The Friday Edition by Betta Ferrendelli is the first book in the Samantha Church mystery series. Featuring a heroine who is decidedly unheroic and almost fatally flawed, it moves along with the speed of an Indy racer and the force of an 18-wheeler to a stunning climax that you won't have anticipated.

The Samantha Church in this sequel was not the same Sam as in 'Friday Edition'. She seemed to have lost the ability to put three coherent thoughts together and was perpetually jumping into the deep end without looking, in both thought and action. The editing was not on par with the previous book and the story line suffered the same affliction.
