

An eloquent call to draw on the lessons of the past to address current threats to international order The ancient Greeks hard wired a tragic sensibility into their culture. By looking disaster squarely in the face, by understanding just how badly things could spiral out of control, they sought to create a communal sense of responsibility and courage—to spur citizens and their leaders to take the difficult actions necessary to avert such a fate. Today, after more than seventy years of great power peace and a quarter century of unrivaled global leadership, Americans have lost their sense of tragedy. They have forgotten that the descent into violence and war has been all too common throughout human history. This amnesia has become most pronounced just as Americans and the global order they created are coming under graver threat than at any time in decades. In a forceful argument that brims with historical sensibility and policy insights, two distinguished historians argue that a tragic sensibility is necessary if America and its allies are to address the dangers that menace the international order today. Tragedy may be commonplace, Brands and Edel argue, but it is not inevitable—so long as we regain an appreciation of the world ' s tragic nature before it is too late.

Coming Out of the Ice Acropolis Books Incorporated

THE NEW YORK TIMES BESTSELLER "The seminal book on the child-separation policy." —Rachel Maddow The award-winning NBC News correspondent lays bare the full truth behind the Trump administration ' s systematic separation of families at the US-Mexico border. Los Angeles Times Book Prize Finalist | American Bar Association's Silver Gavel Award Finalist In June 2018, Donald Trump ' s most notorious decision as president had secretly been in effect for months before most Americans became aware of the astonishing inhumanity being perpetrated by their own government. Jacob Soboroff was among the first journalists to expose this reality after seeing firsthand the living conditions of the children in custody. His influential series of reports ignited public scrutiny that contributed to the president reversing his own policy and earned Soboroff the Cronkite Award for Excellence in Political Broadcast Journalism and, with his colleagues, the 2019 Hillman Prize for Broadcast Journalism. But beyond the headlines, the complete, multilayered story lay untold. How, exactly, had such a humanitarian tragedy—now deemed "torture" by physicians—happened on American soil? Most important, what has been the human experience of those separated children and parents? Soboroff has spent the past two years reporting the many strands of this complex narrative, developing sources from within the Trump administration who share critical details for the first time. He also traces the dramatic odyssey of one separated family from Guatemala, where their lives were threatened by narcos, to seek asylum at the U.S. border, where they were separated—the son ending up in Texas, and the father thousands of miles away, in the Mojave desert of central California. And he joins the heroes who emerged to challenge the policy, and who worked on the ground to reunite parents with children. In this essential reckoning, Soboroff weaves together these key voices with his own experience covering this national issue—at the border in Texas, California, and Arizona; with administration officials in Washington, D.C., and inside the disturbing detention facilities. *Separated* lays out compassionately, yet in the starkest of terms, its human toll, and makes clear what is at stake as America struggles to reset its immigration policies post-Trump.

From the Great Depression to the Gulags: Hope and Betrayal in Stalin's Russia Yale University Press

"A comic-philosophical novel, the other side of the same coin as Milan Kundera ' s *The Unbearable Lightness of Being*." —The Wall Street Journal As a boy in an isolated religious community in Pennsylvania, Samuel Johnson sneaks off to watch TV with a neighbor girl—whom he eventually grows up and marries, only to lose her at a young age. When he too dies just a few years later, he inexplicably finds himself in the body of the man who killed him, unable to depart this world but determined, at least, to return to the son he left behind. Moving from body to body as each one expires, Samuel ' s soul journeys on a comic quest through an American half-century, inhabiting lives that are as stymied, in their ways, as his own. A ghost story of the most unexpected sort, Martin Riker ' s extraordinary debut is "a darkly funny contemporary story" (St. Louis Post-Dispatch) about the ways experience is mediated, the unstoppable drive for human connection, and the struggle to be more fully alive in the world. "Like a television rerun, Samuel ' s situation repeats, but the story of his eternal return does end, as all books must, in a manner that is absolutely dazzling." —Los Angeles Times "Unforgettable." —Publishers Weekly (starred review)

A Better War Coffee House Press

Traces a young man's effort to escape the dangers of the streets and his own nature after graduating from Yale, describing his youth in violent 1980s Newark, efforts to navigate two fiercely insular worlds and life-ending drug deals. 75,000 first printing.

Samuel Johnson's *Eternal Return* Macmillan

"African American Religion offers a provocative historical and philosophical treatment of the religious life of African Americans. Glaude argues that the phrase "African American religion" is meaningful only insofar as it singles out the distinctive ways religion has been leveraged by African Americans to respond to different racial regimes in the United States. That bold claim frames how he reads the historical record. Slavery, Jim Crow, and current appeals to color blindness serve as a backdrop for his treatment of conjure, African American Christianity and Islam"--

[African American Religion](#) Iguana Books

The Great Depression and the New Deal. For generations, the collective American consciousness has believed that the former ruined the country and the latter saved it. Endless praise has been heaped upon President Franklin Delano Roosevelt for masterfully reining in the Depression's destructive effects and propping up the country on his New Deal platform. In fact, FDR has achieved mythical status in American history and is considered to be, along with Washington, Jefferson, and Lincoln, one of the greatest presidents of all time. But would the Great Depression have been so catastrophic had the New Deal never been implemented? In *FDR's Folly*, historian Jim Powell argues that it was in fact the New Deal itself, with its shortsighted programs, that deepened the Great Depression, swelled the federal government, and prevented the country from turning around quickly. You'll discover in alarming detail how FDR's federal programs hurt America more than helped it, with effects we still feel today, including:

- How Social Security actually increased unemployment
- How higher taxes undermined good businesses
- How new labor laws threw people out of work
- And much more

This groundbreaking book pulls back the shroud of awe and the cloak of time enveloping FDR to prove convincingly how flawed his economic policies actually were, despite his good intentions and the astounding intellect of his circle of advisers. In today's turbulent domestic and global environment, eerily similar to that of the 1930s, it's more important than ever before to uncover and understand the truth of our history, lest we be doomed to repeat it.

*Tearing Down Walls, Walking in His Grace* Liveright Publishing

Embark on a seafaring adventure in a brand-new series from bestselling author MaryLu Tyndall. After witnessing the death and destruction caused by the Civil War, Colonel Blake Wallace is eager to leave his once precious Southern homeland for the pristine shores of Brazil and the prospect of a new utopian community. Widow Eliza Crawford seeks passage on Wallace's ship harboring a dirty secret—and a blossoming hope for a fresh start. But will dangers of the sea and from man keep them from the peace and love they long for?

Escape to Paradise Series: Book 1 - Forsaken Dreams Book 2 - Elusive Hope Book 3 -

Abandoned Memories - July 2014

Communism HMH

The author, a toolmaker who accepted a one-year contract to work in the Soviet Union in 1930 and lived there, mostly against his will, for the next forty-four years, vividly depicts Soviet life and Soviet events during that period

*Immigrant*, Montana Bloomsbury Publishing

Traces the lesser-known tale of a group of depression-era Americans who emigrated to Stalinist Russia in search of better opportunities, documenting how they and countless other Americans were arrested, incarcerated within labor camps, or executed over the course of a few years. Reprint.

*Forgotten Voices from Guantanamo* Random House Trade Paperbacks

In *Amity and Prosperity*, the prizewinning poet and journalist Eliza Griswold exposes the tattered edges of the social fabric in rural America. In a work rich with narrative suspense, she explores the volatile personalities and politics of a small Allegheny town that has an abundance of natural gas but no municipal water supply. The result is a definitive guide to the fracking debate, and to the larger social and environmental hazards that are upending rural America. Stacey Haney, a lifelong resident of Amity, Pennsylvania, is struggling to support her children when the fracking boom comes to town. Like most of her neighbors, she sees the energy companies' payments as a windfall. Soon trucks are rumbling down her unpaved road and a fenced-off fracking site rises on adjacent land. But her annoyance gives way to concern and then to fear as domestic animals and pets begin dying and mysterious illnesses strike her family--despite the companies' insistence that nothing is wrong. Griswold masterfully chronicles Haney's transformation into an unlikely whistle-blower as she launches her own investigation into corporate wrongdoing. As she takes her case to court, Haney inadvertently reveals the complex rifts in her community and begins to reshape its attitudes toward outsiders, corporations, and the federal government. *Amity and Prosperity* uses her gripping and moving tale to show the true costs of our energy infrastructure and to illuminate the predicament of rural America in the twenty-first century.

*An Unexpected Life* Random House Trade Paperbacks

In a distant corner of the globe, a man journeys to the birthplace of his mother, a tourist town destroyed by an industrial spill. In a nameless remote tribe, the chief's second son is born, creating a scramble for succession as their jungles are being destroyed by loggers. In one of the world's sprawling metropolises, a homeless one-armed woman sets out to take revenge upon the men who trafficked her. And, in a small village of shanty shacks connected only by a mud-and-concrete road, a milkmaid watches the girls she calls friends destroy her reputation. In *we of the forsaken world...* Kiran Bhat tells the stories of four worlds falling apart, through the structure of four linguistic chains, comprised of the accounts of four people witnessing the decline of these worlds, in four acts. Like modern communication networks, these sixteen stories connect along subtle lines, dispersing at the moments where another story is about to take place. They flow together and disconnect. Each story is a parable of its own, into the mind of a distinct human being. These are the tales of not just sixteen strangers, but many different lives, who live on this planet, at every second, everywhere.

*The Unexamined Victories and Final Tragedy of America's Last Years in Vietnam* Penguin Books

It takes a graveyard to raise a child. Nobody Owens, known as Bod, is a normal boy. He would be completely normal if he didn't live in a graveyard, being raised by ghosts, with a guardian who belongs to neither the world of the living nor the dead. There are adventures in the graveyard for a boy—an ancient Indigo Man, a gateway to the abandoned city of ghouls, the strange and terrible Sleer. But if Bod leaves the graveyard, he will be in danger from the
