### BOOK REVIEW: The Foundations of Early Modern Europe, 1460-1559

This book also traces the ideological foundations of those institutions and behaviors, revealing how Company leadership wrestled with typically early modern problems of governance, authority, jurisdiction, and sovereignty. the book thus reframes some of the most fundamental narratives in the history of the British Empire, questioning traditional distinctions between public and private bodies,

“ commercial ” and

“ imperial ” eras in British India, a colonial Atlantic and a “ trading ...

### Book Review: The Foundations of Early Modern Europe by ...

'Foundations of Early Modern

Europe, 1460 - 1559' is the first in a series. For me, it has the right level of detail and is readable (for a history). It provides an overview of the events at the start of the Renaissance.

The Foundations of Early Modern Europe, 1460-1559 - Eugene ... The application of logic, mathematics, and experimentation established the foundation of fully developed science, which “ Only modern western civilization has produced ” . Global exploration introduced tremendous new wealth, shifted Europe ' s center of gravity from the Mediterranean towards the Atlantic, and created new perspectives on the world.

Rice briefly explains the most important distinctions between the feudal era and the early modern era. The feudal era had no state; societal interactions were based on private relationships. Armies were private, taxation was private. These feudal bonds didn't disappear all at once, of course; many lasted into the early modern era. Religion, the Protestant Company-State: Corporate Sovereignty and the Early Modern ...

## HOW THE FOUNDATIONS OF EARLY MODERN SCIENCE WERE LAID IN ...

Although science has a long history with roots in ancient Egypt and Mesopotamia, it is indisputable that modern science emerged in the seventeenth century in Western Europe and nowhere else. The reasons for this momentous occurrence must, therefore, be sought in some unique set of circumstances that differentiate Western society from other contemporary and earlier civilizations.
